# Appendix 1: Statement of Revenue Policy

## A1.1 Introduction

Under Section 405 of the Local Government Act (1993), Council is required to include as part of its Operational Plan a statement of Council's Revenue Policy for the year covered by the Operational Plan.

The 2020/21 Budget reflects the following:

- Revenue (accrual basis) of \$40.7m;
- Expenditure (accrual basis) of \$38.4m;
- An operating surplus of \$2.4m with inclusion of Capital Grants and Contributions of \$5.04m;
- A Capital Works Program of \$14.1m;

For more information on these estimates, see Part 2 of the Operational Plan and Delivery Program. In arriving at the results for the 2020/21 year the following major items are noted:

- The Minister for Local Government has allowed an increase of 2.6% for the 2020/21 year in the permissible ordinary rate;
- That Council accepts the full 2.6% offered by the Minister;
- Labour costs include a 2.5% award allowance for wage increases (subject to actual award);
- With the exception of some expenses incurred for profit making agencies, Goods and Services Tax payable on supplies have not been included in the budget as Council receives an input tax credit equivalent to the GST paid and is reclaimed.

### Financial Projections

General financial projections for the 2020/21 to 2023/24 years have been incorporated into the Delivery Program which includes an income statement, balance sheet and cash flow statement for the four years. Statements for 2020/21 have also been included in the Operational Plan. The information and assumptions used in all financial projections were the best available at the time of preparation.

## A1.2 Ordinary Rates

Council levies Rates and Charges in accordance with the provisions of the Local Government Act 1993 (hereafter the Act), and Council must make and levy an ordinary rate for each year on all rateable land in its area (s.494 of the Act). Council's current rating structure is determined in accordance with Section 497 of the Act being a rate based on land value, together with a Base Amount.

Per Section 514 of the Act, all rateable land must be categorised as either farmland, residential, business or mining. Council also has the option to create sub-categories within these categories. The following is a brief explanation of these categories. For more detailed information, please refer to Sections 514 to 519 of the NSW Local Government Act, 1993.

Category	Details
Residential	Land is categorised as residential if: <ul style="list-style-type: none"> <li>the main use is for residential accommodation (but not as a hotel, motel, guesthouse, boarding house, lodging house or nursing home)</li> <li>it is vacant land zoned for residential purposes</li> <li>it is rural residential land</li> </ul>
Farmland	Land is categorised as farmland if its main use is for commercial farming e.g. Grazing, animal feedlots, dairying, pig farming, poultry farming, beekeeping, forestry, oyster or fish farming, or growing crops for profit. Rural residential land is not categorised as farmland.
Business	Land is categorised as business if it cannot be categorised as farmland, residential or mining. The main land uses in the business category are commercial and industrial.
Mining	Land is categorised as mining if it is a parcel of rateable land valued as one assessment and its dominant use is for a coal mine or metalliferous mine.

### Rate Pegging

Council is limited in its ability to raise rates above a certain percentage (as specified by the Minister and determined by IPART) per section 506 of the Local Government Act 1993. This limitation on Council's ability to determine its own level of rating revenue is commonly referred to as rate pegging.

On 12 September 2019, IPART announced that the rate peg amount for the 2020/21 financial year will be set at 2.6%. The rate peg is set by IPART each year by measuring changes in the Local Government Cost Index (LGCI), which includes changes in 26 cost components to establish the average costs faced by councils.

The 2.6% rate peg for the 2020/21 financial year is similar to the rate peg in recent years, which is 2.3% and 2.7% in 2018/19 and 2019/20 respectively. Council has determined to apply the full rate peg amount.

**Ordinary Rates to be levied in the 2020/21 financial year**

The property valuations to be used for rating commencing 1 July 2020 have been revalued by the Valuer General. In the table below the base and ad valorem amounts shown have generally been increased by the rate peg amount of 2.6% whilst keeping the net increase for each rate category at around 2.6%.

In accordance with Section 494 of the Act the following Ordinary Rates will be levied by Council for the 2020/21 financial year:

## Pensioner Discount

The Local Government Act (Section 575) provides for a rebate to be granted to eligible pensioners in the amount of 50% of their total rates and domestic waste charges, up to a maximum of \$250. A further discount not exceeding \$87.50 on water access and \$87.50 on sewer access charges is also available to eligible pensioners. A rebate to Council covering 55% of the pensioner discount amount is available in the form of a grant from the Office of Local Government (OLG).

Council has forecast the total discount provided to pensioners for rates, domestic waste, water and sewerage access services, as well as the OLG 55% rebate based on prior year actuals. Details are per the table below:

Type	Pensioner Rebate Amount	DLG Grant (55%)
Rates	\$157,511.00	\$86,631.00
Domestic Waste	\$107,160.00	\$58,938.00
Water Access	\$69,088.00	\$37,998.00
Sewer Access	\$49,643.00	\$27,304.00
<b>Total:</b>	<b>\$383,402.00</b>	<b>\$210,871.00</b>

## Interest on Overdue Rates and Legal Fees

The Office of Local Government issued a Circular 30-19 / 26 May 2020 / A702258 regarding information about ratings 2020-21. The Circular states that pursuant to section 566(3) of the Local Government Act the maximum rate of interest payable on overdue rates and charges for the period 1 July 2020 to 31 December 2020 (inclusive) will be 0.0% per annum and that the maximum rate of interest payable on overdue rates and charges for the period 1 January 2021 to 30 June 2021 (inclusive) will be 7.0% per annum (forecast interest \$140,000 based on 2019/20 actuals).

Council also recoups legal fees associated with its debt recovery efforts from non-paying rate payers. Council has assumed that legal fees associated with rates will be in the order of \$140,000 in the 2020/21 financial year. A similar amount has been booked as a revenue item.

## A1.3 Water Charges

### Introduction

Council manages both water and sewer utilities which provide residents of the shire with water and sewer services. These utilities are run as separate business activities and are run per the principles of competitive neutrality which means they must be run at full cost recovery.

Council is authorised by Section 501 and Section 502 of the Local Government Act (1993) to make an annual charge for the connection to a water supply and for the consumption of water, measured on a volumetric basis, during the course of that financial year.

Council is authorised by Section 552 of the Local Government Act (1993) to make a charge for water supply on:

- Land that is supplied with water from a water pipe of the Council; and
- Land that is situated within 225 metres of a water pipe of the Council, whether the land has a frontage or not to the public road (if any) in which the water pipe is laid, and although the land is not actually supplied with water from any water pipe of the Council.

The Water Supply, Sewerage and Trade Waste Pricing Policy Guidelines (issued by the Department of Land and Water Conservation in December 2002) require that Councils to levy charges for water and sewerage by means of annual charges (for access to the reticulation system) and service charges (for utilisation).

The Best-Practice Management of Water Supply and Sewerage Guidelines 2007 require NSW local water utilities to achieve ongoing full cost recovery for their water supply and sewerage services. This is also a requirement of National Competition Policy and the National Water Initiative. Full cost recovery involves raising sufficient revenue to cover maintenance and administration costs as well as the cost of the depreciation of water supply infrastructure.

The best practice guide also requires smaller local water utilities (less than 4000 connected properties) to raise at least 50% of residential revenue from water usage charges in order to better manage water resources.

Council's suggested water charges must therefore:

- Achieve full cost recovery for Council's water business (including depreciation);
- Move towards raising more than 50% of revenue from usage charges.

## Proposed Charges for the 2020/21 Financial Year

The suggested charges for the 2020/21 financial year are detailed in the table below:

Area	No	Access 2019/20	Access 2020/21	Consumption 2019/20	Consumption 2020/21
Access - Mendooran Base	274	\$542.00	\$569.00	N/A	N/A
Mendooran WTP Additional	274	\$295.00	\$295.00	N/A	N/A
Mendooran Total Charge	274	\$837.00	\$864.00	\$2.78	\$2.91
Access - Other Base	3,063	\$542.00	\$569.00	\$2.78	\$2.91
<b>Total Access:</b>	<b>3,337</b>				

The 2020/21 usage charge represents a 5% increase over the prior year charge, while the access charge has been increased by the same percentage. Council's Water business has decentralised and dated infrastructure coupled with comparatively low income and production capacity. In order to counter this and to improve Water's financial position & Capital work schedule, the water consumption charge has been increased from \$2.78 to \$2.91 per kL.

Council's forecast water access and usage revenue for the 2020/21 financial year is dependent on both the number of users (i.e. number of assessments) as well as the forecast consumption for the year. Council has forecast water consumption of 684,838 kl in the 2020/21 financial year (see consumption forecast below for details).

As can be seen from the graph, water consumption varies significantly from year to year. Factors that would normally affect water consumption include water pricing, weather and whether or not there is any water restriction in place.

Council's forecast for the number of assessments is from the current number of assessments in the water module of Council's Finance system. Details of the forecast water access and usage revenue can be found in the table below:

Area	No of Assessments / consumption	Rate 2020/21	Total Revenue
Access & WTP - Mendooran	274	\$864.00	\$236,736.00
Access - Other	3,063	\$569.00	\$1,742,847.00
<b>Total Access:</b>	<b>3,337</b>		<b>\$1,979,583.00</b>
Consumption	684,838	\$2.91	\$1,992,879.00
<b>Total:</b>			<b>\$3,972,462.00</b>

## A1.4 Sewerage Charges

### Introduction

Council is authorised by Section 501 and Section 502 of the Local Government Act (1993) to make an annual charge for the connection to a sewer and a service charge for the discharge to the sewer. Best Practice Guidelines issued by the State also require that Council distinguish between residential and non-residential properties when establishing sewer charges.

Council's sewerage charges consist of a flat charge for residential properties (with a different rate for connected and not-connected properties), and a variable charge for non-residential properties. The non-residential charge consists of a consumption component which is based on water consumption and an access fee based on meter size. The total of these two charges (for non-residential properties) is then multiplied by a sewerage discharge factor which varies by property.

### Suggested Charges for the 2020/21 Financial Year

The 2020/21 usage charge represents a 2.6% increase over the prior year charge as compared to 15% in 2019/20, while the access charge has been increased by the same percentage. The suggested charges for the 2020/21 financial year are detailed in the table below:

Type	No of charges	2018/19 Access (\$)	2019/20 Access (\$)	Revenue 2019/20
Residential - Connected	2,024	667.00	684.00	\$1,384,416.00
Residential – Non-Connected	116	427.80	438.00	\$50,808.00
<b>Total Residential (Access only):</b>	<b>2,140</b>			<b>\$1,435,224.00</b>
Non-Residential (Minimum)	-	650.90	684.00	-
Sewerage Access – 20mm	274	418.60	429.00	\$117,546.00
Sewerage Access – 25mm	7	653.20	670.00	\$4,690.00
Sewerage Access – 32mm	5	1070.65	1098.00	\$5,490.00
Sewerage Access – 40mm	22	1,672.00	1,715.00	\$37,730.00
Sewerage Access – 50mm	22	2,613.00	2,680.00	\$58,960.00
Sewerage Access – 80mm	4	6,690.00	6,863.00	\$27,452.00
Sewerage Access – 100mm	6	10,454.00	10,725.00	\$64,350.00
Not Connected (Minimum)	67	418.60	438.00	\$29,346.00
<b>Total Non-Residential Access:</b>	<b>407</b>			<b>\$345,564.00</b>
Non-residential Consumption		1.13	1.15	
<b>Total:</b>	<b>2,547</b>	<b>-</b>	<b>-</b>	<b>\$1,780,788.00</b>

All non-residential properties will be levied a charge based on the size of the water meter and the volume of water passing through the water meter. This charge consists of an access and a usage portion both of which are adjusted by a sewerage discharge factor based on property usage.

The access charge is based on the size of the pipe (see table above) and is calculated by adjusting the 20mm charge to the relevant diameter for the pipe size in question through the following formula (rounded down):

$$\text{Access Charge} = \text{Access Charge 20mm} \times \text{Pipe Diameter} / 400$$

The Non-residential charge (both consumption and access) is modified by an assessment of the volume of water discharged to sewer, which is known as the Sewerage Discharge Factor (SDF). The charge is determined in accordance with the following formula:

$$\text{Bill} = \text{Sewerage Discharge Factor} \times (\text{Access Charge} + (\text{Consumption} \times \text{User Charge}))$$

The Sewerage Discharge Factors (SDF) is detailed in the table below:

Type of Non Residential Property	SDF (per kl)
All non-residential use other than specifically identified below	95%
Motel	85%
Hotel (pub)	100%
Caravan Park	50%
Schools	50%
Nursery	20%
Bowling Club	50%
Home Based Business	70%

## A1.5 Waste Charges

The charges levied by Council for domestic waste services are made under the provisions of Section 504 of the Local Government Act (1993). The Act specifies that the Council cannot apply the income from ordinary rates towards the cost of providing domestic waste management services. The charges for domestic waste removal have been calculated so as to provide sufficient income to cover the reasonable cost expectations of providing the service.

Council levies a charge annually for a kerbside garbage service and kerbside recycling service. This charge is separately itemised on the rate notice and is levied on all properties within the defined scavenging area. Commercial properties are levied a separate annual charge for kerbside garbage collection and kerbside recycling services based on the number of services provided. The authority for commercial garbage removal charges are contained in Section 501 of the Local Government Act (1993)

A single weekly service is provided for kerbside garbage collection using 240 litre mobile containers which are available for purchase from Council. Additional weekly services are available on the basis of an additional annual charge.

The suggested charges for the 2020/21 financial year are summarised in the following table:

Description of Waste Service	2019/20 Service Charge	2020/21 Service Charge	No.	Total
<b>Base Charge</b>				
Waste Management Charge on all rateable properties	\$111.00	\$114.00	6076	\$692,664.00
<b>Additional Usage Charge – Domestic</b>				
Domestic Waste Charge Used (incl. rural run)	\$362.00	\$372.00	3043	\$1,131,996.00
Domestic Waste Charge Un-used (incl. rural run)	-	-		
<b>Additional Usage Charge – Non Domestic</b>				
Non-Domestic Waste Service	\$362.00	\$372.00	731	\$271,932.00
Recycling Charge	\$234.00	\$241.00	323	\$77,843.00
<b>Total:</b>				<b>\$2,174,435.00</b>

**Note:**

- As part of the \$114.00 waste management charge all residents of the shire will be granted one free 240 litre MGB disposal and sorted recycling per visit to the waste facilities.
- Non-Domestic Waste Charges are to have GST added to the charges.

## A1.6 Liquid Trade Waste Charges

Council's Liquid Trade Waste Policy was adopted in accordance with State legislation and the NSW Office of Water's *Liquid Trade Waste Regulation Guidelines, April 2009*. Under the Policy businesses identified as discharging liquid trade waste must now gain formal Approval to discharge to Council's sewer, and will also be charged for the discharge of liquid trade waste.

A list of the fees and charges adopted by Council is included below. Further details also available in Council's Liquid Trade Waste Policy.

## A1.7 Storm Water Levy

Council has implemented a stormwater levy to fund stormwater projects that Council is currently unable to fund from General Fund due to funding limitations. This stormwater levy was introduced and is made under Section 496A of the Local Government Act 1993. Land within an urban area rated as either residential or business for rating purposes (except vacant land) will be charged an annual levy for Council to provide a stormwater management service. Within Warrumbungle Shire Council there are a total of 3,858 assessments rated as residential and 356 assessments rated as business.

In accordance with the Local Government (General) Regulation 2005, Section 125AA, the maximum annual charge for stormwater management services levied in respect of a parcel of rateable land is for land categorised as urban residential land at \$25.00 and for businesses up to \$25.00 per 350m<sup>2</sup>.

The stormwater levy helps Council's improve the management of the quality and quantity of stormwater that flows off a parcel of a privately owned land and also includes a service to manage the re-use of stormwater for any purpose.

Council will accrue additional revenue of \$105,350.00 per annum for expenditure for stormwater management (assuming each business and residential assessment is charged a flat \$25.00 per assessment).

Income from this charge could only be spent on the following items, and would need to relate to new or additional stormwater management services:

- Planning, constructions and maintenance of drainage systems, including pipes, channels, retarding basins and waters receiving urban stormwater;
- Planning, construction and maintenance of stormwater treatment measures, including gross pollutant traps and constructed wetlands;
- Planning, construction and maintenance of stormwater harvesting and reuse projects;
- Planning and undertaking of community and industry stormwater pollution education campaigns;
- Inspection of commercial and industrial premises for stormwater pollution prevention;
- Cleaning up of stormwater pollution incidents (charge can fund a proportion);
- Water quality and aquatic ecosystems health monitoring of waterways, to assess the effectiveness of stormwater pollution controls (charge can fund a proportion); and monitoring of flows in drains and creeks, to assess the effectiveness for flow management (flooding) controls (charge can fund a proportion); and
- Non-permanent staff specifically appointed to work on stormwater management projects.

Funding from the charge would not be able to be spent on the following activities which do not relate to the stormwater management from eligible land:

- Parks and garden activities;
- Riparian restoration or management;
- Bush care (unless proposed activity specifically relates to stormwater impacts on bushland);
- Street sweeping;
- Kerb and guttering (unless dealing with flooding from a private land); and
- Permanent staff positions.

This levy will be utilised to fund the following program of activity:

## A1.8 Other Fees and Charges

Council proposes to apply fees and user charges in respect of its regulatory functions and the services it provides.

Section 608(1) of the Act provides that Council may charge and recover an approved fee for any services it provides. Section 608(2) provides that the services for which an approved fee may be charged include the following services provided under the Act or any other Act or the regulations by the Council:

- supplying a service, product or commodity
- giving information
- providing a service in connection with the exercise of the Council's regulatory functions - including receiving an application for approval, granting an approval, making an inspection and issuing a certificate
- allowing admission to any building or enclosure

The actual fees and charges proposed to be applied by Council for 2020/21 are detailed in the Schedule of Fees and Charges included in this Revenue Policy document forming part of the Operational Plan. The document includes the details of each fee, charge or contribution.

### Pricing Policy

Council is committed to providing a variety of goods and services which reflect concern for the individual and the wider community, and which meet the diverse needs of everyone who lives in, works in, or visits the Council area.

Council strives to attain the highest possible standards by making effective and efficient use of all resources, working in a spirit of team work and harmony amongst its Councillors, staff and community.

Council will ensure that charges are raised as equitably as possible, whilst considering those groups and individuals in the community who are unable to meet their own needs.

Council supports the user-pays principle in assessment and levying of fees and charges, whilst recognising the need for supplementing income in particular circumstances.

Council recognises the need to provide services for groups and members of the community that may not be able to afford a commercial rate of services.

Council will ensure that all rates, charges and fees are set so as to provide adequate cash flows to meet operating costs and to assist in the provision of funding capital works. Council will pursue all cost effective opportunities so as to maximise its revenue base and to seek an acceptable commercial rate of return on investments subject to community service obligations.

Council recognises the need to set prices for goods and services so as to provide the most effective level of service possible to our community.

Council recognises the need to set prices for goods and services so as to ensure resources are not wasted and can promote more efficient and effective investment in infrastructure and services.

Council's pricing policy in relation to any particular good or service may be found in the relevant section of this Revenue Policy.

## **Fees**

Council provides a wide range of services to the community and has adopted a number of fees for these services. They have been set on the basis of the following categories:

- Community service
- Economic cost
- Nominal fee
- Regulatory charge
- User pays principle

Council has defined the categories as detailed below:

### **Community Services**

The cost of the service is subsidised to provide for the community benefit.

### **Economic Cost**

The cost of the service provided is estimated and the cost recovery is based upon the anticipated number of users.

### **Nominal Fee**

Council adopts a minimal fee for record purposes only.

### **Regulatory Charge**

Set by Government regulations.

### **User Pays Principle**

Used where a specific individual cost can be isolated and charged to the user of that service.

A copy of the Schedule of Fees adopted by Council is attached. All fees have been calculated based on one or more of the abovementioned categories.

### **GST**

Where GST is applicable, the GST column will have a yes. If the GST column is blank the fee is not subject to GST.

## A1.9 Private Works

Under Division 3 Section 67 Local Government Act 1993

In accordance with Section 67 of the Local Government Act 1993, Council may, by agreement with the owner or occupier of any private land, carry out on the land any kind of work that may lawfully be carried out on the land including the following types of work;

- Paving and road making
- Kerbing and guttering
- Fencing and ditching
- Tree planting and tree maintenance
- Grass planting and maintenance
- Waste collection
- Demolition and excavation
- Land clearing and tree felling
- Water, sewerage and drainage connections

### Private Works Policy

The procedure for undertaking private works and recovering costs are set out in Council's Policy on Private Works. Under this policy private works are categorised into either external private works or internal private works. The procedures for internal private works relate to staff members and they are different to procedures for external private works.

For external private works, Council will send an invoice to clients when payment is not received up front. Payment up front is required for minor works less than \$150 (excl GST) in value.

### Private Works Pricing (Pricing Mechanism)

The determination of an invoice amount for Private Works listed above will be based on the following pricing factors:

1. Labour at direct cost plus oncost and overheads
2. Stores at direct cost plus overhead rate
3. Creditors at direct cost including freight plus overhead rate
4. Plant cost in accordance with 'Private Plant Hire Rates Schedule' and associated conditions below.

Estimates that are prepared to undertake Private Works will use a composite ready-reckoner for the purpose. This will share with the Pricing Mechanism the common element as to the total time involved and the range of equipment employed in the task. Estimates are not to be seen as a fixed price quote but rather as an indication of the full cost when pricing has been completed. The Invoice will be based on the Pricing Mechanism.

**Council will hire out the following items of plant subject to the following conditions:**

- Hire of plant is subject to Council's policy on Private Works;
- Hire of plant is subject to suitability of application and availability;
- Council has absolute discretion in relation to hiring of plant items;
- No Plant item will be hire without a Council Operator;
- The charge out rate will be based on the rates listed in the table (note: rates do not include labour costs for the operator):

## Appendix 2: Donations Policy

### B2.1 Policy Introduction

Warrumbungle Shire Council provides financial assistance or donations to community groups and individuals to encourage their development and growth within the shire.

The expected outcomes of this policy are as follows:

- Identification and support for community groups, organisations and individuals that contribute to the social, economic and / or environmental fabric of Warrumbungle Shire.
- Transparent process of application, assessment and determination of financial assistance.
- That financial assistance provided by Council complies with requirements of Section 356 of the Local Government Act 1993.

Financial assistance is provided across a broad range of activities and is grouped as follows;

- Sporting Clubs and Events
- Charity Groups
- Religious Properties
- Education Support
- Community Service Organisations
- Cultural Groups and Societies
- Youth Groups and Senior Citizens
- Individuals
- Community Hall Committees

### B2.2 Annual Donations

In accordance with Section 356 of the Local Government Act 1993 Council proposed to make a number of Annual Donations in 2020/21 as decided by Council at the June 2020 Council Meeting.

**Note 1:** The types and structure of financial assistance depends upon the type of activity being undertaken and may be one of the following types;

- (1) Donation of one half on the annual General Rate, Water Access Charge and Sewerage Access Charge
- (2) Donation of one half of the annual Water Access Charge and Sewerage Access Charge
- (3) Donation of the full annual Waste Collection Charge and Waste Management Charge
- (4) Monetary grant as provided
- (5) Operator and/or Plant Hire or Hall Hire

Under section 356 of the Local Government Act 1993, Council provides financial support to local community groups and organisations who Council believe contribute to the achievement of the aims and objectives of Councils' Community Strategic Plan.

Annual Donations are provided across six (6) categories:

1. 50% of the annual General Rate, Water Access Charge and Sewerage Access Charge
2. 50% of the annual Water Access Charge and Sewerage Access Charge
3. 100% of the annual Waste Collection Charge and Waste Management Charge
4. Monetary grant
5. Operator and / or Plant Hire
6. Hall and / or Facility and / or Equipment Hire

Council considers Annual Donations each year together with the Draft Operational Plan and Budget for the following year. Council at a meeting held 18 June 2020 considered a report on Annual Donations to be granted for 2020/21 and resolved to fund the following:

<b>Recipients</b>	<b>Max. \$ Amount/ Approximate</b>

Mendooran Turf Club – (4)	\$1,000
<b>Total Donation Amount</b>	<b>\$15,742</b>

## **B2.3 Council owned Properties, Facilities, Plant, Equipment and Halls**

When Council considers donations for the waiver of fees and charges at Council owned halls, the fact of whether a fee is charged for entry to the Hall at the time will be a factor in determining the donation.

The donation will only be considered when a local charity or organisation within the shire financially benefits from the function. Functions specifically excluded are balls, weddings, parties, reunions, organisation presentation nights, conference (reduced fee already exists) and auction sales. Applications for the donation or refund of hall hire fees will be processed as part of the Financial Assistance Grants.

## **B2.4 Council Owned Plant**

When Council plant is used to carry out private work at the request of a local non-profit organisation, a donation equal to the plant hire may be made to the applicant subject to:

- The work is carried out at a time that does not adversely affect Council's work program
- The plant being operated by an approved Council operator
- The operator volunteering his/her services
- An appropriate hire agreement being executed by the applicant
- Appropriate insurance cover being arranged
- That any requests be referred to Council for approval as part of the Financial Assistance Grants.

## **B2.5 Development Applications**

Council will donate the equivalent amount of the development application costs in total only levied on works to be undertaken by community groups on Council-owned facilities with such funds to be provided from the Financial Assistance—Other Budget.

## **B2.6 Financial Assistance Grants**

Financial assistance requested in the form of a monetary grant must be made on Council's application form. There will be a cap of \$500 for Financial Assistance Grants. Where the monetary grant exceeds \$200 in one year the recipient of the financial assistance is required to provide a report to Council in a format prescribed by Council.

## B2.7 Assessment Criteria

Council will use the following general criteria when considering requests for financial assistance;

- Activities which address gaps in service or community development;
- Activities which promote community development in a multicultural context and seek to address issues of access and equity;
- Involvement from volunteers and self help initiatives which build upon Council's contribution;
- Consumer / user participation in management of services / activities
- Innovative and creative approaches to identified needs; and
- Activities which use Council funding to attract further resources

Council will give low priority to the following types of requests for financial assistance;

- Activities / services which do not attempt to become self-supporting where the potential exists through fees or other feasible income – producing activities.
- Activities of a purely social nature, which do not address the needs of disadvantaged groups.
- Activities which are eligible for support from state-wide or regional parent bodies.
- Organisations which have not observed accountability requirements for past council assistance.

Other Financial Assistance	Amount Allocated
Financial Assistance Other	\$20,000

Council will consider applications for financial assistance at the ordinary meeting in each of the following months only;

- February
- August

Prior to these meeting dates Council will make public call for applications for financial assistance. Financial assistance applications must be on a form prescribed by Council.
