“The consolidation of the hours will assist will bring the Dunedoo Transfer Station in line with other transfer stations across the LGA, with similar services and opening days which will assist with staffing of the facility,” Cr Doolan explained.

“The review of hours was prompted by a number of factors, including the sorting of recycling being consolidated to the Materials Recovery Facility (MRF) at Coonabarabran in 2017, and specific tasks no longer undertaken at the Dunedoo Waste Transfer Station,” Cr Doolan explained.

“The Dunedoo Transfer Station now provides a Container Deposit Scheme collection point that is accessed regularly by the community and surrounding areas, which was also considered in reviewing the opening hours,” Cr Doolan concluded.
