Jump The Stump Park Committee

COOLAH NSW 2843

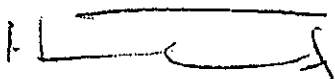

Dear Adam Burgess

The Coolah Bowen Oval Committee are writing this letter to support the development of a skate park and learn to ride bike track.

The committee fully supports this project to be constructed within the Bowen Oval precinct, adjacent to the current playground.

This facility will benefit our community by providing a safe environment for skateboarding and bike riding and further promote physical wellbeing and have a positive economic impact on our community.

Your sincerely

Coolah, 2843

Dear Sir/Madam,

On behalf of the Coolah Preschool I would like to express support for the Coolah Skate Park and Learn to Ride Bike Track proposal.

Currently Coolah Preschool has over 30 families with children aged 3-5 years old enrolled at the Preschool. The proposed Jump the Stump Park would support these families in their wellbeing and physical health, providing a great opportunity to be physically active, socially connected while learning skills for life.

The proposed location for the facility is perfect. Bowan Oval is already a popular meeting place for our families, this being due to its all-weather playground, toilet facilities, sports facilities and shaded lawn areas.

Activities that our families currently attend at Bowan Oval include Connect Five play group, tennis lessons, junior sports events, running training (for their siblings), Coolah Rugby games and many birthday parties. As a result it is expected our Preschool families will fully utilise the Jump the Stump Park now and as they grow and learn.

We hope this letter of support contributes towards a successful application for the Coolah Jump the Stump Park. Please do not hesitate to contact us should we be able to be of more assistance.

Yours faithfully,

Kirsty Arnott

Jump the Stump Park
Coolah NSW 2843

Dear Adam

The Coolah Roos Rugby Club supports the proposed Skate Park and Learn to Ride Bike Track at Bowen Oval.

This project will further enhance the facilities at Bowen Oval and enrich the lives of many young people, families and the greater Coolah community. The benefits will include the increased opportunity for skills development, physical health and a social place for children to meet.

Many young people accompany their parents to watch our home games; in fact, quite a few have fathers playing Rugby, so we believe it would be a fantastic facility which would be extensively utilised.

Yours sincerely

Pete Weis
Vice-President
Coolah Roos Rugby Club.

2nd May 2019

To Whom it May Concern,

The Coolah Central School SRC fully support the construction of the Coolah Skate Park. Having had a meeting about the development of the Coolah skate park, we believe that it would be a good addition to the Coolah community and provide a healthy and fun activity for the children and or adults of the town. Furthermore, a skate park will enhance the safety of the Coolah community and all road users by providing a safe environment for skateboards, scooters and bikes thereby reducing the worry of people obstructing the roads or being hit by vehicles. This would also boost the economy of our town as they attract more tourists and passers-by to stop and stay for a while to enjoy and be part of the fun a skate park offers.

Yours Faithfully

Coolah Central School Student Representative Council

Dear Sir/Madam,

Rebecca and I are currently family daycare Educators looking after up to 15 families with children that range from the ages of 6 months to 5 years of age.

We believe that the proposed location for The Jump The Stump Skate Park is ideal. This venue holds many sporting activities from tennis, netball, junior rugby league, rugby union, running training to name a few. The enclosed park also promotes a safe environment where parents and children meet to catch up and gives the children a great opportunity to be active and promote good health and wellbeing.

The proposed site of Bowen Oval is a fantastic choice as it is in the hub of the town away from the main road, where parents can relax and know their children are safe. This is also an area that many families and children are already familiar with.

The skate park it will promote play based learning, life skills, spatial awareness. As we have learnt moving beyond the walls of a daycare centre can be tricky so this will provide learning opportunities and a safe environment for our daycare children.

A Skate Park will also promote gross motor skills which use the whole body to make large movements such as balancing, running, riding and hand eye coordination. This will set them up at a young age for healthy lifestyle choices.

We hope that the proposed site is successful and we look forward to utilising this great facility.

Yours faithfully,

Rachel Hughes and Rebecca Kearney

Dear Adam,

The Board of Directors are writing this letter to show their support for the proposed Jump the Stump Skate Park and Learn to Ride Bike Track.

As a community club we understand how beneficial this project will be to the rural community of Coolah and surrounding areas by providing a safe venue for children to gather and support healthier families by providing access to local recreation for both males and females across all socio-economic groups.

We wish you every success with your project.

Yours sincerely

P.P. The Board of Directors

COOLAH VALLEY BOWLERS

29.04.19

Dear Adam, President of Jump the Stump Park Committee,

We the members of The Coolah Valley Bowlers, heartily endorse the application of the Jump the Stump Committee in their application for a My Community Grant.

The creation of a Skate Park and the Learn to Ride Bike Track would be a wonderful addition and a fantastic facility for Coolah and the surrounding area, especially for the younger members of our community.

Having this facility in the Bowen Oval vicinity is sensible as it would enhance the facilities already in the area, e.g. Netball, Football, Golf, Bowls, The Sporting Club and the Children's play area.

If this application was successful, we are sure that it would give many hours of enjoyment to many in our community and our bowling group would like to see this happen.

Kind Regards

Cathy Atkinson (secretary)
