Details / With this submission the council shows clearly there lack of understanding of
Comments : the responsibilities the pool managers/lifeguards face. To say Mendooran pool doesn't require the same level of qualification as others and then state the incorrect depths of our pool clearly shows councils complete lack of knowledge. Yes MENDOORAN may not be as deep as other pools but it also has the problem of shallow ends that present there own problems especially to visitors who are unaware. Council it takes one person to drown and the cost will be then to high and I would like to know if these volunteers are made aware that if someone does drown they will be personally legally liable and can be sued. Saving money at the cost of public safety is unacceptable.
