

Community Consultation Meetings Action List

Round 2 – 2017

MENDOORAN

Mendooran

Community Consultation Meeting Action List

Meeting Date: 15 November 2017

Minute / Action Required	Directorate	Progress
<p>Bandulla Street – Request for Speed Restriction Signs Residents raised concerns about travellers not appearing to be adhering to the town speed limit of 50km in Bandulla Street near the river and campground. Council advised that speed zones are not under Council jurisdiction and are set by the Roads and Maritime Service (RMS). Council will discuss with the RMS and, if appropriate, raise in the Traffic Committee.</p>	TS	A/DTS – In progress. Referred for discussion.
<p>Storm Water Levy A question was raised regarding the storm water levy. Council took the question on notice and will investigate further the charging of the levy to Rural Residential and Rural Ratepayers. Residents provided feedback on areas in town where works in relation to this could be undertaken.</p>	CCS	DCCS – Under investigation.
<p>Repair or Replacement – Play Equipment Residents requested the repair or replacement of the play equipment in the park. Council advised that the damaged area had been sectioned off. Council also advised that there were no funds in this year’s budget to replace the equipment. A representative from Mendooran District Development Group advised the meeting that funding has been applied for new play equipment, including two (2) smaller play units suitable for children with a disability.</p>		A/DTS – Dangerous play equipment has been removed. Repairs have been carried out on remaining equipment.
<p>Watering System – Mendooran Park A question was asked about the watering system in the park. Council advised that the pump had been ordered and the new watering system should be in operation in early 2018.</p>	TS	A/DTS – Works planned for May 2018.
<p>Water Quality Residents discussed the quality of the water in Mendooran, including questions about the purity of the new bore. Council advised that water from the bore had been tested and results had shown that there was no contamination of the water. Residents also expressed concerns regarding the lack of water pressure during the summer months when demand is higher.</p>	TS	A/DTS - Ongoing

<p>Request for Information An issue was raised regarding a specific request made to Council. Council requested that the resident provide details of the request and their contact details after the meeting so that this could be followed up.</p>		
<p>Sand Creek A resident raised concerns regarding Sand Creek Crossing, including the width of the crossing. Council advised that the concerns had been noted and mentioned that Council had previously taken plans to the Traffic Committee in relation to this. This plan included installation of a Give Way sign. The Traffic Committee determined that the installation of a Give Way sign would increase rather than reduce the risk. Council has placed a traffic counter near the bridge to record the levels of traffic as well as the size of the vehicles. Options to improve the situation were discussed. The matter will be raised again at the Traffic Committee meeting.</p>	TS	A/DTS – Plan has been forwarded to Manager Road Operations for action when suitable.
<p>Recycling A rural resident made an enquiry regarding recycling. They noted that the town residents are able to place mixed recycling into the recycling bins, from which materials are returned to the Waste Transfer Station and sorted. However rural residents who wish to recycle must sort all materials before taking them to the Waste Transfer Station otherwise they are charged for their recycling. This question was taken on notice with the matter to be investigated further.</p> <p>A further question was raised in regards to recycling as some residents have not received the new recycling bins. Residents were advised to either contact Council or provide their details following the meeting so the bins can be delivered.</p>	DS	A/DDS – Co-mingled service in 240 litre bins. Sorting required at Transfer Station. A/DDS – All bins have been distributed.
<p>Pump Station River Street A resident reported that ground tank gates had been left unlocked. It was also noted that the outside area is overgrown with long grass. Council will investigate and take appropriate action.</p>	TS	A/DTS – Under investigation.
<p>Cemetery It was noted that only part of the cemetery has been mowed. It was requested that the full cemetery be mowed. Council will investigate and take appropriate action.</p>	TS	A/DTS – Completed.
<p>Denmire Road A resident advised Council of damage to their vehicle which they believe had been caused by the road. They requested that signs be placed on the road to warn / advise motorists of any risks.</p>	TS	A/DTS – Have arranged for ‘Gravel Road’ sign at start of road.

<p>Signs – Mendooran Central School Residents noted that they believed there had been insufficient consultation with local residents regarding the erection of traffic signs outside Mendooran Central School. Council advised that the matter would return to the Traffic Committee.</p>	<p>TS</p>	<p>A/DTS - Completed. Phone call of thanks received from Mendooran School.</p>
<p>Daglish and Abbott Streets Residents raised concerns about the dust along this road, due to speed, and requested that the speed limit be reduced. Council advised that speed zones are not under Council jurisdiction and are set by the Roads and Maritime Service (RMS). Council will discuss with the RMS and, if appropriate, raise in the Traffic Committee.</p>	<p>TS</p>	<p>A/DTS - In progress.</p>
