Part 1: Introduction

1.1. A Profile of Warrumbungle Shire

Population:	9,384 (2016 Census)
Area:	12,380 square kilometres
Towns:	Baradine, Binnaway, Coolah, Coonabarabran, Dunedoo, Mendooran
Villages:	Bugaldie, Kenebri, Merrygoen, Neilrex, Leadville, Cobbora, Uarbry, Ulamambri
State Seat:	Barwon
Federal Seat:	Parkes

The Warrumbungle Shire is strategically positioned on the Newell Highway mid-way between Brisbane and Melbourne. A number of highways and main roads traverse the shire providing links with surrounding regional centres.

The landscape ranges from extensive plains to undulating hills, from the high basaltic plateau of the Coolah Tops in the east to the rugged mountainous peaks of extinct volcanoes in the Warrumbungle National Park, west of Coonabarabran.

The geography, flora and fauna of the Shire is where east meets west. The mountainous terrain of the Great Divide and Coolah Tops National Park gives way to rolling hills then the inland plains. The flora and fauna of the wide open plains mix with coastal animal and vegetation progressively across the Shire. A striking example of this is on the eastern boundary of the shire we have the large grey kangaroo and on the western boundary of the shire the large red kangaroo.

The shire is also a meeting place for the nations of our traditional owners and custodians of the land. The northern part of the shire is home to the Gamilaraay people while the southern part of the shire is home to the Wiradjuri people. Also the nations of the Weilwan and Kawambarai (Werriri) come into the Shire on the western border. Their history, traditions and culture are being recognised as an important part of the Shire's history.

The stunning night skies, formed by a combination of low pollution, very low humidity and limited cloud cover have drawn astronomers and researchers to Coonabarabran in their search for what lies beyond the confines of the visual night sky.

Siding Spring Observatory, located 25kms from Coonabarabran is the site of a number of internationally owned and operated optical telescopes where major research has recorded amazing truths of the universe, supporting Coonabarabran’s claim to the name “Astronomy Capital of Australia”.

The towns and villages of the shire comprise Coonabarabran, Baradine, Binnaway, Coolah, Dunedoo and Mendooran; all provide wonderful opportunities to experience real country Australian lifestyles. Each of the communities has their own special claim to fame. Bush Poetry Festivals, rivalry over ownership of the name The Black Stump, a Steamrail Village, The Oldest town on the Castlereagh, The Gateway to the mighty Pilliga or the Astronomy Capital of Australia – each of our villages reflects the personalities of its residents and their lifestyles.

The shire was traditionally built on agricultural pursuits with the early establishment of wool growing and beef cattle production followed by cereal cropping, prime lamb production and today a burgeoning vine growing and horticultural industry.

The communities enjoy the services of quality schools and health services. The shire boasts a broad range of cultural, sporting and recreational activities.

Retailing in each centre provides services to those communities and the provincial centres of Tamworth and Dubbo, located within 2 hours of the centre of the Shire complements local level services.

1.2. Council’s Vision, Mission and Values

Vision - Excellence in Local Government

Mission

We will provide:

- Quality, cost effective services that will enhance our community’s lifestyle, environment, opportunity and prosperity.
- Infrastructure and services which meet the social and economic needs and aspirations of the community now and in the future.
- Effective leadership and good governance, by encouraging teamwork, through a dedicated responsible well trained workforce.

Values

Honesty

Frank and open discussion, taking responsibility for our actions

Integrity

Behaving in accordance with our values

Fairness

Consideration of the facts and a commitment to two way communication

Compassion

Working for the benefit and care of our community and the natural environment

Respect

To ourselves, colleagues, the organisation and the community listening actively and responding truthfully

Transparency

Open and honest interactions with each other and our community

Passion

Achievement of activities with energy, enthusiasm and pride

Trust

Striving to be dependable, reliable and delivering outcomes in a spirit of goodwill

Opportunity

To be an enviable workplace creating pathways for staff development

1.3. Council’s Guiding Principles

Section 8 of the Local Government Act 1993 contains a set of guiding principles these principles are abridged below:

8A Guiding principles for councils

- (1) Exercise of functions generally
- (2) Decision-making
- (3) Community participation.

8B Principles of sound financial management

The following principles of sound financial management apply to councils:

- (a) Council spending should be responsible and sustainable,
- (b) Councils should invest in responsible and sustainable infrastructure,
- (c) Councils should have effective financial and asset management,
- (d) Councils should have regard to achieving intergenerational equity.

8C Integrated planning and reporting principles that apply to councils

The following principles for strategic planning apply to the development of the integrated planning and reporting framework by councils. Councils should:

- (a) identify and prioritise key local community needs and aspirations and consider regional priorities.
- (b) identify strategic goals to meet those needs and aspirations.
- (c) develop activities, and prioritise actions, to work towards the strategic goals.
- (d) ensure that the strategic goals and activities to work towards them may be achieved within council resources.
- (e) regularly review and evaluate progress towards achieving strategic goals.
- (f) maintain an integrated approach to planning, delivering, monitoring and reporting on strategic goals.
- (g) collaborate with others to maximise achievement of strategic goals.
- (h) manage risks to the local community or area or to the council effectively and proactively.
- (i) make appropriate evidence-based adaptations to meet changing needs and circumstances.

1.4. What is an Operational Plan and Delivery Program?

In the 2011/12 Financial Year Council was for the first time required to operate under the DLG's new reporting framework for NSW local government known as the Integrated Planning and Reporting (IP&R) Framework. This new reporting framework replaced the former Management Plan and Social Plan with an integrated framework that includes a Community Strategic Plan, a Delivery Program, an Operational Plan and a Resourcing Strategy (see graphic representation below).

The IP&R Framework recognises that communities do not exist in isolation, and neither should Council's individual plans. The framework encourages councils to draw their various plans together, to understand how they interact and to get the maximum leverage from their efforts by planning holistically for the future.

The IP&R Framework also opens the way for councils and their communities to have important discussions about funding priorities, service levels and preserving local identity and to plan in partnership for a more sustainable future.

Two key documents in the IP&R Framework are the Operational Plan and Delivery Program. An explanation of what a Delivery Program and Operational Plan aim to achieve is provided below:

Delivery Program

The Delivery Program is the document where the community's strategic goals are systematically translated into actions. The Delivery Program details the principal activities to be undertaken by the Council to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy.

The Delivery Program is a statement of commitment to the community from each newly elected council. In preparing the Delivery Program, Council is accounting for its stewardship of the community's long-term goals, outlining what it intends to do towards achieving these goals during its term of office and what its priorities will be. It is designed as the single point of reference for all principal activities undertaken by Council during its term of office and details all projects and deliverables to be achieved over the following four years (2019/20– 2022/23). The Delivery Program also provides detailed service levels that Council is to meet in this four year time frame.

Operational Plan

Supporting the Delivery Program is an annual Operational Plan which details projects and deliverables to be undertaken in the following year to achieve the commitments made in the Delivery Program. The Operational Plan is in effect Council's budget for the following year (2019/20) and also includes Council's Statement of Fees and Charges for the 2019/20 financial year.

Part 2: Council’s Operational Plan & Delivery Program

2.1. 2019/20 Budget and Delivery Program Highlights

Introduction

Council’s *Long Term Financial Plan*, the 2012/13 *TCorp Financial Sustainability of the New South Wales Local Government Sector* and *Fit for the Future Report* have identified many financial challenges faced by Warrumbungle Shire Council and other similar sized rural Councils. The TCorp Report which is an independent review of Council’s finances, deemed Council’s financial sustainability rating to be “weak” and outlook to be “negative”. It is clear from these documents, one developed internally by Council staff, and the other two by an external agency that Council faces many challenges ahead.

Although Council has continued to make considerable progress in addressing its long term financial position, the fact remains that there are external influences outside Council’s control that impact on Council’s financial position. These include:

- The fact that Warrumbungle Shire Council is a sparsely populated rural local government area (LGA) with a large transport infrastructure network and no corresponding economies of scale;
- An ageing but stable population;
- Cost shifting by other levels of government;
- Difficulties recruiting and retaining staff in a competitive market;
- Revenue constraints such as rate pegging; and
- Council’s reliance on grant funding.
- Possible extension to freezing of Federal Assistance Grants (FAGS) by the Commonwealth.

It is under these constraints and considerations that the 2019/20 Operational Plan (budget) and 2019/20 -2022/23 Delivery Programs have both been prepared.

Budget and Delivery Program Highlights

Features of Council's Budget and Delivery Program include:

- An unrestricted cash budget deficit of \$1.85m in the 2019/20 financial year as Council catches up with its Capital plan ;
- A combined unrestricted cash deficit of \$3.7m over the four years of the Delivery Program, and Council's cash at bank will decrease by \$3.9m over the four years;
- An accrual surplus of \$469k in 2019/20 due to the receipt of \$1.15m R2R grant monies as another five years of R2R program commences, \$1.6m extra Regional Roads M&R Capital Grant and expected increases in Rates & annual charges, in User charges & Fees;
- An ambitious capital program over the four years of \$52.5m;

Despite the continuing challenges that Council faces, Council's four year Delivery Program seeks to achieve the following:

- Continued progress on Sewage Treatment Plant upgrade in Coonabarabran, Dunedoo and Coolah (\$9.8m)
- Resealing of approximately 106 km of sealed roads (\$2.66m);
- Re-sheeting of approximately 205 km of unsealed roads (\$3.3m);
- Completion of approximately 47.8km of Reseals, pavement re-construction, pavement widening, shoulder widening, Rest Area and Bridges construction at a cost of \$9.1m on Regional Roads;
- Completion of approximately 16.9km of rehabilitation and new seal at a cost of \$1.7m on local roads;
- Sewer Mains relining and rehabilitation worth \$719k
- Water Mains extension, replacement and rehabilitation worth \$1.3m
- Construction and rehabilitation of Water reservoirs and treatment plants (\$1.05m);
- Operating Plant replacement of \$8.7m;
- Refurbishment of Baradine Halls, Coolah Halls, Dunedoo Stage and Binnaway Halls (\$1.3m);
- Construction and rehabilitation of footpaths within towns across the Shire (\$325k);
- Rehabilitation of existing K&G within towns across the Shire (\$200k);
- Construction and rehabilitation of flood & drainage assets at a cost of \$140k;
- Renewals & Improvements to local ovals, parks and swimming pools (\$1.8m);
- Rehabilitation of Coonabarabran and Baradine Aerodromes (\$410k).

The capital deliverables above are in addition to Council's normal operations which include:

Transport services including the management, and maintenance of over 2,600 km of roads, 128 bridges and bridge sized culverts, an extensive network of culverts and other drainage assets, kerbs and gutters, footpaths, and quarries;

Aged care, child care and youth development services, including Warrumbungle Community Care, Yuluwirri Kids, Castlereagh Family Day Care and Connect Five supported play groups;

The management, and maintenance of a range of buildings and structures from town halls, playgrounds, community facilities, and meeting rooms, to aerodromes all of which provide valuable services to the community;

General rehabilitation of town streets including improving street lights, replacing bins, gardens construction of cycleways and planting of trees;

Promotion of economic development and tourism within the Shire;

Provision of water, sewerage and waste services to the residents of the Shire;

Town planning, regulatory services, town beautification and environmental management;

Emergency services;

Library services;

Road safety programs;

Management of Public Cemeteries;

Provision of ovals, and other sport and recreation facilities including pools and parks;

Health, environmental and emergency bush fire services.

Fit for the Future

The Fit For the Future (FFF) initiative was implemented by the NSW State Government through their Office of Local Government (OLG) to ensure the long term sustainability of all local government councils. The initiative required councils to demonstrate that their operations fulfilled a number of requirements or to demonstrate how they would change operations to meet those requirements. Failure to do so could see the Council enter administration or be amalgamated.

The Warrumbungle Shire Council was deemed FFF in December 2016 with a plan focusing on sustainability through incremental improvements.

With the goal of Council to provide the Warrumbungle community greater benefits in an efficient, effective and sustainable manner, Council sees the FFF process as a perfect opportunity (and sounding board) in moving forward and further improving Council's financial performance and position. Council's strategy to remain FFF is based on a plan of continuing vigilance over external and internal factors such as:

- Operational efficiencies
- Service levels and requirements
- Productivity
- Outsourcing
- Economies of scale
- Review of Fees and Charges

To this end Council has implemented a process whereby "Improvement Action Plan" (IAPs) documents are prepared, reviewed and considered by Council prior to being recommended for implementation. Where appropriate, some of these IAPs have already been incorporated directly into the budget, while others maybe separately identified as further FFF adjustments due to the difficulty in allocating certain savings to the relevant area at this point in time.

Unfortunately, the deterioration in local government funding environment most recently due to lessening Grant Funding (due to higher competition, the growing need for co contribution and reduced availability) which means that Council must now cut harder, faster and seek new revenue to improve its financial performance going forward.

2.2 Income Statement (2019/20 – 2022/23)

	2019/20	2020/21	2021/22	2022/23
	\$'000	\$'000	\$'000	\$'000
Income from Continuing Operations				
Rates & Annual Charges	13,606	13,998	14,402	14,817

2.10 Key Performance Ratios

Council generally measures its financial performance against a suite of KPIs some of which are prescribed by the Department of Local Government (DLG) while others although not prescribed are included by Council as Council believes they are relevant in explaining and measuring Council's financial performance and position. Details of these ratios and Council's historical and forecast performance can be found below. They assume the further fit for the future adjustments are adopted by Council.

Cash and Investments Balance

Description

This ratio shows Council's cash and investments balance.

Comments

As can be seen from the chart to the right, Council's cash and investments balance is forecast to decrease from \$11.084m in 2018/19 to \$7.217m during the Delivery Program period as Council catches up on Capital Projects.

Operating Surplus/(Deficit)

Description

This ratio shows Council's operating surplus or deficit (which includes non-cash items such as depreciation). A negative number indicates a deficit.

Comments

Council is expected to record a combined surplus of \$1.0m over the four years. The 2019/20 financial year is expected to generate a small surplus of \$469k, a decrease from 2018/19 as the result of reduced Capital grant monies. The 2 subsequent years are forecast to generate an accrual surplus of \$1.46m and \$1.15m. The final year however, is forecast to have a deficit of \$2.08m due to decreased Capital Grant. This is based on a very conservative forecast that Council will only receive minimum Capital Grants from 2019/20 onward and make no Operational Savings.

Debt Service Ratio

Description

This ratio assesses the impact of loan principal and interest repayments on the discretionary revenue of council. The OLG considers a ratio of less than 10% as satisfactory.

Comments

Council’s Debt Service Ratio is forecast to stabilise after significant increase in 2014/15. The Delivery Program period shows an overall decrease in the ratio, with the exception of a slight increase in FY 2019/20 as the result of the reduction in Revenue. By 2022/23, it reaches 1.3% which is the lowest in 10 years. Overall, it remains well below the limit advised by Treasury.

Total Borrowings

Description

This ratio shows Council’s total level of borrowings, including loans and finance leases both current and non-current

Comments

As per the debt service ratio above, there was an increase in 2014/15’s total due to Council taking up two LIRS loans under the LIRS scheme which provides subsidised loans to Councils to replace infrastructure assets and the Quarry Loan. Subsequently, the ratio gradually drops from 2015/16 onwards as Council is paying off the loans. Interest on the LIRS loans are subsidised by between 3% and 4% by the State Government meaning Council is effectively paying an interest rate below or roughly per inflation for these loans.

Rates and Annual Charges Coverage Ratio

Description

This ratio assesses the degree of Council's dependence upon revenue from rates and annual charges and the security of Council's income.

Comments

Council, as with most other rural Councils is reliant on grant funding to fund its operations and rates and charges revenue represents only around 30% of Council's total revenue base (average over four years of the Delivery Program). This percentage is expected to slowly increase over the four years of the Delivery Program. This ratio is inversely affected by Grant funding so as Grant funding increases then this ratio worsens albeit that the actual amount may rise.

Unrestricted Current Ratio

Description

This ratio assesses the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of Council. DLG considers a ratio of less than 1.5 as unsatisfactory, and > 2 as good

Comments

Council's unrestricted current ratio is expected to remain stable over the life of the DP, staying well over 1.5.

Building and Infrastructure Renewals Ratio

Description

This ratio assesses the rate at which building and infrastructure assets are being renewed relative to the rate at which they are depreciating. A ratio of less than 100% is unsatisfactory, although the NSW mean has ranged between 56% and 84% over the last 3 years.

Comments

Council's renewals ratio is forecasted to peak at 117% in 2018/19 while it falls to 76% in 2019/20. Council's DP shows consistent Renewals ratios averaging at 72% for the OP/DP. This however, highly subjects to completion and revotes.

Part 3: Delivery Program Outcomes by Activity

Part 3 of the combined Operational Plan and Delivery Program is where Council provides details of each of its activities, what the community can expect from these activities and how much each activity will cost the community over the four years of the Delivery Program. Activities in this section of the combined Operational Plan and Delivery Program are grouped by Directorate and Branch and there is an index on the following page that can be used to locate activities of interest.

Information on each activity is in the same format and consists of four sections:

Section 1: Introduction to the activity

This section briefly details what the activity (by Branch) involves and can be used by residents to gain a high level understanding of what the activity relates to.

Section 2: Costing Summary

This section asks the question how much does this activity cost and how is it funded? A table is provided for each activity showing income, expenditure on normal operational activities, expenditure on capital works (i.e. the building or replacement of assets such as roads and buildings) and the net cost to council of the activity (income less operational and capital expenditure).

The table also shows how the net cost to Council is funded, for example the activity could be fully funded by external income in which case the net cost to Council would be zero. Alternatively Council may be funding a particular activity through borrowings, or restricted assets. If not, then the activity is being funded through general funds such as rates revenue. An example of the costing summary is provided below:

Year	How much does this activity cost?				How is it funded?		
	Income	Operational Expenditure	Capital Expenditure	Net Cost to Council	Loan Receipts or Payments	Restricted Assets	General Fund
Sample Activity							
15/16	(100)	200	-	100	-	(50)	50
16/17	(110)	110	-	-	-	-	-
17/18	(120)	120	-	-	-	-	-
18/19	(130)	30	300	200	(200)	-	-
Total:	(460)	460	300	300	(200)	(50)	50

Section 3: Outcomes

This section summarises the outcomes that the community will get from the money provided for this activity and asks the question what will we achieve with this money? Outcomes are split into three categories:

Ongoing Operations – This category includes items such as administration work, road maintenance, park cleaning etc. that are of an ongoing nature (i.e. happen each year);

Key Projects – This category includes key one off projects (excluding capital works) that a particular activity will deliver such as a review of the waste business;

Capital Projects – This category includes any capital expenditure items such as the construction of roads or buildings.

Each outcome is also linked to a Community Strategic Plan outcome.

Section 4: Service Levels

This section provides service levels/KPIs that can be used by the community to both measure the performance of Council and to understand what level of service the community is getting for their rates money. This section asks the question How will we track our progress?

Each service level is set out across three columns:

Service level – This describes the level of service;

Service level indicator – This describes the measure that can be used to measure the level of service;

Service level – This is the actual service level that will be provided given current budget constraints.

An example of a service level is provided below.

No	Service Level	Service Level Indicator	Service Level
Sample Activity			
1	Un-sealed roads are well maintained through re-sheeting being carried out with sufficient frequency	Time between re-sheeting by road category	Cat 1 = 12 Cat 2 = 15 Cat 3 = 20

When setting service levels Council has ensured that service level benchmarks meet the requirements of **SMARTER** performance measures (i.e. all service level benchmarks are **S**pecific, **M**easurable, **A**chievable, **R**elevant, **T**ime-bound and subject to **E**valuation and **R**eassessment).

Executive Services – Management and Leadership

Directorate: Executive Services Branch: General Manager

Council's General Manager Branch is responsible for the following activities:

Management and Leadership

Council's General Manager branch is responsible for all aspects in relation to management and leadership of the organisation.

The General Manager is responsible for the efficient and effective operation of the organisation and for ensuring the implementation, without undue delay, of decisions of the Council. In particular, to assist Council in connection with the development and implementation of the Community Strategic Plan, Resourcing Strategy, Delivery Program and Operational Plan.

The General Manager is also accountable for the preparation of Council's Annual Report and State of the Environment Report, the day-to-day management of staff in accordance with an organisational structure and resources approved by the Council. The General Manager is delegated to appoint, direct and dismiss staff and implement Council's Equal Employment Opportunity management plan.

Council's Project Manager is also responsible for Council's project management function for major projects, as well as private works.

Governance

Our Councillors represent the make-up and varied interests of their communities of the shire and work effectively together, taking their responsibilities as elected officials seriously. Council provides an appropriate range of services and facilities that are responsive to community needs and Council bases its activities and decision-making on principles of openness, transparency and accountability. Council maintains a visible presence across the shire through decentralised offices, services and depot facilities, which maintains a strong sense of local identity and place.

Warrumbungle Shire Council is recognised for its strong community leadership, sound financial and asset management and for being an ethical, accountable and responsive local government entity. The Mayor and Councillors are recognised leaders both within Council and throughout the local community, and enjoy a positive reputation for that leadership. Council is supportive of mechanisms to facilitate state-local consultation, joint planning, regional sharing of resources, and is focused on strategy, being a well informed, dynamic advocate and leader in the sector.

3	Council's decision making processes is open and enables community input	Business papers are available to the public (via Council's website, libraries and offices) three (3) business days before Council meetings and minutes published within five (5) business days of the meeting	Yes
4	Opportunities are provided in a variety of forums for all stakeholders to contribute to Council's decision making process	Number of advisory and community consultation meetings held annually	20
5	The future direction of Council is effectively managed through the IP&R process with input from the community	Council's decisions are based on social, economic, environmental and community priorities in the Community Strategic Plan	Yes

Executive Services – Human Resources

Directorate: Corp. & Comm. Services

Branch: Human Resources

Council's Human Resources Branch is responsible for the following activities:

Human Resources Management

Human Resources provide a supportive framework to the organisation tasked with the responsibility of ensuring Council's Workforce Management Strategy is implemented and progress reported effectively. Human Resources are responsible for all staff policy development, management and adherence including Equal Employment Opportunity. The unit ensures that Council attracts and retains high quality staff, issues relating to Industrial Relations between management, staff and unions are managed responsibly and within legislative requirements and ensures staff are supported and valued by Council.

Payroll Services

Payroll Services provides timely and accurate payment of wages, forwards contributions to superannuation funds, and provides award interpretation to staff/ management and statistical information to the MANEX team. Payroll facilitates opportunities for staff to access salary sacrifice schemes, retirement planning and personal insurance.

Workplace Health and Safety

The Workplace Health and Safety (WH&S) Officer in consultation with MANEX/Managers/Supervisors and staff, ensures as far as reasonably practicable all WH&S legislative requirements are met by Council. The unit also undertakes the co-ordination and support of all staff on workers compensation leave whilst undertaking rehabilitation to pre-injury duties.

Learning and Development

Learning and Development implements each Directorate's training plans, providing relevant and appropriate education and learning opportunities for all employees. Individual training plans are developed in line with the Annual Performance Appraisal and future organisational objectives. This training aims to ensure a highly skilled and flexible workforce. Council's Trainees are supervised and both internal and external training programs facilitated.

Technical Services – Technical Services Management

Directorate: Technical Services
Branch: Technical Services Management

Council’s Technical Services management section is responsible for the effective management of the Technical Services Directorate, including management of asset design, emergency services, aerodromes, fleet, RMCC contracts, and the maintenance and operations of Council’s road, water and sewer network. Technical Services Directorate is also responsible for the management of parks, gardens, swimming pools and town streets, and the delivery of over 90% of Council’s capital program.

Directors are required to ensure due diligence whilst implementing Council’s Workplace Health and Safety program and policies within the division supporting Managers and supervisors/staff. As a member of the senior executive team, MANEX, it is expected that leadership is provided to change management and there is proactive implementation of organisational development programs and initiatives. Essential to the division is the effective development and maintenance of strategic relationships with stakeholders, including all levels of local government, state and federal agencies, elected representatives and the community.

Technical Services – Design Services

Directorate: Technical Services

Branch: Design Services

The Design Services Branch is responsible for the following activities:

Design Services Management

Council's Design Project Management area is responsible for Engineering Project Management and design works for all assets constructed by Council. Tasks carried out by this area include on-site management, project management, and design and planning of engineering projects.

The Design Project Management area also manages the other activities in the Design Services Branch, including asset management, survey and design, emergency services, and the road safety officer. The Design Project management function is essential to Council in ensuring that design works carried out by Council are per Australian standards, safe, and cost effective.

Emergency Services Management

The Warrumbungle Shire Emergency Services Coordinator in partnership with the Local Emergency Management Committees (LEMC) and the Regional Emergency Management Officer (REMO) is responsible for:

Maintaining the Local Display and all associated contact lists;

Providing assistance to all Emergency Services organisations including VRA,SES,RFS and NSW Fire and Rescue;

Providing funding to SES (Dunedoo), VRA (Coolah, Coonabarabran and Mendooran) and NSW F&R (Coolah, Coonabarabran, and Dunedoo);

Assisting the LEMO in all Emergency Incidents;

Providing GIS Mapping for use by Emergency Service Agencies;

Maintaining the BRIMS database for Hazard Reduction requests and activities.

Survey Investigation and Design

Council's Survey Investigation and Design area is responsible for off site survey, investigation and project design for all Council constructed assets. This includes daily functions such as going to site to conduct field surveys, set-out works, and soil investigation.

Asset Management

The Asset Management area of Design Services, is responsible for all aspects of asset management, including ensuring asset information in the GIS system is up to date and accurate, conducting annual asset condition testing for

all of Council's infrastructure assets, assessing and expanding on asset service levels, annual updating of the Asset Management Plan, ensuring new works are captured in GIS within one month of completion, developing and completing Council's critical assets register and Infrastructure Asset Risk Management policy, and assisting Finance in all asset accounting related queries.

NSW Fire Brigade

The Warrumbungle Shire Emergency Services Coordinator monitors the costs associated with the provision of services by the NSW Fire and Rescue Service, which is partly funded by Council. The NSW Fire and Rescue provide a town fire protection service to Coonabarabran, Coolah and Dunedoo.

Road Safety Officer

The objective of Council's Road Safety Program is to deliver evidence based projects to improve road user safety in local communities and to raise the profile of road safety within the shire. Council's Road Safety Officer (RSO) position is funded 50 per cent by Roads and Maritime Services (RMS) and is a permanent part-time position with Council.

The RSO is responsible for analysing local crash statistics, liaising with stakeholders, as well as the planning, developing, implementing and promoting of relevant road safety projects. Functions include; submitting project proposals for RMS funding through the Local Government Road Safety Projects (LGRSP) database, display of Council's 'speed advisory sign', reporting monthly to RMS and Council on road safety issues, completing projects allocated by Council such as the Pedestrian and Mobility Plan and Council's Safe Driving Policy, maintenance of Council's Road Safety Strategic Plan and quarterly budget reporting and attendance at Council's Traffic Committee meetings.

The RSO provides services directly to the public alone and in support of community programs like the Rotary's Youth Driving Awareness program. The RSO is required to cover all areas of the shire and at any time of the day and any day, including weekends. Services and programs may target all age groups; pedestrians, bicycle riders, learner drivers, young to older drivers, motorcycle riders and truck drivers. Current road safety priorities in the shire are speeding, fatigue, drink-driving, distraction, seatbelts and education of learner driver supervisors.

3	Meet the Road Safety Officer Program Guidelines	Funding objections of RSO funding are met	4 / 12
4	Local road safety issues are actively promoted	Number of road safety press releases in local newspapers per annum	8
5	Road toll is reduced as a result of RSO work	Trend in count in fatalities and injuries compared to previous years	Reduction
Emergency Services Management			
1	Emergency Services support is provided per state best practice via LEMC and LEMO	No-one dies in a fire/flood	99%
2	Effective support is provided to the LEMC and LEMO	Meetings are well attended	80%
3	Mapping is provided as required to the LEMC and EOC in a timely manner	Number of complaints from LEMC and EOC	None
4	Hazard Reduction guidelines suggested by the RFS are actively complied with	RFS or the public with regards to Hazard Reduction	None

Technical Services – Road Operations

Directorate: Technical Services
Branch: Road Operations

The Road Operations Branch is responsible for the following activities:

Road Operations Management

Road Operations Management is responsible for the administration and management of all activities within the Road Operations branch, including all works on Regional Roads, Local Roads, and village streets. The branch is also responsible for Council controlled aerodromes and Council's private works function. The Road Operations branch is the largest branch in Council in terms of number of staff and budget allocation.

Regional Roads Maintenance and Repair

Council's Regional Roads M&R activity involves the undertaking of maintenance and construction works to ensure safety and reliability on the Regional Road network. This includes light and heavy patching, bridge maintenance, line marking, work on corridor assets such as signs, culverts, and drainage as well as Regional Road associated capital projects. Council is currently responsible for the maintenance of 385km of Regional Roads including:

Quirindi -Quambone Road (MR129 – 132km);
Gwabegar Road (MR329 – 36km);
Warrumbungle Way (MR396 – 55km);
Timor Road (MR4053 – 23km);
Black Stump Way (MR55 – 89km);
Cassilis Road (MR618 – 21km); and
Forest Road (MR7519 – 15km).

Regional Roads comprise the secondary road network and provide the main links between the various towns of the shire. Council is the government entity responsible for the maintenance and management of all Regional Roads within Warrumbungle Shire, although Council does receive block grants and REPAIR grants from RMS to fund the maintenance/capital works on these roads.

Local Roads Maintenance and Repair

Council's Local Roads M&R activity involves the undertaking of maintenance and construction works to ensure safety and reliability on the Local Road network. Council is currently responsible for approximately 470km of sealed and 1,670km of unsealed roads on the rural Local Road network. There is also a further 128km (approximately) worth of urban streets which are managed by the Urban Services branch. Local Roads generally feature lower traffic volumes and provide a lower service level than Regional Roads. Council is currently in the process of segmenting Local Roads for asset

management purposes and confirming the completeness of the current road inventory. Activities on sealed sections of the local network are per works on the Regional Road network, while works on unsealed roads include grading, gravel re-sheeting, and the repair and maintenance of culverts, signs and other corridor assets. Works on Local Roads are funded by the local roads portion of the FAGs grants, roads to recovery monies from the Federal Government and funds from Council's general fund. Expenditure on Local Roads represents the single largest source of Council expenditure.

Aerodromes

Council's Aerodromes activity is responsible for the maintenance and operations of Council's three aerodromes, including the Coonabarabran Aerodrome, Coolah Aerodrome and Baradine Aerodrome. The Coonabarabran aerodrome has a sealed runway and is currently used for aeroclub, Royal Flying Doctor Service (RFDS), Emergency Services, mail runs and general public usage, while the Coolah and Baradine aerodromes both have unsealed runways and are used mainly for emergency services and public landings.

Village Streets

Council's Village Streets activity is responsible for maintaining and enhancing village streets within the following villages: Bugaldie, Cobborah, Craboon, Kenebri, Leadville, Merrygoen, Neilrex, Purlewaugh, Uarbry, Ulamambri and Weetaliba. Maintenance items associated with the Village Streets activity include the maintenance of village streets, and costs associated with the provision of street lighting. The maintenance and enhancement of streets in the six (6) towns of the shire falls under the Urban Streets activity in Urban Services.

Private Works

Council's Private Works activity is responsible for the provision of road and other civil construction related private works to residents of the shire as well as businesses such as Cobbora Holdings. Council is in a unique position to provide high quality civil construction works to local residents/businesses, and aims to increase the quantum of such works provided to meet the needs of the community and local businesses.

Technical Services – Road Contracts and Private Works

Directorate: Technical Services
Branch: Road Contracts and Private Works

The Road Contracts Management Branch is responsible for the following activities:

RMCC and Other Road Contracts

Council under contract with the RMS undertakes works on the State Road network on behalf of RMS. The scope of works carried out by Council includes general maintenance work, incident response work, reseals, heavy patching and work orders for construction/major re-construction work on the State Road network. State Roads are the major arterial roads that traverse through the shire, and include the Newell Highway, the Oxley Highway, the Golden Highway, the Castlereagh Highway and Main Road 334. Council is funded for this work by RMS.

Reseals

The Reseals activity involves the resealing of Council controlled Regional and Local Roads. Council also reseals State Roads however this is captured under RMCC contracts above as Council is not responsible for the State Road network. The resealing of Regional Roads is funded from RMS Block Grants, while the resealing of Local Roads (including town streets) is funded by the roads portion of the FAGs grants as well as Council's own source funds.

Technical Services – Fleet Services

Directorate: Technical Services
Branch: Fleet Services

The Fleet Services Branch is responsible for the following activities:

Fleet Services Management

Council's Fleet Services Management area is responsible for the provision of plant and equipment that meets operational requirements of the organisation in accordance with budget constraints, and supports effective WH&S and risk management to ensure safe plant and equipment for all staff and the public. Fleet Services Management is also responsible for maintaining an effective communication system.

Plant and Equipment

The Plant and Equipment activity is responsible for the maintenance and repair of Council fleet equipment including ensuring that plant and equipment downtime is minimised and plant and equipment is safe and reliable to use, ensuring maintenance and repair of equipment is completed in a timely manner and carried out as per manufactures specifications, as well as maintaining an effective communication system for Council's vehicles and offices.

Workshops

The Workshops activity provides modern workshop facilities to enable efficient repair of Council's plant and equipment with little downtime.

2	Maintenance and replacement of Council's plant fleet is achieved within budget	Budget variance	Less than +/- 10%
Plant and Equipment			
1	All maintenance and repairs of plant and equipment are completed in a timely manner	Plant downtime	< 7.5%
2	Plant and equipment is safe and reliable for use	% of items on prestart checklist that are complete	90%
3	Greenhouse gas emissions are reduced	% of reduction in annual greenhouse gas emissions	2.5%
4	Fleet registrations are completed in September	All plant and equipment is registered	Yes
5	All plant and equipment maintenance and repairs are recorded	All maintenance and repairs recorded in Ausfleet	Yes
Workshops			
1	All scheduled maintenance is completed within a timeframe that will both minimise disruption to works and ensure plant and equipment is serviced within intervals specified by manufactures.	Services logs in AusFleet and user feedback % complete	95 %
2	Servicing within 20 hours or 500 kms of manufacturers specifications	% of times where servicing is within specifications	90 %

Technical Services – Urban Services

Directorate: Technical Services

Branch: Urban Services

Council’s Urban Services branch is responsible for the following activities:

Urban Services Management

Urban Services Management is responsible for the administration and management of all activities within the Urban Services Branch. Council also supports a number of local community organisations which provide on a volunteer basis, the upkeep and cleaning of a number of horticultural and public amenities facilities. These include the Binnaway and Baradine Progress Associations.

Horticulture

Horticultural activities within the 6 towns are the responsibility of Urban Services Branch. These activities include maintenance and upkeep of parks and reserves controlled by Council throughout the shire. This includes ensuring that parks and reserves are neat and tidy at all times, and planned maintenance such as cleaning, mowing and other general maintenance is carried out in a timely fashion.

Urban Services is also responsible for keeping trees in a healthy, safe and tidy condition by monitoring health of trees in each town, and carrying out pruning, lopping and removal as required. This activity also includes grass cutting within town streets. Parks under Council’s control include:

Baradine – Lions Park;

Binnaway – Len Guy Park;

Coonabarabran – Neilson Park, Masters Park, Timor Rock Reserve, Nandi Park and David Bell Park;

Coolah – McMaster Park, Black Stump Rest Area, Jorrocks Park, Brownie Park, Swanston Park;

Dunedoo –Milling Park;

Mendooran – Mendooran Park and Mendooran Campsite Ground;

Leadville – Norman Horne Park.

Street Cleaning

Street cleaning activities ensure that all town streets and gutters are kept in a clean and tidy state. This also includes car parks.

Ovals and Other Sporting Facilities

Council provides and maintains safe and attractive sporting grounds and other sport and recreational facilities for all users. The maintenance of these facilities is the responsibility of the Urban Services department. Ovals and sporting facilities under Council control include:

Baradine - Baradine Oval;

Binnaway - Binnaway Oval, Binnaway Tennis Courts and Binnaway Showground;

Coonabarabran – Coonabarabran Ovals, Netball, and Tennis and Basketball Courts;

Coolah – Bowen Oval;

Dunedoo – Robertson Oval;

Mendooran – Mendooran Sports Ground and Tennis Courts;

Merrygoen – Merrygoen Tennis Courts.

Public Amenities

Council maintains and operates public amenities (toilets) within parks, rest areas and other locations across all of the six (6) towns in the shire. Council carries out maintenance adheres to a regular cleaning schedule for all amenities which ensures residents and visitors have access to clean and tidy amenities.

Town Streets

Urban Services is responsible for maintaining and enhancing town streets within the towns of Baradine, Binnaway, Coolah, Coonabarabran, Dunedoo and Mendooran. Activities include maintenance of town street pavements, signage, drainage, footpaths, and also covers costs associated with the provision of street lighting.

This activity also includes all capital works planned and undertaken within the 6 towns. This includes the rehabilitation and extension of footpaths, kerbs and gutters, as well as road pavement rehabilitation, heavy and light patching, and line marking, etc. The maintenance and enhancement of streets in smaller villages falls under the Village Streets activity in Road Operations.

Public Swimming Pools

Council provides public swimming facilities in all six towns within the Shire. The management, operation and maintenance of these six pools are the responsibility of Urban Services. These pools are opened from October to March and provide venues for a wide range of recreational and sporting activities.

Environment and Development Services – Environment & Development Services Management

Directorate: Environment and Development Services

Department: Environment and Development Services Management

Council's Environment and Development Services Management department is responsible for the effective management of the Environment and Development Services Directorate. This includes the management of town planning, building certification, environmental health, compliance and ranger services under Regulatory Services. The management of Council owned and leased properties, crown land, cemeteries and insurance matters under Property and Risk. The management of the Coonabarabran Visitors Information Centre and tourism and economic development also comes under the umbrella of Environment and Development Services.

Directors are required to ensure due diligence whilst implementing Council's Workplace Health and Safety program and policies within the division supporting Managers, Supervisors and Staff. As a member of the senior executive team, Executive Leadership Team, it is expected that leadership is provided to change management and there is proactive implementation of organisational development programs and initiatives.

Noxious Weed

The department is also responsible for noxious weeds. Council meets its obligations to control noxious weeds through its membership of the Castlereagh Macquarie County Council which carries out noxious weeds inspections and eradication works within council's area using its own staff.

Heritage

Council's Environment and Development department is responsible for the management of heritage throughout the Shire including the appointment of the Local Heritage Advisor and the yearly allocations of the Local Heritage Places Fund. Funding is sourced through the Office of Environment and Heritage for Heritage throughout the year.

Environment and Development Services Management			
1	Environment and Development Services Directorate is financially responsible	Recurrent budget variance	Less than +/- 10%
2	Warrumbungle Waste is operated in a cost effective manner	% increase in waste services costs	Less than CPI
3	Capital and key projects are completed on time and within budget	Capital and key projects are completed on time and within budget	Yes
Heritage			
1	Heritage stock effectively managed	Heritage advisor service is maintained	Yes
2	Local Heritage funding is obtained through the OEH funding streams	Funding is applied for and granted for the Heritage Advisor and Local Heritage Places Grants each year	Grant applications successful
Noxious Weeds			
1	Noxious weeds are controlled throughout the Shire	Membership of Castlereagh Macquarie County Council is maintained	Yes

Environment and Development Services – Regulatory Services

Directorate: Environment and Development Services

Branch: Regulatory Services

Council's Regulatory Services is responsible for the following activities.

Building Control

Council's Building Control branch is responsible for the compliance of structures both new and old with the Building Code of Australia. The branch is responsible for ensuring that existing buildings remain safe and structurally sound and that all new construction complies with current building related legislation.

The building control function processes all construction certificates, complying development certificates and occupation certificates for new building works. The branch is also responsible for the issue of building information certificates relating to existing buildings and deals with all building safety issues such as fire safety in existing buildings and all plumbing related matters.

Environmental Health Services

Council's Environmental Health branch is responsible for the protection of the health of both the public and the environment through being proactive in educating the community and forming partnerships with government agencies like the Central West Catchment Management Authority.

The unit is also responsible for ensuring that all food premises throughout the shire are aware of, and comply with the relevant food safety standards of NSW through a regular inspection regime Health premises are inspected to ensure compliance, these include tattoo shops, body piercing and skin penetration premises.

The unit also monitors Council's potable drinking water through weekly testing and Council's public swimming pool water monitoring.

The environmental health function of Council processes all applications for approval under the Public Health Act and the health related issues approved under the Local Government Act including the processing of on-site sewage management system approvals. The branch is also responsible for promoting the health of our environment through programs such as the Central West Council's Salinity and Water Quality Alliance.

Town Planning

Council's Town Planning section is responsible for the control of land use throughout the shire. The section is responsible for the maintenance of effective planning documents that guide land use in the shire to meet the aims of relevant planning legislation and Council's strategic plans.

The town planning functions include processing all development applications, producing accurate 10.7 planning certificates, promoting heritage conservation and monitoring compliance with consents given and relevant legislation.

Compliance Services

Council's compliance branch is responsible for maintaining public safety primarily through the enforcement of companion animal regulations and other impounding functions. Rangers are also responsible for ensuring owners of animals are aware and comply with legislation at all times.

The compliance services branch is responsible for the maintenance of safe conditions in all urban areas through actions taken to control noise, odour and dust caused from the keeping of animals or other activities that may cause nuisance. Overgrown private lands are controlled through the orders processed by compliance services.

How will we track our progress?

No	Service Level	Service Level Indicator	Service Level
Building Control			
1	Structures do not pose a risk to the health and safety of occupants or the public	Inspections carried out from complaints received completed in <24hrs	100%
2	Local trades are well informed of changes to building legislation and codes	Distributed newsletter when new legislation or information is available	Yes
3	Complying Development Certificate applications are processed within legislated timeframes	Average application processing time	10 days
4	Building Information Certificates processed within reasonable	Average application processing time for Certificate for Sale of Property	7 days
5	Complying Development Certificate applications and Building Certificates are processed effectively	% audit of 6 files annually demonstrating legislative and procedural compliance	90%
6	Processes and procedures are current and meet best practice in field	Maximum time between review of procedures and processes	6 months
Environmental Health Services			
1	Comply with the MOU between Council and the Food Safety Authority	% of inspections conducted annually of Category 1 and 2 businesses	100%
2	Implement actions from the Central West Councils Salinity and Water Quality Alliance 5 year strategic plan	% of actions funded and completed	60%
3	Approvals for OSSMS processed within reasonable timeframes	Average approvals processing time – once all information is received from applicant	7 days
4	Approvals are processed accurately	% audit of 10 files annually demonstrating legislative and procedural compliance	80%
5	Processes and procedures are current and meet best practice in field	Maximum time between review of procedures and processes	6 months
6	OSSMS do not pose a risk to public health or the environment	Inspections carried out from complaints received within 3 days	100%

No	Service Level	Service Level Indicator	Service Level
Town Planning			
1	Council Planning instruments are relevant and effective	Frequency of review of planning instruments	Annual
2	Development applications processed in a timely manner	Average application processing time exclusive of stop the clock times	40 days
3	Development applications processed accurately	% audit of 20 files annually demonstrating legislative and procedural compliance	100%
4	Planning certificates processed in a timely manner	Average 10.7 planning certificate application processing time	7 days
5	Planning certificates processed accurately	% audit of 20 files annually demonstrating legislative and procedural compliance	90%
6	Processes and procedures are current and meet best practice in field	Maximum time between review of procedures and processes	6 months
7	Council has a single DCP to guide development across the shire	A single DCP that is relevant and compliant with the LEP and current practice advice from DP&I is available.	Yes
8	Subdivision Certificates processed in a timely manner	Average time taken to release subdivision plan once all information and conditions met	15 days
Compliance Services			
1	The keeping of companion animals is regulated through micro chipping	Number of public micro chipping days per year in each town	2
2	Roadways are kept largely free of straying stock through regular stock patrols (per agreed program) and timely responses to complaints	Response time from when complaint is received	< 2 hours
3	The negative effects caused from the keeping of animals in urban areas is minimised	Response time from when complaint is received	< 48 hours
4	Private land within urban areas does not pose a safety issue from overgrown vegetation	Frequency of inspection of all urban areas (including instigating actions to keep land vegetation from harbouring vermin)	Monthly
5	Alcohol free zones maintained in towns	Frequency of inspection of alcohol free zone signs	6 monthly
7	Sampling is carried out in partnership with NSW Health to ensure public water supplies meet drinking water guidelines	Frequency of sampling of town water supplies	Weekly

Environment and Development Services – Property and Risk

Directorate: Environment and Development Services
Branch: Property and Risk

Council's Property and Risk Branch is responsible for the following activities:

Property and Risk

Council's Property and Risk section is responsible for the administration and maintenance of all property that Council owns or has in its care. It is also responsible for risk management mitigation for Council.

Property management includes maintenance, fire compliance, cleaning, security and insurance for all structures under Council's control. These include halls, staff housing in Coolah and Coonabarabran, medical facilities, depots, Council administration offices and any other "bricks and mortar". In addition, Council is responsible for an extensive portfolio of crown lands and grazing leases and is trustee of a number of reserves.

The Property and Risk branch provides services to both the public, and the various branches of Council, and ensures that Council is compliant with all property related legislative requirements. This section is also responsible for Risk Management plans that are developed and implemented for Council to ensure liability is minimised..

Cemetery Services

Council's Cemetery Services are responsible for the maintenance, internment and strategic planning for the ten (10) operational cemeteries in the shire. There are four (4) closed cemeteries within the shire that no longer have internments they are an integral part of the local history and as such need to be conserved appropriately. Cemeteries are Crown Land dedications devolved to council under Crown Lands legislation. Council must also comply with relevant legislation in relation to internment.

Medical Facilities

It is imperative that Council facilitate appropriate accommodation and work premises as an incentive to encourage medical professionals to move to the area. This ensures residents of Warrumbungle Shire have access to Doctors and other medical service providers.

Medical Facilities services are responsible for providing appropriate commercial and domestic facilities to members of the medical fraternity. Services include property management of both houses and commercial premises in Baradine, Coonabarabran, Mendooran, Coolah and Dunedoo.

Public Halls

Council maintains and is responsible for over 10 public halls. These halls are managed and maintained to service the needs of the community. Some halls are managed by local committees under Council's guidance whilst others are fully administered by Council.

As halls in the shire are of a varied age, style and use, management plans and maintenance are important. Maintenance and operational programs take into account the legislative requirements relevant to the individual building, should it be Crown Trust, School of Arts or free hold land.

Environment and Development Services – Tourism and Economic Development

Directorate: Environment and Development Services

Branch: Tourism and Economic Development

Council’s Tourism and Development Branch is responsible for the following activities:

Tourism and Economic Development

Tourism and Economic Development is responsible for growth and the maintenance of a healthy tourism industry and the growth of the commercial sectors within Warrumbungle Shire.

To do this, Tourism and Economic Development maintains a Level 1 Accredited Visitor Information Centre (VIC) and service in Coonabarabran which involves the efficient daily operation of the VIC, maintenance of the building and grounds, and provision of information on Warrumbungle Shire for visitors and those intending to visit the shire. The VIC building also hosts the Australian Museum Megafauna and Diprotodon Exhibition, a retail outlet, the LALC, Keeping Place and exhibition space and within the grounds, there are well presented amenities, a large carpark, picnic area and BBQ and the Driver Reviver that operates in high traffic volume times from the specially renovated facility.

The VIC is the public face of tourism for the shire and as such, is the introduction to the shire for more than 35,000 utilising visitor services each year.

The VIC is operated by trained staff supported by a team of volunteers with a commitment to sharing local knowledge. It also provides a support visitor information service to outlying local communities such as the Pandora Gallery at Coolah, Baradine Rural Transaction Centre, Pilliga Discovery Centre and to industry operators in general.

Tourism and Economic Promotion

The promotional arm for tourism and economic development in Warrumbungle Shire operates with three (3) fulltime staff and a job shared weekend information service. The representative Advisory Committee (The EDT) meets quarterly to recommend a budget and make recommendations to Council that are reflective of the Operational Plan and Community Strategic Plan. The unit is responsible for the publication of the official Warrumbungle Region Visitor Guide and implementation of a strategic Promotional Plan, Economic Promotion includes liaison with government agencies and peers. The unit operates from the Warrumbungle Shire Council Administration centre.

Corp. & Comm. – Corp. & Comm. Services Management

Directorate: Corp. & Comm. Services Branch: C & C Services Management

The Director Corporate & Community Services is responsible for managing and providing leadership to a broad and diverse range of Council services, ensuring the efficient and effective operation of all Divisional operations. Essential to the division is the effective development and maintenance of strategic relationships with stakeholders, including all levels of local government, state and federal agencies, elected representatives and the community.

Directors are required to ensure due diligence whilst implementing Council's Workplace Health and Safety program and policies within the division supporting Managers and supervisors/staff. As a member of the senior executive team, MANEX, it is expected that leadership is provided to change management and there is proactive implementation of organisational development programs and initiatives.

Council requires Corporate Services to develop and implement strategies to address relevant issues and drive asset management; responsive community service delivery; the use of technology; and communications and marketing of services within local government regulations and legislation in the broad political, social, economic and organisational context.

Corp. & Comm. Services – Admin. & Customer Services

Directorate: Corp. & Comm. Services
Branch: Administration & Customer Services

Council's Administration and Customer Services Branch is responsible for the following activities:

Administration and Customer Services

Administration and Customer Services is responsible for the provision of support to departmental staff within Council. It is also responsible for ensuring that the organisation meets statutory reporting requirements and the delivery of efficient and effective customer services to both Council and the community.

These services include the provision of:

- Customer and enquiry services including prompt and accurate cashiering services, and receipt of payments for rates, debtors and Development Applications.
- Secretarial support, incorporating minute taking, preparation of correspondence and draft reports;
- Document control including scanning, registration and allocation of all correspondence to responsible staff.
- Administration of the Coonabarabran Services NSW Outlet

Corp. & Comm. Services – Bushfire & Emergency Services

Directorate: Corp. & Comm. Services
Branch: Bushfire and Emergency Services

Fire is part of the Australian landscape. Bushfire management in NSW is a cooperative effort of the whole community. The NSW Rural Fire Service is the lead agency in combating bushfires and enabling the community to be better prepared and protected from bushfires. Although fighting fires and protecting the community from emergencies is the most visible aspect of the RFS role, the Service has many responsibilities as the leading agency for bushfire management and mitigation in NSW.

The Rural Fire Service (RFS) agreement for Castlereagh Zone commenced 1 January 2013 and stipulates those functions exercised by each party, being the Councils (Warrumbungle and Gilgandra) and the NSW Commissioner. The RFS budget is prepared each year via an annual 'Bid' approved by the Minister responsible. Funding for the RFS and provision of Emergency Services, comes from three sources, with the bulk of funding (73.7%) provided by a tax on insurance companies and the remainder of the funds provided by Local Government (11.7%) and the NSW State Government (14.6%). This model of funding is currently under review.

Council's responsibilities under the RFS agreement include:

- The provision of financial and information services such as purchasing, accounts receivable, and accounts payable and petty cash services to RFS, and the provision of access to Council data including access to Council's finance system and data in relation to land owners;
- Provision of maintenance and registration services for vehicles, and cleaning and grounds maintenance and security services for RFS buildings;
- Provision of technical advice on environmental issues;
- Provision of admin support during major incidents, and access to Council office equipment;
- Provision of Council plant and equipment during major incidents;
- Provision of Council stores and fuel supply for Schedule 4 plant and equipment.

Corp. & Comm. Services - Finance

Directorate: Corp. & Comm. Services
Branch: Finance

Council's Finance section is responsible for the management of all financial aspects of Council's business. This includes daily functions such as accounts payable, accounts receivable, rating, cash management, investment management, and GST and FBT tax compliance. In addition, there are a number of major projects such as the preparation of Council's Budget, Financial Statements, Quarterly Budget Review Statements and other Integrated Planning and Reporting requirements.

Finance is a support function, and although it does not directly provide services to the public, an effective and well-functioning Finance function is essential in ensuring that the provision of services by Council is cost effective, efficient, and financially sustainable in the long term. Finance is also responsible for aspects of financial governance and is the principal contact for both internal and external audit. Finance also provides administration for the Coolah Services NSW outlet and financial oversight for both outlets.

8	Debt is managed effectively in the funding of Council's business, with consideration of intergenerational equity	Debt services ratio	<5%

Corp. & Comm. Services – Communications & IT

Directorate: Corp. & Comm. Services
Branch: Communications & IT

Council’s IT division aims to provide an Information Technology service that supports staff needs as part of the IT Strategic Plan. This includes telephone, software, hardware and internet services. Services are provided in collaboration with a third party IT Service Provider, who monitors Council’s IT network including backup and security, implements IT upgrades and provides help desk support services.

GIS services are provided by the Communications & IT branch. GIS (Geospatial Information Systems) includes data capture, mapping and analysis of map data for all Council activities. To support asset management, emergency services, technical services and planning staff, a GIS strategy is being developed to assist Council’s activities and service levels.

The Communication division is responsible for developing and implementing Council’s media and communication strategy, providing information to residents of the Shire, acting as a conduit for feedback and input from the community, and ensuring information on Council’s services is easily accessible to the public. Supported by the development of a Communications Strategy, this is further buoyed by improving communication skills of staff. In particular internal communications processes within the organisation.

Corp. & Comm. Services – Supply Services

Directorate: Corp. & Comm. Services
Branch: Supply Services

Council’s Supply Section is responsible for providing cost effective and efficient stores and procurement function to internal stakeholders from its three stores. This includes ordering and distribution of materials to crews and other areas within Council. Supply Services is also responsible for ensuring that supplies are purchased within Council’s procurement policy and delegation.

Supply Services is a support function, and although it does not directly provide services to the public, it is critical to Council’s business and is essential that it is managed effectively which includes carrying out regular fuel and stores stocktakes to minimise variances.

Corp. & Comm. Services – Children & Community Services

Directorate: Corp. & Comm. Services

Branch: Children and Community Services

Children's and Community Services is responsible for helping to achieve the objective in the Community Strategic Plan related to the Community and Culture Section. The objective, in relation to Community and Culture is, the communities of our Shire are safe, harmonious and supportive, bound by vibrant social and cultural interaction and a strong local identity. Strategies to achieve this objective which Children's and Community Services contribute to are:

- Provide appropriate services to ensure that young people and families have access to appropriate support services such as childcare;
- Identify and resolve constraints in service provision and create partnerships that address those gaps across all demographic and special needs groups in the Shire;
- Work with local communities to develop and expand local arts and cultural activities, programs and events;
- Create support mechanisms to build community resilience and self-reliance;
- Work regionally and across all levels of Government to identify and address the long term needs of smaller rural communities;
- Develop partnerships with Government and non-Government agencies to effectively address local social and economic disadvantage; and
- Work with local Indigenous communities to acknowledge the traditional owners of the land and raise community awareness of, and involvement in, local Indigenous culture.

Warrumbungle Community Care

Warrumbungle Community Care provides community services such as Community Transport, Meals on Wheels, Home Maintenance Services, Social Support Services and Respite Services. Our services are provided to:

- Older people who require assistance to live independently at home, and their carers.
- Younger people with a disability who require assistance to live independently at home, and their carers.
- People who cannot access services without transport assistance.

Warrumbungle Community Care clients come from all walks of life and include:

- People of Aboriginal and Torres Strait descent
- People from culturally diverse backgrounds
- People who are rurally isolated
- People with chronic illness
- People who are financially disadvantaged

Warrumbungle Community Care is funded by the Australian Government Department of Social Services, the NSW Government Department of Ageing, Disability and Home Care and Transport for NSW.

Community Development

Council's Community Development Program provides assistance to communities across the Shire, including financial assistance to local level community organisations for the appointment of a part-time Development Coordinator. The Development Coordinators liaise with their individual communities to determine local needs and identify community based projects. Development Coordinators then provide support and access to grant funding to fund these projects.

Libraries

Council maintains a network of six (6) libraries across the Shire with library facilities in each town of the Shire. Library services are provided through Council's partnership with the Macquarie Regional Library.

Library services have grown to provide more than just books to borrow with modern libraries becoming a vital community asset where all ages can research information, access the internet and participate in social interaction. Close links have been forged with the schools and communities in each town to help promote the library services.

Yuluwirri Kids

Yuluwirri Kids is a 57 place Preschool and Long Day Care Centre that opened on 2 February, 2009. The Centre is licensed by NSW Education and Communities for a maximum of 57 children a day.

The Centre operates three (3) classrooms: Panda Room for 0-2 year olds. This room can accommodate up to 11 long day care students a day. Possum Room for 2-4 year olds. This room can accommodate up to 13 long day care students and 7 preschool students a day. Giraffe Room for 3 - 5 year olds the year before children commence school. This room can accommodate up to six (6) long day care students and 20 preschool students each day.

A fourth Mobile Preschool classroom operates two days a week on Tuesday's and Thursday's at Council's Robertson Street Campus in Coonabarabran. This Mobile Preschool was established in February 2010, in conjunction with Connect Five Children's Services, to support Waiting Lists for three (3) to five (5) year olds who want to attend Preschool.

Over the course of the year this means that Yuluwirri Kids offers 14,350 places per annum. This equates to 325 places a week, 49 weeks a year of Long Day Care and 40 weeks a year of Preschool.

Connect Five

Connect Five Children's Services is externally funded by the NSW Department of Education and Communities. Connect Five Children's Services provides play sessions to families with children not yet attending school in nine (9) communities across three (3) Shires – Warrumbungle, Coonamble and Gilgandra.

Castlereagh Family Day Care

Castlereagh Family Day Care provides education and care to over 91 families and 122 children and is the only Family Day Care service located within the three Shires it services, being Warrumbungle Shire (covering the towns of Coonabarabran, Coolah, Baradine, Binnaway, Mendooran and Dunedoo), Coonamble Shire (Coonamble and Gulargambone) and Gilgandra Shire. Castlereagh Family Day Care is an established service and has been operating for 23 years.

Warrumbungle Shire Council is the Coordination Unit for the Family Day Care Scheme across the three (3) Shires. The Coordination Unit's role is to ensure Educators provide a quality home based Childcare Service which is flexible in meeting the ever changing needs of the families. This is achieved by providing support for Educators to complete individualised programming which provides children with an environment that is inclusive, stimulating, safe, flexible, nurturing and encourages children to further develop their skills and knowledge. The service is funded by the Australian Government Department of Education as well as charges from parents and Educators. Castlereagh Family Day Care is also an In-Home Child Care Service Provider for NSW In-Home Care Childcare Services (NSWIHCS). This is an educative In-Home Care brokerage model funded by the Australia Government and sponsored by the NSW Family Day Care Association Incorporated.

Youth Development Program

The Youth Development Program is responsible for actively engaging and empowering the youth of our Shire through a variety of programs and initiatives, and through the ongoing support of agencies, organisations and community groups. A major event each year is National Youth Week which provides the opportunity to celebrate young people's contribution to our Shire.

Key organisations the Youth Development Program engages with include: Coonabarabran Youth Club Committee, Coolah Youth and Community Club Committee, NSW Police, local schools and libraries, and other Youth Service providers, including Mackillop Rural Community Services – Reconnect, Centacare, Barnados and Samaritans.

The Youth Development Program is funded by the NSW Government through Family and Community Services, Community Services.

OOSH

Coonabarabran After School and Vacation Care, also known as Coonabarabran Out of School Hours Care (OOSH), provides after school care for primary aged children in Coonabarabran.

Coonabarabran After School and Vacation Care provides a program of fun and interesting activities for children during the hours of 3:30pm – 5:30pm, during school terms.

The service is funded by the Australian Department of Education, via the Child Care Benefit (CCB), and daily charges paid by parents and carers.

Warrumbungle Water

Directorate: Business Arm of Council

Branch: Warrumbungle Water

The core function of Warrumbungle Water is the provision of water supply to connected properties in each town within the Shire. The provision of water services must be economically and environmental sustainable and must meet quality expectations of the community. To reinforce community expectations, the NSW Government requires Warrumbungle Water to demonstrate, on an annual basis, compliance with Best Practice management guidelines. Furthermore, the NSW Government makes reporting of water quality results mandatory through NSW Health.

How will we track our progress?

No	Service Level	Service Level Indicator	Service Level
1	Quality potable water is supplied to connected properties	Water quality meets criteria established by Australian Drinking Water Guidelines.	Yes
2	Water supply to connected properties is continuous and there is no disruption due to broken water mains	Number of breaks per year	< 30
3	Supply of water to connected properties is at lowest possible recurrent cost	Variance over/under budget	< +/- 10%
4	Water charging for connected properties is accurate	Number of incorrect meter readings	< 20
5	Best practice water and sewer recommendations are completed	Recommendations actioned/completed	Yes
6	Capital projects are completed within their budgeted time line	% of capital projects completed to schedule	85%
7	Capital program is completed within budget	Total variance over/under budget	10%
8	Potable water is safe for drinking	Number of boil alerts	None
9	The water business operates as a fully self funding business	Yearly financial outcome against budget	Surplus

Warrumbungle Sewer

Directorate: Business Arm of Council

Branch: Warrumbungle Sewer

The core function of Warrumbungle Sewer is the collection and treatment of sewage effluent from connected properties in Baradine, Coolah, Coonabarabran and Dunedoo. The provision of sewer services must be

economically sustainable and must meet licence requirements set by NSW Environment Protection Authority for discharge of effluent to the environment. To reinforce community expectations, the NSW Government requires Warrumbungle Sewer to demonstrate, on an annual basis, compliance with Best Practice management guidelines..

Warrumbungle Waste

Directorate: Business Arm of Council
Branch: Warrumbungle Waste

Warrumbungle Waste provides waste services throughout the Warrumbungle Shire as a business arm of Council. The waste services are provided to residential and non-residential customers for both general waste and recycling. Council operates all pick-up services for both general waste and recycling pickups throughout the Shire with Council labour.

The waste and recycling pickup service operates in all towns and most villages in the Shire as well as on ten dedicated rural runs.

In addition to the pickup services Warrumbungle Waste operates a landfill located at Coonabarabran. This location also includes a Material Handling Facility for the sorting of recyclables.. Council also currently maintains and operates six Waste Transfer Stations at Baradine, Binnaway, Mendooran, Coolah, Ulamambri and Dunedoo.

Warrumbungle Waste is a core function of Council and provides an essential service to the community and needs to be funded exclusively from general rating income as a stand alone fund.

APPENDICES

Appendix 1: Statement of Revenue Policy 2019/20

A1.1 Introduction

Under Section 405 of the Local Government Act (1993), Council is required to include as part of its Operational Plan a statement of Council's Revenue Policy for the year covered by the Operational Plan.

The 2019/20 Budget reflects the following:

- Revenue (accrual basis) of \$45.5m;
- Expenditure (accrual basis) of \$45.03m;
- An Operating result of \$469k;
- A Capital Works Program of \$13.45m;
- A Consolidated Result (Excluding Depreciation and after inclusion of Capital Expenditure, loans and program transfers to and from Reserves – Restricted Assets) of \$1.85m Deficit.

For more information on these estimates, see Part 2 of the Operational Plan and Delivery Program. In arriving at the results for the 2019/20 year the following major items are noted:

- The Minister for Local Government has allowed an increase of 2.7% for the 2019/20 year in the permissible ordinary rate;
- That Council accepts the full 2.7% offered by the Minister;
- Labour costs include a 2.5% award allowance for wage increases (effective July 2019);
- With the exception of some expenses incurred for profit making agencies, Goods and Services Tax payable on supplies have not been included in the budget as Council receives an input tax credit equivalent to the GST paid and is reclaimed.

Financial Projections

General financial projections for the 2019/20 to 2022/23 years have been incorporated into the Delivery Program which includes an income statement, balance sheet and cash flow statement for the four years. Statements for 2019/20 have also been included in the Operational Plan. The information and assumptions used in all financial projections were the best available at the time of preparation.

A1.2 Ordinary Rates

Council levies Rates and Charges in accordance with the provisions of the Local Government Act 1993 (hereafter the Act), and Council must make and levy an ordinary rate for each year on all rateable land in its area (s.494 of the Act). Council's current rating structure is determined in accordance with Section 497 of the Act being a rate based on land value, together with a Base Amount.

Per Section 514 of the Act, all rateable land must be categorised as either farmland, residential, business or mining. Council also has the option to create sub-categories within these categories. The following is a brief explanation of these categories. For more detailed information, please refer to Sections 514 to 519 of the NSW Local Government Act, 1993.

Category	Details
Residential	Land is categorised as residential if: <ul style="list-style-type: none"> the main use is for residential accommodation (but not as a hotel, motel, guesthouse, boarding house, lodging house or nursing home) it is vacant land zoned for residential purposes it is rural residential land
Farmland	Land is categorised as farmland if its main use is for commercial farming e.g. Grazing, animal feedlots, dairying, pig farming, poultry farming, beekeeping, forestry, oyster or fish farming, or growing crops for profit. Rural residential land is not categorised as farmland.
Business	Land is categorised as business if it cannot be categorised as farmland, residential or mining. The main land uses in the business category are commercial and industrial.
Mining	Land is categorised as mining if it is a parcel of rateable land valued as one assessment and its dominant use is for a coal mine or metalliferous mine.

Rate Pegging

Council is limited in its ability to raise rates above a certain percentage (as specified by the Minister and determined by IPART) per section 506 of the Local Government Act 1993. This limitation on Council's ability to determine its own level of rating revenue is commonly referred to as rate pegging.

On 11 September 2018, IPART announced that the rate peg amount for the 2019/20 financial year will be set at 2.7%. The rate peg is determined by IPART using a Local Government Cost Index and a productivity factor.

The 2.7% rate peg for the 2019/20 financial year is higher than it has been in the last 5 years primarily as the consequence of increases in labour costs (2.4%), energy costs (14.4%) and higher construction costs (2.4%) according to the ABS price index. Council has determined to apply the full rate peg amount.

Ordinary Rates to be levied in the 2019/20 financial year

In accordance with Section 494 of the Act the following Ordinary Rates will be levied by Council for the 2019/20 financial year:

Description	No Prop	Ad Valorem	Base Rate	Sum of Valuation	Sum of Value	Base Rate %
Residential						
Baradine Residential	330	\$0.02616	\$191	\$3,393,290	\$151,795	42%

- Village 2 includes: Merrygoen, Uarbry and Leadville

Pensioner Discount

The Local Government Act (Section 575) provides for a rebate to be granted to eligible pensioners in the amount of 50% of their total rates and domestic waste charges, up to a maximum of \$250. A further discount not exceeding \$87.50 on water access and \$87.50 on sewer access charges is also available to eligible pensioners. A rebate to Council covering 55% of the pensioner discount amount is available in the form of a grant from the DLG.

Council has forecast the total discount provided to pensioners for rates, domestic waste, water and sewerage access services, as well as the DLG 55% rebate based on prior year actuals. Details are per the table below:

Type	Pensioner Rebate Amount	DLG Grant (55%)
Rates	161,583	\$88,870
Domestic Waste	123,596	\$67,978
Water Access	79,669	\$43,818
Sewer Access	57,699	\$31,735
Total:	\$422,547	\$232,401

Interest on Overdue Rates and Legal Fees

The Minister for Local Government has announced a maximum rate of interest to be charged on overdue rates of 7.5%. In accordance with Section 566(3) of the Local Government Act, it is proposed that Council will charge the maximum interest rate allowed (forecast interest \$40k based on PY actuals).

Council also recoups legal fees associated with its debt recovery efforts from non-paying rate payers. Council has assumed that legal fees associated with rates will be \$183k in the 2019/20 financial year. A similar amount has been booked as a revenue item.

A1.3 Water Charges

Introduction

Council manages both water and sewer utilities which provide residents of the shire with water and sewer services. These utilities are run as separate business activities and are run per the principles of competitive neutrality which means they must be run at full cost recovery.

Council is authorised by Section 501 and Section 502 of the Local Government Act (1993) to make an annual charge for the connection to a water supply and for the consumption of water, measured on a volumetric basis, during the course of that financial year.

Council is authorised by Section 552 of the Local Government Act (1993) to make a charge for water supply on:

- Land that is supplied with water from a water pipe of the Council; and
- Land that is situated within 225 metres of a water pipe of the Council, whether the land has a frontage or not to the public road (if any) in which the water pipe is laid, and although the land is not actually supplied with water from any water pipe of the Council.

The Water Supply, Sewerage and Trade Waste Pricing Policy Guidelines (issued by the Department of Land and Water Conservation in December 2002) require that Councils to levy charges for water and sewerage by means of annual charges (for access to the reticulation system) and service charges (for utilisation).

The Best-Practice Management of Water Supply and Sewerage Guidelines 2007 require NSW local water utilities to achieve ongoing full cost recovery for their water supply and sewerage services. This is also a requirement of National Competition Policy and the National Water Initiative. Full cost recovery involves raising sufficient revenue to cover maintenance and administration costs as well as the cost of the depreciation of water supply infrastructure.

The best practice guide also requires smaller local water utilities (less than 4000 connected properties) to raise at least 50% of residential revenue from water usage charges in order to better manage water resources.

Council's suggested water charges must therefore:

- Achieve full cost recovery for Council's water business (including depreciation);
- Move towards raising more than 50% of revenue from usage charges.

Proposed Charges for the 2019/20 Financial Year

The suggested charges for the 2019/20 financial year are detailed in the table below:

Area	No	Access 2018/19	Access 2019/20	Consumption 2018/19	Consumption 2019/20
Access - Mendooran Base	271	\$459	\$542	N/A	N/A
Mendooran WTP Additional	271	\$295	\$295	N/A	N/A
Mendooran Total Charge	271	\$754	\$837	\$2.36	\$2.78
Access - Other Base	3,065	\$459	\$542	\$2.36	\$2.78
Total Access:	3,336				

The 2019/20 usage charge represents a roughly 18% increase over the prior year charge, while the access charge has been increased by the same percentage (except for Mendooran). Council's Water business has decentralised & dated infrastructure coupled with comparatively low income and production capacity. In order to counter this and to improve Water's financial position & Capital work schedule, Water consumption charge has been increased from \$2.36 to \$2.78 per kL.

Council's forecast water access and usage revenue for the 2019/20 financial year is dependent on both the number of users (i.e. number of assessments) as well as the forecast consumption for the year. Council has forecast water consumption of 679,337 kl in the 2019/20 financial year (see consumption forecast below for details).

As can be seen from the graph, water consumption varies significantly from year to year. Factors that would normally affect water consumption include water pricing, weather and whether or not there is any water restriction in place. However, from the information above it appears that water consumption in the Shire is relatively price inelastic (in the short term) - the 11% increase in water prices between 2011/12 and 2012/13 actually resulted in a 26% increase in water consumption. This inverse relationship between rainfall and consumption can be seen over the last 7 years.

Council’s forecast for the number of assessments is from the current number of assessments in the water module of Council’s Finance system. Details of the forecast water access and usage revenue can be found in the table below:

Area	No of Assessments / consumption	Rate 2019/20	Total Revenue
Access & WTP - Mendooran	271	\$837	\$226,827
Access - Other	3,065	\$542	\$1,661,230
Total Access:	3,336		\$1,888,057
Consumption	679,337	\$2.78	\$1,888,557
Total:			\$3,776,614

Comparative Pricing

Council has compared water pricing with the state average (per the 2015/16 NSW Water Supply and Sewerage Performance Monitoring Report published by DPI) in order to gauge whether current pricing is adequate and competitive with neighbouring water utilities.

It should be noted that in 2016/17, NSW’s residential water consumption charges ranged from \$0.42/kL to \$3.72/kl with 20% of Local Water Utilities charging in excess of \$2.85. Previously Council’s access and consumption charges have been well below the State median.

The 2019/20 proposed increase will bring Council’s consumption charge to be \$0.48/Kl (21%) higher than the 2016/17 state-wide weighted median of \$2.30 per kl which can be annualised to only 8% pa after adjusting for CPI factor. Whilst Council’s consumption charge has put it above the state-wide weighted median it is worth considering that Warrumbungle operates a number of small water treatment plants and as such does not have the efficiencies of scale of more populous shires or those with concentrated populations. Further this increase is required to support provision of water services and security.

A1.4 Sewerage Charges

Introduction

Council is authorised by Section 501 and Section 502 of the Local Government Act (1993) to make an annual charge for the connection to a sewer and a service charge for the discharge to the sewer. Best Practice Guidelines issued by the State also require that Council distinguish between residential and non-residential properties when establishing sewer charges.

Council's sewerage charges consist of a flat charge for residential properties (with a different rate for connected and not-connected properties), and a variable charge for non-residential properties. The non-residential charge consists of a consumption component which is based on water consumption and an access fee based on meter size. The total of these two charges (for non-residential properties) is then multiplied by a sewerage discharge factor which varies by property.

Suggested Charges for the 2019/20 Financial Year

The suggested charges for the 2019/20 financial year are detailed in the table below:

Type	No of charges	2018/19 Access	2019/20 Access	Revenue 2019/20
Residential - Connected	2,056	580	667	\$1,371,352
Residential – Non-Connected	114	372	427.8	\$48,769
Total Residential (Access only):	2,170			\$1,420,121
Non-Residential (Minimum)	-	566	650.9	-
Sewerage Access – 20mm	270	364	418.6	\$113,022
Sewerage Access – 25mm	9	568	653.2	\$5,879
Sewerage Access – 32mm	5	931	1070.65	\$5,353
Sewerage Access – 40mm	23	1,454	1,672	\$38,458
Sewerage Access – 50mm	23	2,272	2,613	\$60,094
Sewerage Access – 80mm	4	5,817	6,690	\$26,758
Sewerage Access – 100mm	6	9,090	10,454	\$62,721
Not Connected (Minimum)	65	364	418.6	\$27,209
Total Non-Residential Access:	405			\$339,495
Non-residential Consumption		\$0.98	\$1.13	
Total:	2,575	-	-	1,759,616

All non-residential properties will be levied a charge based on the size of the water meter and the volume of water passing through the water meter. This charge consists of an access and a usage portion both of which are adjusted by a sewerage discharge factor based on property usage.

The access charge is based on the size of the pipe (see table above) and is calculated by adjusting the 20mm charge to the relevant diameter for the pipe size in question through the following formula (rounded down):

$$\text{Access Charge} = \text{Access Charge 20mm} \times \text{Pipe Diameter} / 400$$

The Non-residential charge (both consumption and access) is modified by an assessment of the volume of water discharged to sewer, which is known as the Sewerage Discharge Factor (SDF). The charge is determined in accordance with the following formula:

$$\text{Bill} = \text{Sewerage Discharge Factor} \times (\text{Access Charge} + (\text{Consumption} \times \text{User Charge}))$$

The Sewerage Discharge Factors (SDF) is detailed in the table below:

Type of Non Residential Property	SDF (per kl)
All non-residential use other than specifically identified below	95%
Motel	85%
Hotel (pub)	100%
Caravan Park	50%
Schools	50%
Nursery	20%
Bowling Club	50%
Home Based Business	70%

A1.5 Waste Charges

The charges levied by Council for domestic waste services are made under the provisions of Section 504 of the Local Government Act (1993). The Act specifies that the Council cannot apply the income from ordinary rates towards the cost of providing domestic waste management services. The charges for domestic waste removal have been calculated so as to provide sufficient income to cover the reasonable cost expectations of providing the service.

Council levies a charge annually for a kerbside garbage service and kerbside recycling service. This charge is separately itemised on the rate notice and is levied on all properties within the defined scavenging area. Commercial properties are levied a separate annual charge for kerbside garbage collection and kerbside recycling services based on the number of services provided. The authority for commercial garbage removal charges are contained in Section 501 of the Local Government Act (1993)

A single weekly service is provided for kerbside garbage collection using 240 litre mobile containers which are available for purchase from Council. Additional weekly services are available on the basis of an additional annual charge.

As of the 2013/14 financial year, Council implemented a new method to finance its waste management functions with the adoption of the following charging structure:

1. All rateable properties within Warrumbungle Shire Council area will be levied a waste management charge of \$100 per assessment regardless of whether a service is provided or not to reflect the costs incurred in providing transfer station, landfill and recycling services other than domestic waste management collection services. Note that all residents of the shire will be granted one free 240 litre MGB disposal and sorted recycling per visit.
2. All non-domestic waste services (i.e. businesses etc. will be levied an additional charge of \$325 for the first service and \$210 for contribution to recycling collection services on top of the \$100 waste management levy.
3. All occupied properties having available a domestic waste collection service within an urban area where the service is provided shall be levied an additional charge of \$325 per service for each assessment which will include provision of one weekly collection service for both recycling and general waste. Additional services are available at the same rate per annual service.
4. Properties on the previous rural runs shall be given the opportunity to opt in or out of the provision of domestic waste services at the same rate as the urban ratepayers subject to no service being provided if the area proves not economical to operate.

The suggested charges for the 2019/20 financial year are summarised in the following table:

Description of Waste Service	2018/19 Service Charge	2019/20 Service Charge	No.	Total
Base Charge				
Waste Management Charge on all rateable properties	106	\$111	6,076	\$674,436
Additional Usage Charge – Domestic				
Domestic Waste Charge Used (incl. rural run)	345	\$362	3,043	\$1,101,566
Domestic Waste Charge Un-used (incl. rural run)	-	-	-	-
Additional Usage Charge – Non Domestic				
Non-Domestic Waste Service	345	\$362	731	\$264,622
Recycling Charge	223	\$234	323	\$75,582
Total:			10,173	2,116,206

Note: As part of the \$111 waste management charge all residents of the shire will be granted one free 240 litre MGB disposal and sorted recycling per visit to the waste facilities.

A1.6 Liquid Trade Waste Charges

Council's Liquid Trade Waste Policy was adopted in accordance with State legislation and the NSW Office of Water's *Liquid Trade Waste Regulation Guidelines, April 2009*. Under the Policy businesses identified as discharging liquid trade waste must now gain formal Approval to discharge to Council's sewer, and will also be charged for the discharge of liquid trade waste.

A list of the fees and charges adopted by Council is included below.

Description	Actual 2018/19 GST Inclusive	Actual 2019/20 GST Inclusive	Changes
Application for Approval to Discharge Trade Waste to Sewer			
Concurrence Classification A & B	157.08	161	2.50%

<p>Section 627 (3) – having obtained the council’s approval to the carrying out of an activity specified in item 4 of Part C (Management of waste) of the Table to section 68, carry out the activity otherwise than in accordance with the terms of that approval.</p>	344.76	354	2.68%

A1.7 Storm Water Levy

Council has implemented a stormwater levy to fund stormwater projects that Council is currently unable to fund from General Fund due to funding limitations. This stormwater levy was introduced and is made under Section 496A of the Local Government Act 1993. Land within an urban area rated as either residential or business for rating purposes (except vacant land) will be charged an annual levy for Council to provide a stormwater management service. Within Warrumbungle Shire Council there are a total of 3,828 assessments rated as residential and 379 assessments rated as business.

In accordance with the Local Government (General) Regulation 2005, Section 125AA, the maximum annual charge for stormwater management services levied in respect of a parcel of rateable land is for land categorised as urban residential land at \$25 and for businesses up to \$25 per 350m².

The stormwater levy helps Council's improve the management of the quality and quantity of stormwater that flows off a parcel of a privately owned land and also includes a service to manage the re-use of stormwater for any purpose.

Council will accrue additional revenue of \$105,175 per annum for expenditure for stormwater management (assuming each business and residential assessment is charged a flat \$25 per assessment).

Income from this charge could only be spent on the following items, and would need to relate to new or additional stormwater management services:

- Planning, constructions and maintenance of drainage systems, including pipes, channels, retarding basins and waters receiving urban stormwater;
- Planning, construction and maintenance of stormwater treatment measures, including gross pollutant traps and constructed wetlands;
- Planning, construction and maintenance of stormwater harvesting and reuse projects;
- Planning and undertaking of community and industry stormwater pollution education campaigns;
- Inspection of commercial and industrial premises for stormwater pollution prevention;
- Cleaning up of stormwater pollution incidents (charge can fund a proportion);
- Water quality and aquatic ecosystems health monitoring of waterways, to assess the effectiveness of stormwater pollution controls (charge can fund a proportion); and monitoring of flows in drains and creeks, to assess the effectiveness for flow management (flooding) controls (charge can fund a proportion); and
- Non-permanent staff specifically appointed to work on stormwater management projects.

Funding from the charge would not be able to be spent on the following activities which do not relate to the stormwater management from eligible land:

- Parks and garden activities;
- Riparian restoration or management;
- Bush care (unless proposed activity specifically relates to stormwater impacts on bushland);
- Street sweeping;
- Kerb and guttering (unless dealing with flooding from a private land); and
- Permanent staff positions.

This levy will be utilised to fund the following program of activity:

Drainage Project - Description	2019/20	2020/21	2021/22	2022/23
Baradine	-	-	-	-
Flood Levee Construction	-	-	-	-

Stormwater Levy Projects (All towns)	-	-	-	106,000
Total	100,000	66,000	90,000	106,000

Note- Renshaw Street drainage project may now be funded by Developer Contributions.

A1.8 Other Fees and Charges

Council proposes to apply fees and user charges in respect of its regulatory functions and the services it provides.

Section 608(1) of the Act provides that Council may charge and recover an approved fee for any services it provides. Section 608(2) provides that the services for which an approved fee may be charged include the following services provided under the Act or any other Act or the regulations by the Council:

- supplying a service, product or commodity
- giving information
- providing a service in connection with the exercise of the Council's regulatory functions - including receiving an application for approval, granting an approval, making an inspection and issuing a certificate
- allowing admission to any building or enclosure

The actual fees and charges proposed to be applied by Council for 2019/20 are detailed in the Schedule of Fees and Charges included in this Revenue Policy document forming part of the Operational Plan. The document includes the details of each fee, charge or contribution.

Pricing Policy

Council is committed to providing a variety of goods and services which reflect concern for the individual and the wider community, and which meet the diverse needs of everyone who lives in, works in, or visits the Council area.

Council strives to attain the highest possible standards by making effective and efficient use of all resources, working in a spirit of team work and harmony amongst its Councillors, staff and community.

Council will ensure that charges are raised as equitably as possible, whilst considering those groups and individuals in the community who are unable to meet their own needs.

Council supports the user-pays principle in assessment and levying of fees and charges, whilst recognising the need for supplementing income in particular circumstances.

Council recognises the need to provide services for groups and members of the community that may not be able to afford a commercial rate of services.

Council will ensure that all rates, charges and fees are set so as to provide adequate cash flows to meet operating costs and to assist in the provision of funding capital works. Council will pursue all cost effective opportunities so as to maximise its revenue base and to seek an acceptable commercial rate of return on investments subject to community service obligations.

Council recognises the need to set prices for goods and services so as to provide the most effective level of service possible to our community.

Council recognises the need to set prices for goods and services so as to ensure resources are not wasted and can promote more efficient and effective investment in infrastructure and services.

Council's pricing policy in relation to any particular good or service may be found in the relevant section of this Revenue Policy.

Fees

Council provides a wide range of services to the community and has adopted a number of fees for these services. They have been set on the basis of the following categories:

- Community service
- Economic cost
- Nominal fee
- Regulatory charge
- User pays principle

Council has defined the categories as detailed below:

Community Services

The cost of the service is subsidised to provide for the community benefit.

Economic Cost

The cost of the service provided is estimated and the cost recovery is based upon the anticipated number of users.

Nominal Fee

Council adopts a minimal fee for record purposes only.

Regulatory Charge

Set by Government regulations.

User Pays Principle

Used where a specific individual cost can be isolated and charged to the user of that service.

A copy of the Schedule of Fees adopted by Council is attached. All fees have been calculated based on one or more of the abovementioned categories.

GST

Where GST is applicable, the GST column will have a yes. If the GST column is blank the fee is not subject to GST.

<p>Drinking Water Carters: To comply with the <i>Public Health Act 2010</i> and the <i>Public Health Regulations 2012</i> drinking water carters must develop and adhere to a Quality Assurance Program (QAP) – a copy of which must be provided to the local Public Health Unit. Drinking Water Carters must keep the following records for at least six (6) months: name of the water supplier from which the water carter received the drinking water, name and address of each person to whom the water carter supplies water; the place, date, time and volume of water supplied to each person, details of any substances other than drinking water transported in any water tank used by the water carter, and the dates on which any water tank used by the water carter is cleaned.</p> <p>Further information can be found on the NSW Health website at http://www.health.nsw.gov.au/environment/water/Pages/drinkwater-watercarters.aspx. The Information Bulletin Private Water Supplies and Water Carters is available at http://www0.health.nsw.gov.au/policies/ib/2013/pdf/IB2013_003.pdf. NSW Guidelines for Water Carters are available here: http://www.health.nsw.gov.au/environment/Publications/nsw-guidelines-for-water-carters.pdf.</p>

The National Disability Insurance Scheme (NDIS) commenced in Warrumbungle Shire on 1 July 2017. Fees and Charges for Warrumbungle Community Care services under the National Disability Insurance Scheme (NDIS) are in line with Fees and Charges outlined in the NDIS Price Guide for VIC / NSW / QLD / TAS.				
For further information regarding Services, fees & charges contact Warrumbungle Community Care on (02) 6849 2130 (Coonabarabran) or (02) 6378 5130 (Coolah).				

A1.9 Private Works

Under Division 3 Section 67 Local Government Act 1993

In accordance with Section 67 of the Local Government Act 1993, Council may, by agreement with the owner or occupier of any private land, carry out on the land any kind of work that may lawfully be carried out on the land including the following types of work;

- Paving and road making
- Kerbing and guttering
- Fencing and ditching
- Tree planting and tree maintenance
- Grass planting and maintenance
- Waste collection
- Demolition and excavation
- Land clearing and tree felling
- Water, sewerage and drainage connections

Private Works Policy

The procedure for undertaking private works and recovering costs are set out in Council's Policy on Private Works. Under this policy private works are categorised into either external private works or internal private works. The procedures for internal private works relate to staff members and they are different to procedures for external private works.

For external private works, Council will send an invoice to clients when payment is not received up front. Payment up front is required for minor works less than \$150 (excl GST) in value.

Private Works Pricing (Pricing Mechanism)

The determination of an invoice amount for Private Works listed above will be based on the following pricing factors:

1. Labour at direct cost plus oncost and overheads
2. Stores at direct cost plus overhead rate
3. Creditors at direct cost including freight plus overhead rate
4. Plant cost in accordance with 'Private Plant Hire Rates Schedule' and associated conditions below.

Estimates that are prepared to undertake Private Works will use a composite ready-reckoner for the purpose. This will share with the Pricing Mechanism the common element as to the total time involved and the range of equipment employed in the task. Estimates are not to be seen as a fixed price quote but rather as an indication of the full cost when pricing has been completed. The Invoice will be based on the Pricing Mechanism.

Council will hire out the following items of plant subject to the following conditions:

- Hire of plant is subject to Council's policy on Private Works;
- Hire of plant is subject to suitability of application and availability;
- Council has absolute discretion in relation to hiring of plant items;
- No Plant item will be hire without a Council Operator;
- The charge out rate will be based on the rates listed in the table (note: rates include labour costs for the operator):

Plant Type	2018/19 Plant Cost (per hr)	2019/20 Plant Cost (per hr)	Change
Backhoe	100.31	102	1.68%

Note: figures above include all Oncosts and other costs associated with the job.

^ Staff costs include private works on-costs of 60.8% to recoup employee leave and other liabilities as well as admin fees.

^ All staff costs are at step three at the 38hrs per week outdoor staff rate.

^ Plant costs are private works rates and include an additional 2% admin fee.

^ See overtime adjustment factors for salaries below

Cost of inventory items needs to be sourced from Stores

- Note: staff should add 15% onto the cost of inventory items if large in value

Overtime Adjustment Factor (salaries only)

Saturday first 2 hrs pre 12pm	1.5
Saturday post 12pm or post first 2 hrs	2
Sunday	2

Appendix 2: Donations Policy

B2.1 Policy Introduction

Warrumbungle Shire Council provides financial assistance or donations to community groups and individuals to encourage their development and growth within the shire.

The expected outcomes of this policy are as follows:

- Identification and support for community groups, organisations and individuals that contribute to the social, economic and / or environmental fabric of Warrumbungle Shire.
- Transparent process of application, assessment and determination of financial assistance.
- That financial assistance provided by Council complies with requirements of Section 356 of the Local Government Act 1993.

Financial assistance is provided across a broad range of activities and are grouped as follows;

- Sporting Clubs and Events
- Charity Groups
- Religious Properties
- Education Support
- Community Service Organisations
- Cultural Groups and Societies
- Youth Groups and Senior Citizens
- Individuals
- Community Hall Committees

Community Halls	
Neilrex Hall Committee	(4) \$500
Leadville Hall Committee	(3)
Ulamambri Hall Committee	(3)

Note 1: The types and structure of financial assistance depends upon the type of activity being undertaken and may be one of the following types;

- (1) Donation of one half on the annual General Rate, Water Access Charge and Sewerage Access Charge
- (2) Donation of one half of the annual Water Access Charge and Sewerage Access Charge
- (3) Donation of the full annual Waste Collection Charge and Waste Management Charge
- (4) Monetary grant as provided
- (5) Operator and/or Plant Hire or Hall Hire

B2.3 Council owned Properties, Facilities, Plant and Equipment and Halls

When Council considers donations for the waiver of fees and charges at Council owned halls, the fact of whether a fee is charged for entry to the Hall at the time will be a factor in determining the donation.

The donation will only be considered when a local charity or organisation within the shire financially benefits from the function. Functions specifically excluded are balls, weddings, parties, reunions, organisation presentation nights, conference (reduced fee already exists) and auction sales. Applications for the donation or refund of hall hire fees will be processed as part of the Financial Assistance Grants.

B2.4 Council Owned Plant

When Council plant is used to carry out private work at the request of a local non-profit organisation, a donation equal to the plant hire may be made to the applicant subject to:

- The work is carried out at a time that does not adversely affect Council's work program
- The plant being operated by an approved Council operator
- The operator volunteering his/her services
- An appropriate hire agreement being executed by the applicant
- Appropriate insurance cover being arranged
- That any requests be referred to Council for approval as part of the Financial Assistance Grants.

B2.5 Development Applications

Council will donate the equivalent amount of the development application costs in total only levied on works to be undertaken by community groups on Council-owned facilities with such funds to be provided from the Financial Assistance–Other Budget.

B2.6 Financial Assistance Grants

Financial assistance requested in the form of a monetary grant must be made on Council's application form. There will be a cap of \$500 for Financial Assistance Grants. Where the monetary grant exceeds \$200 in one year the recipient of the financial assistance is required to provide a report to Council in a format prescribed by Council.

B2.7 Assessment Criteria

Council will use the following general criteria when considering requests for financial assistance;

- Activities which address gaps in service or community development;
- Activities which promote community development in a multicultural context and seek to address issues of access and equity;
- Involvement from volunteers and self help initiatives which build upon Council’s contribution;
- Consumer / user participation in management of services / activities
- Innovative and creative approaches to identified needs; and
- Activities, which use Council funding to attract further resources.

Council will give low priority to following types of requests for financial assistance;

- Activities/services which do not attempt to become self-supporting where the potential exists through fees or other feasible income – producing activities.
- Activities of a purely social nature, which do not address the needs of disadvantaged groups.
- Activities which are eligible for support from state- wide or regional parent bodies.
- Organisations, which have not observed accountability requirements for past Council assistance.

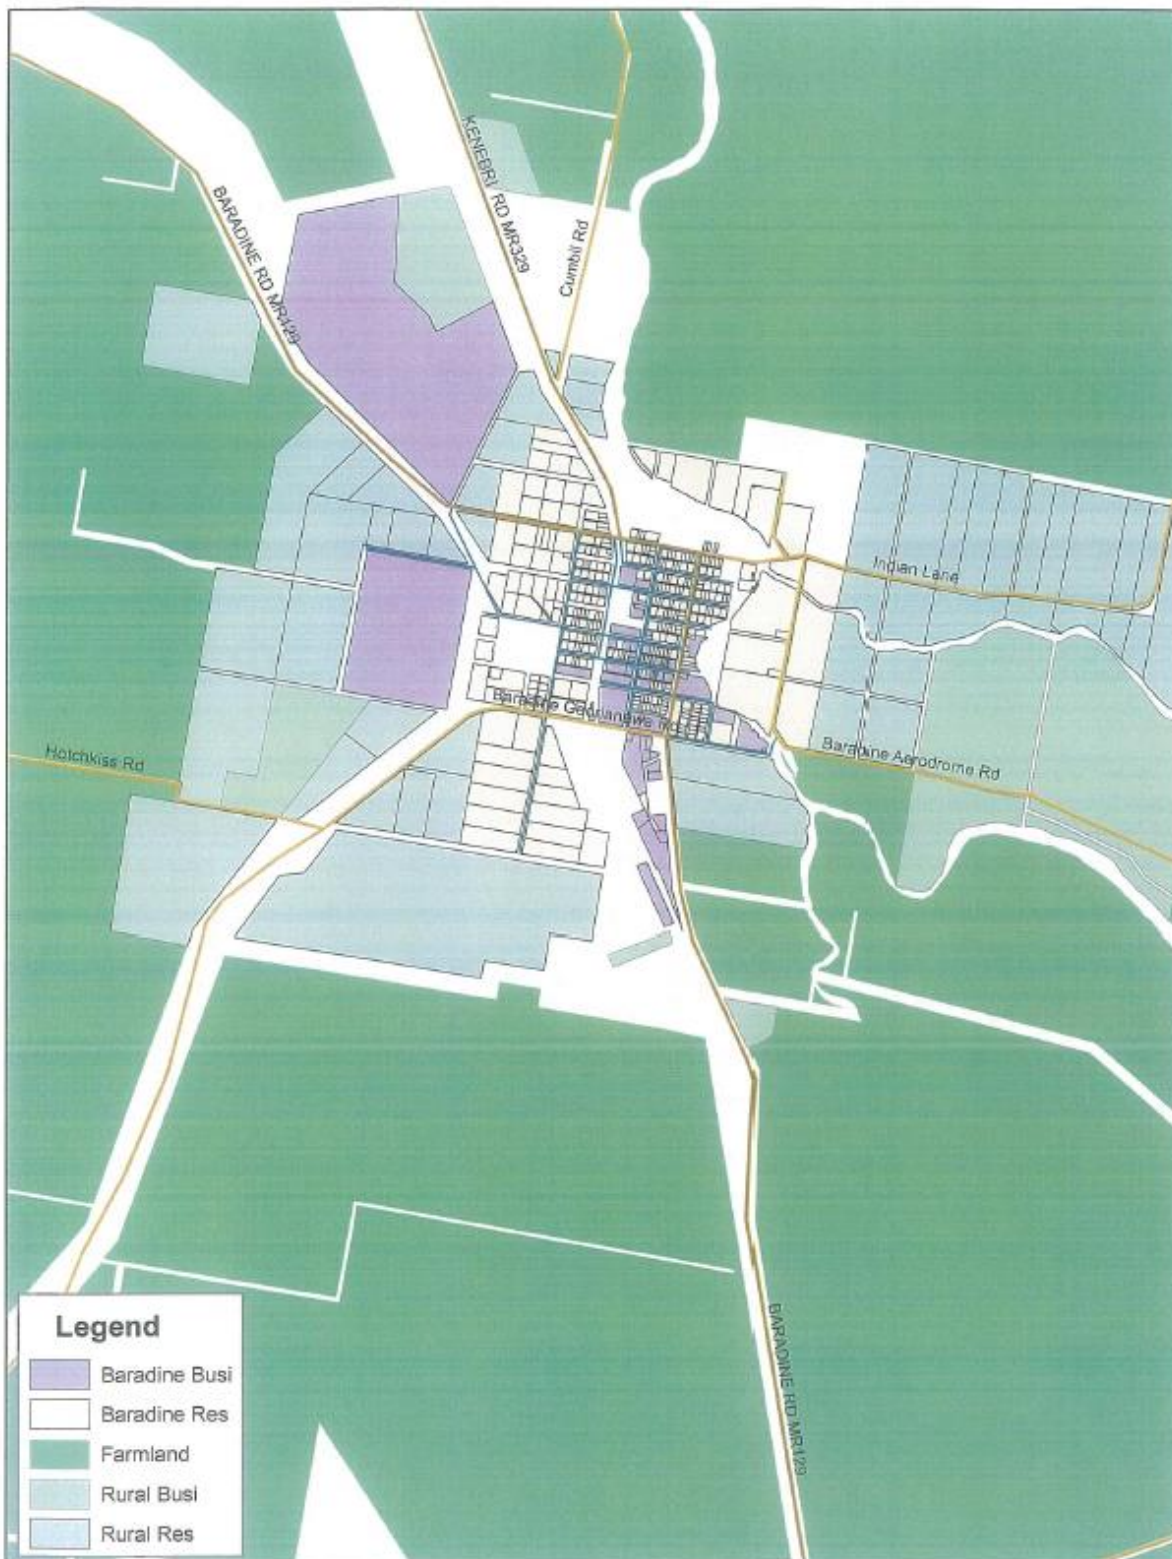

Other Financial Assistance	Amount Allocated
Financial Assistance Other	\$20,000

Council will consider applications for financial assistance at the ordinary meeting in each of the following months only:

- February
- August

Prior to these meeting dates Council will make a public call for applications for financial assistance. Financial assistance applications must be made on a form prescribed by Council.
