It is hoped after that time to be self funded by selling advertising space. The website has already been started and is ready for initial publishing. further content to be ongoing. The website is planned to be multi-pronged, offering information for locals and visitors alike. As more and more people get online (including the govt. initiative to get older Australians online), a one stop website for all that Coolah has to offer will enable those restricted by distance or physical impairment to access information on events, services, businesses and eventually local historical information. Currently this information is difficult to locate with such information scattered throughout the town and local paper. The website will be run by volunteers through CHATS with a number of volunteer contributors. Such a website would also fill the need for Coolah specific tourist information encouraging visitors to stop, stay and spend in our town.</p>

<ul style="list-style-type: none"> • What will the funds be used for? • When will the project be started / completed? • How does this project / activity meet the assessment criteria? 	The club requires gazebos during the season at various times. We have one gazebo at this time which desperately needs replacing. On a carnival day we require <u>8</u> gazebos to shade workers and swimmers. Cement and pool surroundings get extremely hot and can be very uncomfortable. We often need to borrow gazebos. We would gradually like to start purchasing our own good quality gazebo > \$200.
Budget

What will Council funds be used for? To assist with the purchase of auction items and promotion of the annual preschool Trivia Night.

Expected completion date for the project / activity? February 19

How does this project / activity meet Councils assessment criteria? The Dunedoo Preschool & Kindergarten Inc hold an annual fundraising event – The Preschool Auction and Trivia Night. This is the only fundraising that is done for the preschool throughout the whole year in an effort to keep the financial impact on parents minimal. Without this fundraiser the preschool would be in a position where they would need to increase their fees or ask parents to contribute a fundraising payment with each enrolment. This is something that the preschool would greatly like to avoid. Due to the Sir Ivan Fire and the current drought conditions the impact on asking local businesses to contribute items that could be auctioned at this event has been greatly affected. Businesses are unfortunately unable to offer up big money items and therefore this has a flow on affect as to how much money is raised on the night. The Dunedoo Preschool would like to ask Warrumbungle Shire Council for the \$500 to purchase items within the shire that could be used as auction items. The local businesses are all promoted significantly throughout the night so all businesses where items are purchased along with Warrumbungle Shire Council will be positively promoted throughout the auction and during the trivia part of the evening. This would encourage the Dunedoo community to further shop in town and within our wonderful shire.

Budget:

Expected project / activity income and expenditure noting own funds or other contributions and request from Council. Request: \$500

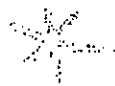

In Kind Contributions:

Describe and value if possible volunteer and inkind contribution to the project / activity. The Dunedoo Preschool would be willing to volunteer their time to travel to purchase these items.

What will Council funds be used for? To provide Christmas celebrations to the Leadville Community.

Expected completion date for the project / activity? December 18

How does this project / activity meet Councils assessment criteria? The Leadville Community Association Inc hold a Christmas Carole evening every Christmas for the Leadville Community and would like to ask Warrumbungle Shire Council to assist with the costs of this event. The Sir Ivan Fire still has so much of an impact on the Leadville community and it would be invaluable to be able to offer something back to the community for all the effort and support that have given out throughout the year.

Budget:

Expected project / activity income and expenditure noting own funds or other contributions and request from Council.

Request: \$500 or any contribution from council would be appreciated.

What will Council funds be used for? To provide water safety and swimming lessons to children in Dunedoo.

Expected completion date for the project / activity? January 19

How does this project / activity meet Councils assessment criteria? Due to an overwhelming response to swimming lessons held earlier in the year the Dunedoo & District Development Group would like to apply for further funding from Warrumbungle Shire Council to continue to provide this valuable service to the Dunedoo Community. Dunedoo has a qualified swimming instructor but the limited funding available makes swimming lessons unaffordable to a wide proportion of the community with parents unable or struggling to travel to surrounding towns to seek swimming lessons. We believe it is important to keep families in our town using the services that are available. Currently swimming lessons isn't one of those services and s a valuable skill for life the Dunedoo & District Development Group would like to provide subsidised swimming and water safety lessons to the children of Dunedoo.

Budget:

Expected project / activity income and expenditure noting own funds or other contributions and request from Council.

Request from council: \$500.

Qualified swimming instructor is \$35/hr therefore a \$500 contribution from WSC would enable 28 children to have a half an hour lesson in a safe on controlled learning environment.

If a small cost to the parent was added to this we would further be able to offer the same lessons for an even greater number of children.

In Kind Contributions:

Describe and value if possible volunteer and inkind contribution to the project / activity:

Promotion and coordination of the lessons would be done in a voluntary capacity by the DDDG.

What will Council funds be used for? Assist with cost of the official judges at the Dunedoo Bush Poetry Festival.

Expected completion date for the project / activity? March 19

How does this project / activity meet Councils assessment criteria? The Dunedoo Bush Poetry Festival is an annual event attracting many visitors to our region over a 4 day period. The Dunedoo Bush Poetry Committee would like to ask for financial assistance to aid with the cost of accommodating the judges over the festival. This would include the judges fee, accommodation, meals and travel all provide by local businesses in our town. Currently the Dunedoo Bush Poetry Festival is run on limited funding due to the loss of their major sponsor two years ago and being unable to find a sponsor to fill this position to help with these costs.

Budget:

Expected project / activity income and expenditure noting own funds or other contributions and request from Council.

Request: \$500

In Kind Contributions:

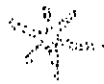

Describe and value if possible volunteer and inkind contribution to the project / activity. The Dunedoo Bush Poetry Committee are willing to meet the costs of accommodation over the donation of \$500.

What will Council funds be used for? Purchase of a microwave for use at the Dunedoo Jubilee Hall

Expected completion date for the project / activity? December 18

How does this project / activity meet Councils assessment criteria? The Dunedoo Jubilee Hall has had a major upgrade of catering facilities but is in need of a microwave to further enable and encourage the use of these facilities. Following discussions with several organisations who have used the kitchen facilities a microwave was at the top of the list as an essential item that needed to be added to the kitchen to further enhance the facility.

Budget:

Expected project / activity income and expenditure noting own funds or other contributions and request from Council.

Request: \$500

Any income from council would be appreciated to aid in the costs of the purchase

In Kind Contributions:

Describe and value if possible volunteer and inkind contribution to the project / activity. The Dunedoo & District Development Group would be willing to volunteer their time to purchase this item, arrange for it to be tagged and delivered to the Jubilee Hall.
