# **Part 1: Introduction**

The Quarterly Budget Review Statement (QBRS) presents a summary of Council's financial position at the end of each quarter. It is the mechanism whereby Councillors and the community are informed of progress against the management plan. In December 2010 the NSW Division of Local Government developed a set of minimum requirements for reporting the financial position of Council, to facilitate explanations and major variations and recommend changes to the budget for Council approval. The reports also enable the Responsible Accounting Officer (RAO) to indicate if Council will be in a satisfactory financial position at the end of the financial year.

The minimum requirements for the QBRS are included in the Code of Accounting Practice and Financial Reporting and form part of the legislative framework in accordance with clause 203(3) of the Regulations.

The new reporting format came into effect on 1 July 2011. The QBRS is composed of, but not limited to, the following budget review (BR) components:

- Statement by the Responsible Accounting Officer on Council's financial position at the end of the year based on the information in the QBRS (Part 2 of this report);
- Budget Review Income and Expenses Statement (Parts 3, 5 & 6 of this report) in one of the following formats:
  - ➤ Consolidated
  - > By fund (e.g. General Fund; Water Fund; Sewer Fund)
  - > By function, activity, program etc to align with the management plan / operational plan;
- Budget Review Capital Budget (Parts 7 & 8 of this report);
- Budget Review Cash and Investments Position (Part 10 of this report);
- Budget Review Key Performance Indicators (Part 12 of this report); and,
- Budget Review Contracts and Other Expenses (Part 13 of this report).

The following important financial information has also been provided in addition to the information required as part of the QBRS reporting framework:

- Balance Sheet as at 30 June 2017 (Part 9 of this report);
- Summary of Results that links the function view of Council's activities back to Council's Income Statement and Cashflow Statement (**Part 4 of this report**);
- Summary of Loan Movements and Restricted Assets (Part 11 of this report).

# Part 2: Statement by the Responsible Accounting Officer

The Quarterly Budget Review Statement (QBRS) presents a summary of Council's financial position at the end of each quarter. It is the mechanism whereby Councillors and the community are informed of progress against the Management Plan. In December 2010 the NSW Division of Local Government developed a set of minimum requirements for reporting the financial position of Council, to facilitate explanations and major variations and recommend changes to the budget for Council approval. The reports also enables the Responsible Accounting Officer (RAO) to indicate if Council will be in a satisfactory financial position at the end of the financial year.

It is my opinion that the Quarterly Budget Review Statement for Warrumbungle Shire Council for the quarter ended 30 June 2017 indicates that Council's projected financial position is satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.
