**Donation request category:** 50% of the annual General Rate, Water Access Charge and Sewerage Access Charge  
**Details of how Council's funds/support will be utilised:** Council funds will be utilised in the purchase of 4 x ONIXX grand Adjustable Horse Riding Helmets @ \$120.00 each= \$480.00.

Authorised Helmets must be discarded after being in use for 5 years - manufacturers recommendation and firm rule by Riding For the Disabled Head Office Administration.

This necessitates Riding for the Disabled Coonabarabran to have a regular replacement programme for all helmets.

**How will the donation you have requested benefit Warrumbungle Shire residents and meet the outcomes of Council's Community Strategic Plan and/or Delivery Program? :** Riding for the Disabled Coonabarabran provides services in the form of equine activities for local and nearby persons in the Shire with disabilities.

Our vision is to provide equal opportunity to those of our people with disabilities to enjoy the experiences and interaction with horses that many in our community take for granted. Riding activities are supplemented with educational and learning activities.

Our current 12 riders come from local schools and Breakthru with our close working relationship with both sectors. The positive experiences of riders in their outings are well endorsed by the support of their carers and/or parents at meetings.

The Covid 19 Pandemic has resulted in a temporary stop to our riding programmes from April 2020 but has provided a great opportunity for

our small group of 8 dedicated volunteers to carry out major improvements and upgrades to the facilities and grounds adjacent to the Coonabarabran Race Club e.g. the installation of approximately 900 metres of modern steel posts and rails to replace the old wooden posts and rails providing for a safer and modern environment.

With a strong Covid Safe Plan in place we are now in a position to recommence riding activities during March 2021. Valid helmets are required for all individual riders.

The upgrade programme of the facilities mentioned has been well received by other horse riding coaches both locally and nearby who have now commenced using our facilities for local and nearby participants in riding.

All activities contribute strongly to the social needs and aspirations and benefits to the community.

It is now intended to expand awareness of RDA Coonabarabran's services and vision to other nearby or geographical locations in the Shire to ensure any persons with disabilities and their carers are aware of our programmes and can be introduced to the positive benefits provided to all.

Members of RDA Coonabarabran strongly feel the services and outlets being provided by the group to people with disabilities supports the efforts and goals outlined in Council's Disability Inclusion Action Plan 2017-2021 in making the Warrumbungle Shire more inclusive of people with disability.

**Please list any donations given to your organisation by Council, over the last two years including the amount, date and purpose to which the funds were put:**

Previous Shire Council Assistance Donation of \$500.00 dated 23 April 2020 was, as applied for, utilised in the purchase of correct Riding Boots for participants .

Similar to helmets mentioned above replacement of riding boots is an ongoing requirement and Council's Assistance Donation for this purpose was gratefully received.

**How will your organisation acknowledge Council's financial assistance? :**

A new Facebook page has just been launched " Rda Coonabarabran" which will ultimately have a wide local and external audience and provides for among items of interest acknowledgements of grants and donations and certainly including Warrumbungle Shire's Donation if granted.

We appreciate the support from staff at the Coonabarabran times who support articles of interest including donations received by the group.

Purchase of goods and supplies are via supporting local suppliers whoever possible.

To: Roger Bailey – GM Warrumbungle Shire Council

As you would be aware, the Leadville community is experiencing a resurgence in recent years, and being a bounce-back from the difficulties and hardship experienced as a result of the Sir Ivan fires in February 2017. Our community is immensely proud of all we have achieved, and particularly in recent years with the NSW Government Community Grant to refurbish existing infrastructure in and around our local hall.

Today, our focus lies on the Leadville town water supply. Established many years ago, Leadville boasts a town water infrastructure which is independent and has functioned agreeably to date. The power costs to transfer the water to the town reservoir are becoming crippling, and combined with the wish to use as much green energy as possible, the LCAI committee have embarked on a path to install solar panels at the site.

Before we can start applying for funding, the first step is to ascertain property boundaries. The land-holders involved are the [REDACTED]

[REDACTED] Further, the LCAI wish to apply caveats on all land which has Leadville town water infrastructure so-as to better secure the capacity to supply water to Leadville in the future.

The costs for the surveying are \$6,500.00 (excluding GST) being the quote we received last year – and attached to this letter. In the interests of being able to continue to provide this service to our town and without the necessity of on-going responsibility to the WSC, the LCAI makes application to WSC to provide the funds to cover this initial step to survey and quantify the issue, thus provide a foundation for following steps, and the project to come to fruition.

In particular, we would like to discuss the process that will complete easements and acquisition to allow us to begin this planning process. Our community is proactive and our ownership of the village domestic water supply scheme has saved the Shire recurrent and capital cost for many decades, we believe our request for funds and support should be viewed in that context and look forward to meeting council on site to discuss further.

Thank you, and kind regards,

Stuart Curtis – LCAI President, Rob Lennon – LCAI Public Officer)
