## Part 1: Introduction

The Quarterly Budget Review Statement (QBRS) presents a summary of Council's financial position at the end of each quarter. It is the mechanism whereby Councillors and the community are informed of progress against the operating plan. In December 2010 the NSW Division of Local Government developed a set of minimum requirements for reporting the financial position of Council, to facilitate explanations and major variations and recommend changes to the budget for Council approval. The reports also enable the Responsible Accounting Officer (RAO) to indicate if Council will be in a satisfactory financial position at the end of the financial year.

The minimum requirements for the QBRS are included in the Code of Accounting Practice and Financial Reporting and form part of the legislative framework in accordance with clause 203(3) of the Regulations.

The new reporting format came into effect on 1 July 2011. The QBRS is composed of, but not limited to, the following budget review (BR) components:

- Statement by the Responsible Accounting Officer on Council's financial position at the end of the year based on the information in the QBRS **(Part 2 of this report)** ;
- Budget Review Income and Expenses Statement **(Parts 3, 5 & 6 of this report)** in one of the following formats:
  - Consolidated
  - By fund (e.g. General Fund; Water Fund; Sewer Fund)
  - By function, activity, program etc to align with the management plan / operational plan;
- Budget Review Capital Budget **(Parts 7 & 8 of this report)**;
- Budget Review Cash and Investments Position **(Part 10 of this report)**;
- Budget Review Key Performance Indicators **(Part 12 of this report)**; and,
- Budget Review Contracts and Other Expenses **(Part 13 of this report)**.

The following important financial information has also been provided in addition to the information required as part of the QBRS reporting framework:

- Balance Sheet as at 30 September 2020 **(Part 9 of this report)**;
- Summary of Results that links the function view of Council's activities back to Council's Income Statement and Cashflow Statement **(Part 4 of this report)**;
- Summary of Loan Movements and Restricted Assets **(Part 11 of this report)**.

## **Part 2: Statement by the Responsible Accounting Officer**

The Quarterly Budget Review Statement (QBRS) presents a summary of Council's financial position at the end of each quarter. It is the mechanism whereby Councillors and the community are informed of progress against the Operating Plan. In December 2010 the NSW Division of Local Government developed a set of minimum requirements for reporting the financial position of Council, to facilitate explanations and major variations and recommend changes to the budget for Council approval. The reports also enables the Responsible Accounting Officer (RAO) to indicate if Council will be in a satisfactory financial position at the end of the financial year.

It is my opinion that the Quarterly Budget Review Statement for Warrumbungle Shire Council for the quarter ended 30 September 2020 indicates that Council's projected financial position is satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

### Part 3: Income Statement (Continued)

#### Notes: Revenue

- (a) Rates and Annual charges are roughly per budget at 98%
- (b) User charges and fees are 16% per budget (under budget by 8%). The major areas are:
  - \* RMS Charges nil - mostly timing issues;
  - \* Lower Water Supply Services User Charge as the billing is raised in 2nd quarter;
- (c) Interest and investment revenue is under budget mainly due to reversal of last year accrual and much lower interest rates
- (d) Other Revenues are under budget at 18% mainly due to lower rental income from properties and lower diesel rebate.
- (e) Operational Grants and Contributions are roughly per pro rata budget at 23%
- (f) Capital grants income is over per pro rata budget at 37% mainly due to receipt of block grant, repairs program and drought stimulus funding
- (m) Macquarie Regional Library (MRL) is responsible for running the libraries in a number of Shires in the region including ours. Council recognises its joint ownership in the organisation at the end of the year.

#### Notes: Expenditure

- (h) Employee related expenditure is roughly as per pro rata budget at 23%
- (i) Borrowing costs is roughly as per pro rata budget at 26%
- (j) Materials & Contracts is roughly as per pro rata budget at 26%
- (k) Depreciation actuals are roughly as per pro rata budget of 25%
- (l) Other expenses are over pro rata budget by 10% mainly because insurance cost is booked in Q1 - timing issue
- (m) Macquarie Regional Library (MRL) is responsible for running the libraries in a number of Shires in the region including ours. Council recognises its joint ownership in the organisation at the end of the year.

#### Definition of Consultant

A consultant is a person or organisation engaged under contract on a temporary basis to provide recommendations or high level specialist or professional advice to assist decision-making by management. Generally it is the advisory nature of the work that differentiates a consultant from other contractors.
