| <b>Goolhi</b>  |             |   |             |
| <b>9 March 2020</b>  |             |   |             |
| <p><b>1 (R2-2019/20) Goolhi and Ameys Road Goolhi</b><br/> , acknowledging that Council did spend 3 full days trying to fix this road; however, it is still needs work.</p> <p><b>ACTION:</b> DTS to investigate road drainage</p>   | TS          | Flood damage related works have been undertaken, however Council is awaiting grant funding to complete the balance of maintenance works.  | In Progress |
| <p><b>2 (R2-2019/20) Keeches Road</b> - 5kms in an apple tree has fallen and is blocking the road.<br/> Council has been informed and the tree needs to be removed before more rain.</p> <p><b>ACTION:</b> DTS to initiate removal of tree</p>   | TS          | Due to a flood event early this year Council has removed a tree from the causeway. Inspections are currently being undertaken to ensure that there is no further debris obstructing the road. | In Progress |
| <p><b>3 (R2-2019/20) Yokies Well causeway</b> needs to be cleaned out as it is full of silt. Cars are not able to get through</p> <p><b>ACTION:</b> DTS to investigate</p>   | TS          | Further investigations are required.  | In Progress |
| <p><b>4 (R2-2019/20) Back end of Goolhi Road (back end of Keeches Road)</b> - Community member asked when was it last graveled?<br/> Needs gravel either side of the ramps. There is also an issue with the silt.</p> <p>DTS explained that, as GM has stated, these issues have been experienced across the shire however logs can be moved and the silt can be moved off the road so that residents can get out of the property.</p> <p><b>ACTION:</b> DTS to investigate gravel and silt issues</p> | TS          | Flood damage related works have been undertaken, however Council is awaiting grant funding to complete the balance of maintenance works.  | In Progress |
