To General Manager, Steve Loane

As a regular user of many of the shires roads through traveling with family and operating our farming business carting grain, farm produce. The last year of drought freight movements along the Mendooran-Tooraweenah (Gentle Annie Rd) have been very busy. There are sections of the M&T road ,Saw pit crossing and back towards Yarragrinn that are very dangerous and an accident waiting to happen. I have also been in our truck when entering sections of the road at low speeds lower then 40 km/hr and nearly collided with incoming traffic due to the narrow road and narrow crests. I have read the budget of the coming year and would like to see some kind of widening of these sections to be in the budget for the coming year. I would propose to you to come and take the time to meet with me at Yarragrinn so I could show this section of road and discuss an action plan for this road.

Regards
Phil Lindeman
Yarragrinn
