Overview

- (i) These financial statements are General Purpose Financial Statements and cover the consolidated operations for Warrumbungle Shire Council.
- (ii) Warrumbungle Shire Council is a body politic of NSW, Australia being constituted as a Local Government area by proclamation and is duly empowered by the Local Government Act (LGA) 1993 of NSW.

Council's Statutory Charter is detailed in Paragraph 8 of the LGA and includes giving Council;

- the ability to provide goods, services & facilities, and to carry out activities appropriate to the current & future needs of the local community and of the wider public,
- the responsibility for administering regulatory requirements under the LGA and
- a role in the management, improvement and development of the resources in the area.

A description of the nature of Council's operations and its principal activities are provided in Note 2(b).

- (iii) All figures presented in these financial statements are presented in Australian Currency.
- (iv) These financial statements were authorised for issue by the Council on 19 November 2015. Council has the power to amend and reissue these financial statements.

Notes to the Financial Statements for the financial year ended 30 June 2015

Understanding Council's Financial Statements

Introduction

Each year, individual Local Governments across NSW are required to present a set of audited financial statements to their Council & Community.

What you will find in the Statements

The financial statements set out the financial performance, financial position & cash flows of Council for the financial year ended 30 June 2015.

The format of the financial statements is standard across all NSW Councils and complies with both the accounting & reporting requirements of Australian Accounting Standards and requirements as set down by the Office of Local Government.

About the Councillor/Management Statement

The financial statements must be certified by Senior staff as "presenting fairly" the Council's financial results for the year, and are required to be adopted by Council - ensuring both responsibility for & ownership of the financial statements.

About the Primary Financial Statements

The financial statements incorporate 5 "primary" financial statements:

1. The Income Statement

Summarises Council's financial performance for the year, listing all income & expenses.

This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

2. The Statement of Comprehensive Income

Primarily records changes in the fair values of Council's Infrastructure, Property, Plant & Equipment.

3. The Statement of Financial Position

A 30 June snapshot of Council's financial position indicating its Assets, Liabilities & "Net Wealth".

4. The Statement of Changes in Equity

The overall change for the year (in dollars) of Council's "Net Wealth".

5. The Statement of Cash Flows

Indicates where Council's cash came from and where it was spent.

This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

About the Notes to the Financial Statements

The Notes to the financial statements provide greater detail and additional information on the 5 primary financial statements.

About the Auditor's Reports

Council's financial statements are required to be audited by external accountants (that generally specialize in Local Government).

In NSW, the Auditor provides 2 audit reports:

- An opinion on whether the financial statements present fairly the Council's financial performance & position, &
- 2. Their observations on the conduct of the Audit including commentary on the Council's financial performance & financial position.

Who uses the Financial Statements ?

The financial statements are publicly available documents & must be presented at a Council meeting between 7 days & 5 weeks after the date of the Audit Report.

Submissions from the public can be made to Council up to 7 days subsequent to the public presentation of the financial statements.

Council is required to forward an audited set of financial statements to the Office of Local Government.

General Purpose Financial Statements for the financial year ended 30 June 2015

for the financial year ended 30 June 2015

Statement by Councillors and Management made pursuant to Section 413(2)(c) of the Local Government Act 1993 (as amended)

The attached General Purpose Financial Statements have been prepared in accordance with:

- The Local Government Act 1993 (as amended) and the Regulations made thereunder,
- The Australian Accounting Standards and professional pronouncements, and
- The Local Government Code of Accounting Practice and Financial Reporting.

To the best of our knowledge and belief, these Financial Statements:

- present fairly the Council's operating result and financial position for the year, and
- accords with Council's accounting and other records.

We are not aware of any matter that would render the Reports false or misleading in any way.

Signed in accordance with a resolution of Council made on 20 August 2015.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

The principal accounting policies adopted by Council in the preparation of these consolidated financial statements are set out below in order to assist in its general understanding.

Under Australian Accounting Standards (AASBs), accounting policies are defined as those specific principles, bases, conventions, rules and practices applied by a reporting entity (in this case Council) in preparing and presenting its financial statements.

(a) Basis of preparation

(i) Background

These financial statements are general purpose financial statements which have been prepared in accordance with;

- Australian Accounting Standards and Australian Accounting Interpretations issued by the Australian Accounting Standards Board,
- the Local Government Act (1993) & Regulation, and
- the Local Government Code of Accounting Practice and Financial Reporting.

For the purpose of preparing these financial statements, Council has been deemed to be a not-for-profit entity.

(ii) Compliance with International Financial Reporting Standards (IFRSs)

Because AASBs are sector neutral, some standards either:

- (a) have local Australian content and prescription that is specific to the Not-For-Profit sector (including Local Government) which are not in compliance with IFRS's, or
- (b) specifically exclude application by Not for Profit entities.

Accordingly in preparing these financial statements and accompanying notes, Council has been unable to comply fully with International Accounting Standards, but has complied fully with Australian Accounting Standards. Under the Local Government Act (LGA), Regulations and Local Government Code of Accounting Practice & Financial Reporting, it should be noted that Councils in NSW only have a requirement to comply with AASBs.

(iii) New and amended standards adopted by Council

During the current year, the following relevant accounting standards became mandatory and have been adopted by Council:

- AASB 10 Consolidated Financial Statements
- AASB 11 Joint Arrangements
- AASB 12 Disclosures of Interests in Other Entities

AASB 10 introduced a new definition of control based on the substance of the relationship and required Councils to consider their involvement with other entities regardless of whether there was a financial interest.

AASB 11 classified joint arrangements into either joint ventures (equity accounting) or joint operations (accounting for share of assets and liabilities).

AASB 12 has increased the level of disclosures required where Council has any interests in subsidiaries, joint arrangements, associates or unconsolidated structured entities.

The aforementioned new and amended standards specifically affect Councils disclosure of their joint venture with the Macquarie Regional Library. Council has always disclosed this venture, however with the adoption of these standards Council's disclosure requirements have become more stringent to enable users of the financial statements to evaluate the nature and effect of any associated risks on Council's financial position, performance and cash flow.

Council must now disclose the risks associated with its interest in the Macquarie Regional Library including commitments, provisions, contingent liabilities and contingent assets. Council has always consolidated this venture in the statement of financial position and hence there are not significant changes relating to the adoption of the above standards.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

(iv) Early adoption of Accounting Standards

Council has not elected to apply any pronouncements before their operative date in the annual reporting period beginning 1 July 2014.

Refer further to paragraph (ab) relating to a summary of the effects of Standards with future operative dates.

(v) Basis of Accounting

These financial statements have been prepared under the **historical cost convention** except for:

- (i) certain financial assets and liabilities at fair value through profit or loss and available-forsale financial assets which are all valued at fair value,
- (ii) the write down of any Asset on the basis of Impairment (if warranted) and
- (iii) certain classes of non current assets (eg. Infrastructure, Property, Plant & Equipment and Investment Property) that are accounted for at fair valuation.

The accrual basis of accounting has also been applied in their preparation.

(vi) Changes in Accounting Policies

Council's accounting policies have been consistently applied to all the years presented, unless otherwise stated.

There have also been no changes in accounting policies when compared with previous financial statements unless otherwise stated [refer Note 20(d)].

(vii) Critical Accounting Estimates

The preparation of financial statements requires the use of certain critical accounting estimates (in conformity with AASBs).

Accordingly this requires management to exercise its judgement in the process of applying the Council's accounting policies.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on Council and that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future.

The resulting accounting estimates will, by definition, seldom equal the related actual results.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are set out below:

- (i) Estimated fair values of investments
- (ii) Estimated fair values of infrastructure, property, plant and equipment.
- (iii) Estimated remediation provisions.
- (iv) Estimations and assumptions around depreciation calculations, including estimates of useful lives and residual values.

Critical judgements in applying Council's accounting policies

- (i) Impairment of Receivables Council has made a significant judgement about the impairment of a number of its receivables in Note 7.
- Projected Section 94 Commitments Council has used significant judgement in determining future Section 94 income and expenditure in Note 17.

(b) Revenue recognition

Council recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to it and specific criteria have been met for each of the Council's activities as described below.

Council bases any estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement. Revenue is measured at the fair value of the consideration received or receivable.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

Revenue is measured on major income categories as follows:

Rates, Annual Charges, Grants and Contributions

Rates, annual charges, grants and contributions (including developer contributions) are recognised as revenues when the Council obtains control over the assets comprising these receipts.

Control over assets acquired from rates and annual charges is obtained at the commencement of the rating year as it is an enforceable debt linked to the rateable property or, where earlier, upon receipt of the rates.

A provision for the impairment on rates receivables has not been established as unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold.

Control over granted assets is normally obtained upon their receipt (or acquittal) or upon earlier notification that a grant has been secured, and is valued at their fair value at the date of transfer.

Revenue from Contributions is recognised when the Council either obtains control of the contribution or the right to receive it, (i) it is probable that the economic benefits comprising the contribution will flow to the Council and (ii) the amount of the contribution can be measured reliably.

Where grants or contributions recognised as revenues during the financial year were obtained on condition that they be expended in a particular manner or used over a particular period and those conditions were undischarged at balance date, the unused grant or contribution is disclosed in Note 3(g).

Note 3(g) also discloses the amount of unused grant or contribution from prior years that was expended on Council's operations during the current year.

The Council has obligations to provide facilities from contribution revenues levied on developers under the provisions of S94 of the EPA Act 1979.

Whilst Council generally incorporates these amounts as part of a Development Consents Order, such developer contributions are only recognised as income upon their physical receipt by Council, due to the possibility that individual Development Consents may not be acted upon by the applicant and accordingly would not be payable to Council.

Developer contributions may only be expended for the purposes for which the contributions were required but the Council may apply contributions according to the priorities established in work schedules.

A detailed Note relating to developer contributions can be found at Note 17.

User Charges, Fees and Other Income

User charges, fees and other income (including parking fees and fines) are recognised as revenue when the service has been provided, the payment is received, or when the penalty has been applied, whichever first occurs.

A provision for the impairment of these receivables is recognised when collection in full is no longer probable.

A liability is recognised in respect of revenue that is reciprocal in nature to the extent that the requisite service has not been provided as at balance date.

Sale of Infrastructure, Property, Plant and Equipment

The profit or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer.

Interest and Rents

Rental income is accounted for on a straight-line basis over the lease term.

Interest Income from Cash & Investments is accounted for using the effective interest rate at the date that interest is earned.

Other Income

Other income is recorded when the payment is due, the value of the payment is notified or the payment is received, whichever occurs first.

(c) Principles of Consolidation

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

These financial statements incorporate (i) the assets and liabilities of Council and any entities (or operations) that it **controls** (as at 30 June 2015) and (ii) all the related operating results (for the financial year ended the 30th June 2015).

In the process of reporting on Council's activities as a single unit, all inter-entity year end balances and reporting period transactions have been eliminated in full between Council and its controlled entities.

(i) The Consolidated Fund

In accordance with the provisions of Section 409(1) of the LGA 1993, all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

The Consolidated Fund and other entities through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this report.

The following entities have been included as part of the Consolidated Fund:

- General Purpose Operations
- Warrumbungle Water Fund
- Warrumbungle Sewerage Fund
- Warrumbungle Quarry

(ii) The Trust Fund

In accordance with the provisions of Section 411 of the Local Government Act 1993 (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by the Council in trust which must be applied only for the purposes of or in accordance with the trusts relating to those monies.

Trust monies and property subject to Council's control have been included in these statements.

Trust monies and property held by Council but not subject to the control of Council, have been excluded from these statements.

A separate statement of monies held in the Trust Fund is available for inspection at the Council office by any person free of charge.

(iii) Joint Arrangements

Joint Operations (controlled assets & operations)

Joint Operations represent operational arrangements where the joint control parties have rights to specific assets and obligations for specific liabilities relating to the arrangement rather than a right to the net assets of the arrangement.

The proportionate interests of Council in the assets, liabilities, income and expenses of all Joint Operation activities have been incorporated throughout the financial statements under the appropriate headings.

Joint Ventures

Joint Ventures represent operational arrangements where the parties joint control parties have rights to the net assets of the arrangement.

Any interests in Joint Ventures are accounted for using the equity method and are carried at cost.

Under the equity method, Council's share of the operation's profits/(losses) are recognised in the income statement, and its share of movements in retained earnings & reserves are recognised in the balance sheet.

(iv) Associates

Council has no interest in any Associates.

(v) County Councils

Council is a member of the following County Councils (which are bodies corporate under the Local Government Act);

Castlereagh Macquarie Weeds County Council

The governing body of each County Council is responsible for managing its own affairs.

Council is of the opinion that it neither controls nor significantly influences the above County Council/s and accordingly these entities have not been consolidated or otherwise included within these financial statements.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

(vi) Unconsolidated Structured Entities

Council has no interest in any Unconsolidated Structured Entities.

(vi) Additional Information

Note 19 provides more information in relation to Joint Venture Entities, Associated Entities and Joint Venture Operations where applicable.

(d) Leases

All Leases entered into by Council are reviewed and classified on inception date as either a Finance Lease or an Operating Lease.

Finance Leases

Leases of property, plant and equipment where the Council has substantially all the risks and rewards of ownership are classified as finance leases.

Finance leases are capitalised at the lease's inception at the lower of the fair value of the leased property and the present value of the minimum lease payments.

The corresponding rental obligations, net of finance charges, are included in borrowings.

Each lease payment is allocated between the liability outstanding and the recognition of a finance charge.

The interest element of the finance charge is costed to the income statement over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Property, plant and equipment acquired under finance leases is depreciated over the shorter of each leased asset's useful life and the lease term.

Operating Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

Payments made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight-line basis over the period of the lease.

Lease income from operating leases is recognised in income on a straight-line basis over the lease term.

(e) Cash and Cash Equivalents

For Statement of Cash Flows (and Statement of Financial Position) presentation purposes, cash and cash equivalents includes;

- cash on hand,
- deposits held at call with financial institutions,
- other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and
- bank overdrafts.

Bank overdrafts are shown within borrowings in current liabilities on the balance sheet but are incorporated into Cash & Cash Equivalents for presentation of the Cash Flow Statement.

(f) Investments and Other Financial Assets

Council (in accordance with AASB 139) classifies each of its investments into one of the following categories for measurement purposes:

- financial assets at fair value through profit or loss,
- loans and receivables,
- held-to-maturity investments, and
- available-for-sale financial assets.

Each classification depends on the purpose/intention for which the investment was acquired & at the time it was acquired.

Management determines each Investment classification at the time of initial recognition and reevaluates this designation at each reporting date.

(i) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets that are "held for trading".

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

A financial asset is classified in the "held for trading" category if it is acquired principally for the purpose of selling in the short term.

Derivatives are classified as held for trading unless they are designated as hedges.

Assets in this category are primarily classified as current assets as they are primarily held for trading &/or are expected to be realised within 12 months of the balance sheet date.

(ii) Loans and receivables

Loans and receivables are non derivative financial assets with fixed or determinable payments that are not quoted in an active market.

They arise when the Council provides money, goods or services directly to a debtor with no intention (or in some cases ability) of selling the resulting receivable.

They are included in current assets, except for those with maturities greater than 12 months after the balance sheet date which are classified as noncurrent assets.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Council's management has the positive intention and ability to hold to maturity.

In contrast to the "Loans & Receivables" classification, these investments are generally quoted in an active market.

Held-to-maturity financial assets are included in noncurrent assets, except for those with maturities less than 12 months from the reporting date, which are classified as current assets.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are nonderivatives that are either designated in this category or not classified in any of the other categories.

Investments must be designated as available-forsale if they do not have fixed maturities and fixed or determinable payments and management intends to hold them for the medium to long term.

Accordingly, this classification principally comprises marketable equity securities, but can include all types of financial assets that could otherwise be classified in one of the other investment categories.

They are generally included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date or the term to maturity from the reporting date is less than 12 months.

Financial Assets – Reclassification

Council may choose to reclassify a non-derivative trading financial asset out of the held-for-trading category if the financial asset is no longer held for the purpose of selling it in the near term.

Financial assets other than loans and receivables are permitted to be reclassified out of the held-for-trading category only in rare circumstances arising from a single event that is unusual and highly unlikely to recur in the near term.

Council may also choose to reclassify financial assets that would meet the definition of loans and receivables out of the held-for-trading or availablefor-sale categories if it has the intention and ability to hold these financial assets for the foreseeable future or until maturity at the date of reclassification.

Reclassifications are made at fair value as of the reclassification date. Fair value becomes the new cost or amortised cost as applicable, and no reversals of fair value gains or losses recorded before reclassification date are subsequently made.

Effective interest rates for financial assets reclassified to loans and receivables and held-tomaturity categories are determined at the reclassification date. Further increases in estimates of cash flows adjust effective interest rates prospectively.

General Accounting & Measurement of Financial Instruments:

(i) Initial Recognition

Investments are initially recognised (and measured) at fair value, plus in the case of investments not at

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

"fair value through profit or loss", directly attributable transactions costs

Purchases and sales of investments are recognised on trade-date - the date on which the Council commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Council has transferred substantially all the risks and rewards of ownership.

(ii) Subsequent Measurement

Available-for-sale financial assets and financial assets at fair value through profit and loss are subsequently carried at fair value.

Loans and receivables and **held-to-maturity** investments are carried at amortised cost using the effective interest method.

Realised and unrealised gains and losses arising from changes in the fair value of the financial assets classified as **"fair value through profit or loss"** category are included in the income statement in the period in which they arise.

Unrealised gains and losses arising from changes in the fair value of non monetary securities classified as **"available-for-sale"** are recognised in equity in the available-for-sale investments revaluation reserve.

When securities classified as **"available-for-sale"** are sold or impaired, the accumulated fair value adjustments are included in the income statement as gains and losses from investment securities.

Impairment

Council assesses at each balance date whether there is objective evidence that a financial asset or group of financial assets is impaired.

A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. If there is evidence of impairment for any of Council's financial assets carried at amortised cost (eg. loans and receivables), the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate.

The carrying amount of the asset is reduced and the amount of the loss is recognised in profit or loss. If a loan or held-to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

As a practical expedient, the group may measure impairment on the basis of an instrument's fair value using an observable market price.

(iii) Types of Investments

Council has an approved Investment Policy in order to undertake its investment of money in accordance with (and to comply with) Section 625 of the Local Government Act and S212 of the LG (General) Regulation 2005.

Investments are placed and managed in accordance with the Policy and having particular regard to authorised investments prescribed under the Ministerial Local Government Investment Order.

Council maintains its investment Policy in compliance with the Act and ensures that it or its representatives exercise care, diligence and skill that a prudent person would exercise in investing Council funds.

Council amended its policy following revisions to the Ministerial Local Government Investment Order arising from the Cole Inquiry recommendations. Certain investments that Council holds are no longer prescribed (eg. managed funds, CDOs, and equity linked notes), however they have been retained under grandfathering provisions of the Order. These will be disposed of when most financially advantageous to Council.

(g) Fair value estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques.

Council uses a variety of methods and makes assumptions that are based on market conditions existing at each balance date.

Quoted market prices or dealer quotes for similar instruments are used for long-term debt instruments held.

If the market for a financial asset is not active (and for unlisted securities), the Council establishes fair value by using valuation techniques.

These include reference to the fair values of recent arm's length transactions, involving the same instruments or other instruments that are substantially the same, discounted cash flow analysis, and option pricing models refined to reflect the issuer's specific circumstances.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values.

The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Council for similar financial instruments.

(h) Receivables

Receivables are initially recognised at fair value and subsequently measured at amortised cost, less any provision for impairment.

Receivables (excluding Rates & Annual Charges) are generally due for settlement no more than 30 days from the date of recognition.

The collectibility of receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off in accordance with Council's policy.

A provision for impairment (ie. an allowance account) relating to receivables is established when

there is objective evidence that the Council will not be able to collect all amounts due according to the original terms of each receivable.

The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate.

Impairment losses are recognised in the Income Statement within other expenses.

When a receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account.

Subsequent recoveries of amounts previously written off are credited against other expenses in the income statement.

(i) Inventories

Raw Materials and Stores, Work in Progress and Finished Goods

Raw materials and stores, work in progress and finished goods in respect of business undertakings are all stated at the lower of cost and net realisable value.

Cost comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Costs are assigned to individual items of inventory on the basis of weighted average costs.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Inventories held in respect of non-business undertakings have been valued at cost subject to adjustment for loss of service potential.

Land Held for Resale/Capitalisation of Borrowing Costs

Land held for resale is stated at the lower of cost and net realisable value.

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

Cost is assigned by specific identification and includes the cost of acquisition, and development and borrowing costs during development.

When development is completed borrowing costs and other holding charges are expensed as incurred.

Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made.

Borrowing costs incurred while active development is interrupted for extended periods are recognised as expenses.

(j) Infrastructure, Property, Plant and Equipment (I,PP&E)

Acquisition of assets

Council's non current assets are continually revalued (over a 5 year period) in accordance with the fair valuation policy as mandated by the Office of Local Government.

At balance date, the following classes of I,PP&E were stated at their Fair Value;

- Water and Sewerage Networks (External Valuation)
- Operational Land (External Valuation)
- Buildings Specialised/Non Specialised (External Valuation)
- Plant and Equipment (as approximated by depreciated historical cost)
- Roads Assets incl. roads, bridges & footpaths (External Valuation)
- Drainage Assets (External Valuation)
- Bulk Earthworks (External Valuation)
- Community Land (External Valuation)
- Land Improvements

(as approximated by depreciated historical cost)

- Other Structures (External Valuation)

- Other Assets

(as approximated by depreciated historical cost)

Initial Recognition

On initial recognition, an assets cost is measured at its fair value, plus all expenditure that is directly attributable to the acquisition.

Where settlement of any part of an asset's cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of recognition (ie. date of exchange) of the asset to arrive at fair value.

The discount rate used is the Council's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions. Where infrastructure, property, plant and equipment assets are acquired for no cost or for an amount other than cost, the assets are recognised in the financial statements at their fair value at acquisition date - being the amount that the asset could have been exchanged between knowledgeable willing parties in an arm's length transaction.

Subsequent costs

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably.

All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Asset Revaluations (including Indexation)

In accounting for Asset Revaluations relating to Infrastructure, Property, Plant & Equipment:

- Increases in the combined carrying amounts of asset classes arising on revaluation are credited to the asset revaluation reserve.
- To the extent that a net asset class increase reverses a decrease previously recognised via the profit or loss, then increase is first recognised in profit or loss.
- Net decreases that reverse previous increases of the same asset class are first charged against

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

revaluation reserves directly in equity to the extent of the remaining reserve attributable to the asset, with all other decreases charged to the Income statement.

Water and sewerage network assets are indexed annually between full revaluations in accordance with the latest indices provided in the NSW Office of Water - Rates Reference Manual.

For all other assets, Council assesses at each reporting date whether there is any indication that a revalued asset's carrying amount may differ materially from that which would be determined if the asset were revalued at the reporting date.

If any such indication exists, Council determines the asset's fair value and revalues the asset to that amount.

Full revaluations are undertaken for all assets on a 5 year cycle.

Capitalisation Thresholds

Items of infrastructure, property, plant and equipment are not capitalised unless their cost of acquisition exceeds the following;

Land

| - council land | 100% Capitalised |
|--|------------------|
| - open space | 100% Capitalised |
| - land under roads (purchases after 30/6/08) | 100% Capitalised |

| Plant & Equipment Office Furniture Office Equipment Vehicles & Road Making Equipment Other Plant & Equipment | > \$5,000 > \$5,000 > \$5,000 > \$5,000 |
|--|--|
| Buildings & Land Improvements Park Furniture & Equipment | > \$10,000 |
| Building - construction/extensions - renovations | 100% Capitalised > \$20,000 |
| Other Structures | > \$5,000 |
| Water & Sewer Assets Reticulation extensions Other | > \$10,000 > \$10,000 |

| Stormwater Assets Drains & Culverts Other | > \$10,000 > \$10,000 |
|---|--------------------------|
| Transport Assets Road construction & reconstruction Reseal/Re-sheet & major repairs | > \$20,000 > \$20,000 |
| Bridge construction & reconstruction | > \$20,000 |

Depreciation

Depreciation on Council's infrastructure, property, plant and equipment assets is calculated using the straight line method in order to allocate an assets cost (net of residual values) over its estimated useful life.

Land is not depreciated.

Estimated useful lives for Council's I,PP&E include:

Plant & Equipment

| - Office Equipment | 5 to 10 years |
|--|----------------|
| - Office furniture | 10 to 20 years |
| Computer Equipment | 3 years |
| - Vehicles | 5 to 8 years |
| - Heavy Plant/Road Making equip. | 5 to 8 years |
| - Other plant and equipment | 5 to 15 years |
| | - |

Other Equipment - Playground equipment 5 to 15 years - Benches, seats etc 10 to 20 years Buildings - Buildings : Masonry 50 to 100 years - Buildings : Other 15 to 40 years Water & Sewer Assets - Dams and reservoirs 25 to 150 years - Bores 20 to 40 years 70 to 80 years - Reticulation pipes : PVC - Reticulation pipes : Other 25 to 75 years - Pumps and telemetry 15 years **Stormwater Assets**

- Drains

| - Dialits | | |
|------------|--|--|
| - Culverts | | |

50 to 60 years 50 to 60 years

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

| Other Infrastructure Assets - Bulk earthworks | Infinite | |
|--|---|--|
| Transportation Assets - Sealed Roads : Surface - Sealed Roads : Structure - Unsealed roads - Bridges - Kerb, Gutter & Paths | 12 years 50 to 60 years 10 to 18 years 100 years 30 to 70 years | |

All asset residual values and useful lives are reviewed and adjusted (if appropriate), at each reporting date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount – refer Note 1(s) on Asset Impairment.

Disposal and De-recognition

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in Council's Income Statement in the year the asset is derecognised.

(k) Land

Land (other than Land under Roads) is in accordance with Part 2 of Chapter 6 of the Local Government Act (1993) classified as either Operational or Community.

This classification of Land is disclosed in Note 9(a).

(I) Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008 in accordance with AASB 1051.

Land under roads acquired after 1 July 2008 is recognised in accordance with AASB 116 – Property, Plant and Equipment.

(m) Intangible Assets

IT Development and Software

Costs incurred in developing products or systems and costs incurred in acquiring software and licenses that will contribute to future period financial benefits through revenue generation and/or cost reduction are capitalised to software and systems.

Costs capitalised include external direct costs of materials and service, direct payroll and payroll related costs of employees' time spent on the project.

Amortisation is calculated on a straight line bases over periods generally ranging from 3 to 5 years.

IT development costs include only those costs directly attributable to the development phase and are only recognised following completion of technical feasibility and where Council has an intention and ability to use the asset.

(n) Crown Reserves

Crown Reserves under Council's care and control are recognised as assets of the Council.

While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated.

Improvements on Crown Reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating the reserves are recognised within Council's Income Statement.

Representations are currently being sought across State and Local Government to develop a consistent accounting treatment for Crown Reserves across both tiers of government.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

(o) Rural Fire Service assets

Under section 119 of the Rural Fires Act 1997, "all fire fighting equipment purchased or constructed wholly or from money to the credit of the Fund is to be vested in the council of the area for or on behalf of which the fire fighting equipment has been purchased or constructed".

At present, the accounting for such fire fighting equipment is not treated in a consistent manner across all Councils.

Until such time as discussions on this matter have concluded and the legislation changed, Council will continue to account for these assets as it has been doing in previous years, which is to incorporate the assets, their values and depreciation charges within these financial statements

(p) Investment property

Council does not currently hold any Investment Properties.

(q) Provisions for close down, restoration and for environmental clean up costs – including Tips and Quarries

Close down, Restoration and Remediation costs include the dismantling and demolition of infrastructure, the removal of residual materials and the remediation of disturbed areas.

Estimated close down and restoration costs are provided for in the accounting period when the obligation arising from the related disturbance occurs, whether this occurs during the development or during the operation phase, based on the net present value of estimated future costs.

Provisions for close down and restoration costs do not include any additional obligations which are expected to arise from future disturbance.

Costs are estimated on the basis of a closure plan.

The cost estimates are calculated annually during the life of the operation to reflect known developments, eg updated cost estimates and revisions to the estimated lives of operations, and are subject to formal review at regular intervals. Close down, Restoration and Remediation costs are a normal consequence of tip and quarry operations, and the majority of close down and restoration expenditure is incurred at the end of the life of the operations.

Although the ultimate cost to be incurred is uncertain, Council estimates the respective costs based on feasibility and engineering studies using current restoration standards and techniques.

The amortisation or 'unwinding' of the discount applied in establishing the net present value of provisions is charged to the income statement in each accounting period.

This amortisation of the discount is disclosed as a borrowing cost in Note 4(b).

Other movements in the provisions for Close down, Restoration and Remediation costs including those resulting from new disturbance, updated cost estimates, changes to the estimated lives of operations and revisions to discount rates are capitalised within property, plant and equipment. These costs are then depreciated over the lives of the assets to which they relate.

Where rehabilitation is conducted systematically over the life of the operation, rather than at the time of closure, provision is made for the estimated outstanding continuous rehabilitation work at each balance sheet date and the cost is charged to the income statement.

Provision is made for the estimated present value of the costs of environmental clean up obligations outstanding at the balance sheet date. These costs are charged to the income statement.

Movements in the environmental clean up provisions are presented as an operating cost, except for the unwind of the discount which is shown as a borrowing cost.

Remediation procedures generally commence soon after the time the damage, remediation process and estimated remediation costs become known, but may continue for many years depending on the nature of the disturbance and the remediation techniques.

As noted above, the ultimate cost of environmental remediation is uncertain and cost estimates can vary in response to many factors including changes to the

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

relevant legal requirements, the emergence of new restoration techniques or experience at other locations.

The expected timing of expenditure can also change, for example in response to changes in quarry reserves or production rates.

As a result there could be significant adjustments to the provision for close down and restoration and environmental clean up, which would affect future financial results.

Specific Information relating to Council's provisions relating to Close down, Restoration and Remediation costs can be found at Note 26.

(r) Non-Current Assets (or Disposal Groups) "Held for Sale" & Discontinued Operations

Council does not currently have any Non – Current Assets "Held for Sale" or Discontinued Operations.

(s) Impairment of assets

All Council's I,PP&E is subject to an annual assessment of impairment.

Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Where an asset is not held principally for cash generating purposes (for example Infrastructure Assets) and would be replaced if the Council was deprived of it then depreciated replacement cost is used as value in use, otherwise value in use is estimated by using a discounted cash flow model.

Non-financial assets (other than goodwill) that suffered a prior period impairment are reviewed for possible reversal of the impairment at each reporting date. Goodwill & other Intangible Assets that have an indefinite useful life and are not subject to amortisation are tested annually for impairment.

(t) Payables

These amounts represent liabilities and include goods and services provided to the Council prior to the end of financial year which are unpaid.

The amounts for goods and services are unsecured and are usually paid within 30 days of recognition.

(u) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred.

Borrowings are subsequently measured at amortised cost.

Amortisation results in any difference between the proceeds (net of transaction costs) and the redemption amount being recognised in the Income Statement over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

(v) Borrowing costs

Borrowing costs are expensed.

(w) Provisions

Provisions for legal claims, service warranties and other like liabilities are recognised when:

- Council has a present legal or constructive obligation as a result of past events;
- it is more likely than not that an outflow of resources will be required to settle the obligation; and
- the amount has been reliably estimated.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole.

A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date.

The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability.

The increase in the provision due to the passage of time is recognised as interest expense.

(x) Employee benefits

(i) Short Term Obligations

Short term employee benefit obligations include liabilities for wages and salaries (including nonmonetary benefits), annual leave and vesting sick leave expected to be wholly settled within the 12 months after the reporting period.

Leave liabilities are recognised in the provision for employee benefits in respect of employees' services up to the reporting date with other short term employee benefit obligations disclosed under payables.

These provisions are measured at the amounts expected to be paid when the liabilities are settled.

All other short-term employee benefit obligations are presented as payables.

Liabilities for non vesting sick leave are recognised at the time when the leave is taken and measured at the rates paid or payable, and accordingly no Liability has been recognised in these reports. Wages & salaries, annual leave and vesting sick leave are all classified as Current Liabilities.

(ii) Other Long Term Obligations

The liability for all long service and annual leave in respect of services provided by employees up to the reporting date (which is not expected to be wholly settled within the 12 months after the reporting period) are recognised in the provision for employee benefits.

These liabilities are measured at the present value of the expected future payments to be made using the projected unit credit method.

Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

Expected future payments are then discounted using market yields at the reporting date based on national government bonds with terms to maturity and currency that match as closely as possible the estimated future cash outflows.

Due to the nature of when and how Long Service Leave can be taken, all Long Service Leave for employees with 4 or more years of service has been classified as Current, as it has been deemed that Council does not have the unconditional right to defer settlement beyond 12 months – even though it is not anticipated that all employees with more than 4 years service (as at reporting date) will apply for and take their leave entitlements in the next 12 months.

(iii) Retirement benefit obligations

All employees of the Council are entitled to benefits on retirement, disability or death.

Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

Defined Benefit Plans

A liability or asset in respect of defined benefit superannuation plans would ordinarily be recognised in the balance sheet, and measured as the present value of the defined benefit obligation at the reporting date plus unrecognised actuarial gains (less unrecognised actuarial losses) less the fair value of

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

the superannuation fund's assets at that date and any unrecognised past service cost.

The present value of the defined benefit obligation is based on expected future payments which arise from membership of the fund to the reporting date, calculated annually by independent actuaries using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

However, when this information is not reliably available, Council can account for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans - i.e. as an expense when they become payable.

Council is party to an Industry Defined Benefit Plan under the Local Government Superannuation Scheme, named the "Local Government Superannuation Scheme – Pool B"

This Scheme has been deemed to be a "multi employer fund" for the purposes of AASB 119.

Sufficient information is not available to account for the Scheme as a defined benefit plan (in accordance with AASB 119) because the assets to the scheme are pooled together for all Councils.

The last valuation of the Scheme was performed by Mr Martin Stevenson BSc, FIA, FIAA on 20 February 2013.

However the position is monitored annually and the Actuary has estimated that as at 30 June 2015 the prior period deficit still exists.

Effective from 1 July 2009, employers are required to contribute additional contributions to assist in extinguishing this deficit.

The amount of employer contributions to the defined benefit section of the Local Government Superannuation Scheme and recognised as an expense and disclosed as part of Superannuation Expenses at Note 4(a) for the year ending 30 June 2015 was \$221,132.57.

The amount of additional contributions included in the total employer contribution advised above is \$138,852.96.

The share of this deficit that can be broadly attributed to Council is estimated to be in the order of \$ 363,715.80 as at 30 June 2015.

Council's share of that deficiency cannot be accurately calculated as the Scheme is a mutual arrangement where assets and liabilities are pooled together for all member councils.

For this reason, no liability for the deficiency has been recognised in these financial statements.

Council has, however, disclosed a contingent liability in Note 18 to reflect the possible obligation that may arise should the Scheme require immediate payment to correct the deficiency.

Defined Contribution Plans

Contributions to Defined Contribution Plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(iv) Employee Benefit On-Costs

Council has recognised at year end the aggregate on-cost liabilities arising from employee benefits, and in particular those on-cost liabilities that will arise when payment of current employee benefits is made in future periods.

These amounts include Superannuation and Workers Compensation expenses which will be payable upon the future payment of certain Leave Liabilities accrued as at 30/06/15.

(y) Self insurance

Council does not self insure.

(z) Allocation between current and non-current assets & liabilities

In the determination of whether an asset or liability is classified as current or non-current, consideration is given to the time when each asset or liability is expected to be settled.

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle.

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

Exceptions

In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months (such as vested long service leave), the liability is classified as current even if not expected to be settled within the next 12 months.

In the case of inventories that are "held for trading", these are also classified as current even if not expected to be realised in the next 12 months.

(aa) Taxes

The Council is exempt from both Commonwealth Income Tax and Capital Gains Tax.

Council does however have to comply with both Fringe Benefits Tax and Goods and Services Tax (GST).

Goods & Services Tax (GST)

Income, expenses and assets are all recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO).

In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of the revenue / expense.

Receivables and payables within the Balance Sheet are stated inclusive of any applicable GST.

The net amount of GST recoverable from or payable to the ATO is included as a current asset or current liability in the Balance Sheet.

Operating cash flows within the Cash Flow Statement are on a gross basis, ie. they are inclusive of GST where applicable.

Investing and Financing cash flows are treated on a net basis (where recoverable form the ATO), ie. they are exclusive of GST. Instead, the GST component of investing and financing activity cash flows which are recoverable from or payable to the ATO are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from (or payable to) the ATO.

(ab) New accounting standards and interpretations

Certain new (or amended) accounting standards and interpretations have been published that are not mandatory for reporting periods ending 30 June 2015.

Council has not adopted any of these standards early.

Council's assessment of the impact of these new standards and interpretations is set out below.

Apart from the AASB disclosures below, there are no other standards that are "not yet effective" which are expected to have a material impact on Council in the current or future reporting periods and on foreseeable future transactions.

Applicable to Local Government:

AASB 9 - Financial Instruments (and associated amending standards)

AASB 9 replaces AASB 139 Financial Instruments: Recognition and Measurement and has an effective date for reporting periods beginning on or after 1 January 2018 (and must be applied retrospectively).

The overriding impact of AASB 9 is to change the requirements for the classification, measurement and disclosures associated with financial assets.

Under the new requirements the four current categories of financial assets stipulated in AASB 139 will be replaced with two measurement categories:

- fair value and
- amortised cost (where financial assets will only be able to be measured at amortised cost where very specific conditions are met).

AASB 15 - Revenue from contracts with customers and associated amending standards

AASB 15 will introduce a five step process for revenue recognition with the core principle of the new Standard being that entities recognise revenue so as to depict the transfer of goods or services to customers in amounts that reflect the consideration (that is, payment) to which the entity expects to be entitled in exchange for those goods or services.

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

The changes in revenue recognition requirements in AASB 15 may cause changes to accounting policies relating to the timing and amount of revenue recorded in the financial statements as well as additional disclosures.

The full impact of AASB 15 has not yet been ascertained or quantified.

AASB 15 will replace AASB 118 which covers contracts for goods and services and AASB 111 which covers construction contracts.

The effective date of this standard is for annual reporting periods beginning on or after 1 January 2017.

AASB 124 - Related Party Disclosures

From 1 July 2016, AASB 124 Related Party Disclosures will apply to Council.

This means that Council will be required to disclose information about related parties and Council transactions with those related parties.

Related parties will more than likely include the Mayor, Councillors and certain Council staff. In addition, the close family members of those people and any organisations that they control or are associated with will be classified as related parties (and fall under the related party reporting requirements).

AASB 2014 - 10 Sale or contribution of Assets between an Investor and its Associate or Joint Venture

The amendments address an acknowledged inconsistency between the requirements in AASB 10 and those in AASB 128 (2011), in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

The main consequence of the amendments is that a full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not).

A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary.

The effective date of this standard is for annual reporting periods beginning on or after 1 January 2016.

This standard will only impact Council where there has been a sale or contribution of assets between the entity and the associate/joint venture.

AASB 2014 - 3 Amendments to Australian Accounting Standards - Accounting for Acquisitions of Interests in Joint Operations [AASB 1 and AASB 11]

This Standard amends AASB 11 to provide guidance on the accounting for acquisitions of interests in joint operations in which the activity constitutes a business.

The amendments require:

- (a) the acquirer of an interest in a joint operation in which the activity constitutes a business, as defined in AASB 3 Business Combinations, to apply all of the principles on business combinations accounting in AASB 3 and other Australian Accounting Standards except for those principles that conflict with the guidance in AASB 11; and
- (b) the acquirer to disclose the information required by AASB 3 and other Australian Accounting Standards for business combinations.

This Standard also makes an editorial correction to AASB 11.

The effective date of this standard is for annual reporting periods beginning on or after 1 January 2016.

If a joint operation is acquired during the reporting period, then this standard clarifies the accounting for the acquisition to be in accordance with AASB 3, i.e. assets and liabilities acquired to be measured at fair value.

Not applicable to Local Government per se;

None

(ac) Rounding of amounts

Unless otherwise indicated, amounts in the financial statements have been rounded off to the nearest thousand dollars.

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 1. Summary of Significant Accounting Policies

(ad) Comparative Figures

To ensure comparability with the current reporting period's figures, some comparative period line items and amounts may have been reclassified or individually reported for the first time within these financial statements and/or the notes.

(ae) Disclaimer

Nothing contained within these statements may be taken to be an admission of any liability to any person under any circumstance.

Note 2(b). Council Functions / Activities - Component Descriptions

Details relating to the Council's functions / activities as reported in Note 2(a) are as follows:

GOVERNANCE

Costs relating to the Council's role as a component of democratic government, including elections, members' fees and expenses, subscriptions to local authority associations, meetings of council and policy making committees, area representation and public disclosure and compliance.

ADMINISTRATION

Corporate Support and Other Support Services (not otherwise attributed to the listed functions / activities).

PUBLIC ORDER & SAFETY

Fire protection, animal control, enforcement of local government regulations, emergency services, other.

HEALTH

Inspection, immunisations, food control, health centres, other, administration.

ENVIRONMENT

Noxious plants and insect/vermin control, other environmental protection, solid waste management, street cleaning, drainage, stormwater management.

COMMUNITY SERVICES & EDUCATION

Administration, family day care, child care, youth services, other family and children, aged and disabled, migrant services, Aboriginal services, other community services, education.

HOUSING & COMMUNITY AMENITIES

Housing, town planning, street lighting, other sanitation and garbage, public cemeteries, public conveniences,

WATER SUPPLIES SEWERAGE SERVICES

RECREATION & CULTURE

Public libraries, museums, art galleries, community centres, public halls, other cultural services, swimming pools, sporting grounds, parks and gardens (lakes), other sport and recreation.

AGRICULTURE

MINING, MANUFACTURING & CONSTRUCTION

Building control, abattoirs, quarries & pits, other.

TRANSPORT & COMMUNICATION

Urban roads, sealed rural roads, unsealed rural roads, bridges, footpaths, aerodromes, parking areas, bus shelters and services, water transport, RMS works, other.

ECONOMIC AFFAIRS

Camping areas, caravan parks, tourism and area promotion, industrial development promotion, saleyards and markets, real estate development, commercial nurseries, other business undertakings.

Notes

^{(1) - (4)} Refer to Notes at Note 13a(i) above.

⁽⁵⁾ General Fund refers to all of Council's activities except for its Water & Sewer activities which are listed separately.

Note 14. Investment Properties

Council has not classified any Land or Buildings as "Investment Properties"

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 15. Financial Risk Management

\$ '000

Risk Management

Council's activities expose it to a variety of financial risks including (1) price risk, (2) credit risk, (3) liquidity risk and (4) interest rate risk.

The Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by Council's Finance Section under policies approved by the Council.

A comparison by category of the carrying amounts and fair values of Council's Financial Assets & Financial Liabilities recognised in the financial statements is presented below.

| | Carrying Value | | Fair V | alue |
|---|----------------|--------|--------|--------|
| | 2015 | 2014 | 2015 | 2014 |
| Financial Assets | | | | |
| Cash and Cash Equivalents | 13,909 | 8,017 | 13,909 | 8,017 |
| Investments | | | | |
| - "Held for Trading" | - | - | - | - |
| - "Designated At Fair Value on Initial Recognition" | 1,484 | 2,995 | 1,484 | - |
| - "Held to Maturity" | - | - | - | 2,995 |
| - "Loans & Receivables" | - | - | - | - |
| - "Available for Sale" | - | - | - | - |
| Receivables | 4,517 | 3,580 | 4,517 | 3,580 |
| Other Financial Assets | | - | - | - |
| Total Financial Assets | 19,910 | 14,592 | 19,910 | 14,592 |
| Financial Liabilities | | | | |
| Bank Overdraft | - | - | - | - |
| Payables | 2,346 | 2,160 | 2,346 | 2,160 |
| Loans / Advances | 8,610 | 4,904 | 8,610 | 4,223 |
| Lease Liabilities | | - | - | - |
| Total Financial Liabilities | 10,956 | 7,064 | 10,956 | 6,383 |

Fair Value is determined as follows:

- Cash & Cash Equivalents, Receivables, Payables are estimated to be the carrying value which approximates mkt value.
- Borrowings & Held to Maturity Investments are based upon estimated future cash flows discounted by the current market interest rates applicable to assets & liabilities with similar risk profiles, unless quoted market prices are available.
- Financial Assets classified (i) **"at fair value through profit & loss"** or (ii) **Available for Sale** are based upon quoted market prices (in active markets for identical investments) at the reporting date or independent valuation.

Refer to Note 27 - Fair Value Measurement for information regarding the fair value of financial assets & liabilities

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 15. Financial Risk Management (continued)

\$ '000

(a) Cash & Cash Equivalents, Financial assets 'at fair value through the profit & Loss' "Available-for-sale" financial assets & "Held-to-maturity" Investments

Council's objective is to maximise its return on cash & investments whilst maintaining an adequate level of liquidity and preserving capital.

Council's Finance area manages the Cash & Investments portfolio with the assistance of independent advisors.

Council has an Investment Policy which complies with the Local Government Act & Minister's Investment Order. This Policy is regularly reviewed by Council and it's staff and an Investment Report is tabled before Council on a monthly basis setting out the portfolio breakup and its performance.

The risks associated with the investments held are:

- **Price Risk** the risk that the capital value of Investments may fluctuate due to changes in market prices, whether there changes are caused by factors specific to individual financial instruments or their issuers or are caused by factors affecting similar instruments traded in a market.
- Interest Rate Risk the risk that movements in interest rates could affect returns and income.
- **Credit Risk** the risk that the investment counterparty) will not complete their obligations particular to a financial instrument, resulting in a financial loss to Council be it of a capital or income nature.

Council manages these risks (amongst other measures) by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees.

Council also seeks advice from independent advisers before placing any funds in Cash Equivalents & Investments.

The following represents a summary of the sensitivity of Council's Income Statement and Accumulated Surplus (for the reporting period) due to a change in either the price of a financial asset or the interest rates applicable.

It is assumed that the change in interest rates would have been constant throughout the reporting period.

| | Increase of Val | ues/Rates | Decrease of Val | ues/Rates |
|--|-----------------|-----------|-----------------|-----------|
| 2015 | Profit | Equity | Profit | Equity |
| Possible impact of a 10% movement in Market Values | 148 | 148 | (148) | (148) |
| Possible impact of a 1% movement in Interest Rates | 139 | 139 | (139) | (139) |
| 2014 | | | | |
| Possible impact of a 10% movement in Market Values | 300 | 300 | (300) | (300) |
| Possible impact of a 1% movement in Interest Rates | 80 | 80 | (80) | (80) |

Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 15. Financial Risk Management (continued)

(b) Receivables

Council's major receivables comprise (i) Rates & Annual charges and (ii) User Charges & Fees.

The major risk associated with these receivables is credit risk - the risk that debts due and payable to Council may not be repaid in full.

Council manages this risk by monitoring outstanding debt and employing stringent debt recovery procedures. It also encourages ratepayers to pay their rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of Council to secure a charge over the land relating to the debts - that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates & annual charges at higher than market rates which further encourages the payment of debt.

There are no significant concentrations of credit risk, whether through exposure to individual customers, specific industry sectors and/or regions.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

Council makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

A profile of Council's receivables credit risk at balance date follows:

| | 2015 Rates & | 2015 | 2014 Rates & | 2014 |
|--|-----------------|-------------|-----------------|-------------|
| | Annual | Other | Annual | Other |

Note 15. Financial Risk Management (continued)

\$ '000

(c) Payables & Borrowings

Payables & Borrowings are both subject to liquidity risk - the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer.

Payment terms can (in extenuating circumstances) also be extended & overdraft facilities utilised as required.

The contractual undiscounted cash outflows (ie. principal and interest) of Council's Payables & Borrowings are set out in the maturity table below:

| \$ '000 | Subject | | | | | | | Total | Actual |
|-----------------------------|----------|-------------------|---------|---------|---------------|---------|---------|----------|--------|
| | to no | to no payable in: | | | payable in: C | | Cash | Carrying | |
| | maturity | ≤ 1 Year | 1-2 Yrs | 2-3 Yrs | 3-4 Yrs | 4-5 Yrs | > 5 Yrs | Outflows | Values |
| | | | | | | | | | |
| 2015 | | | | | | | | | |
| Bank Overdraft | - | - | - | - | - | - | - | - | - |
| Trade/Other Payables | 581 | 1,797 | - | - | - | - | - | 2,378 | 2,346 |
| Loans & Advances | - | 1,703 | 1,103 | 1,103 | 1,104 | 1,102 | 4,211 | 10,327 | 8,610 |
| Lease Liabilities | | - | | | | | | | - |
| Total Financial Liabilities | 581 | 3,500 | 1,103 | 1,103 | 1,104 | 1,102 | 4,211 | 12,705 | 10,956 |
| 2014 | | | | | | | | | |
| Bank Overdraft | - | - | - | - | - | - | - | - | - |
| Trade/Other Payables | 551 | 1,609 | - | - | - | - | - | 2,160 | 2,160 |
| Loans & Advances | - | 890 | 871 | 851 | 831 | 810 | 3,069 | 7,322 | 4,904 |
| Lease Liabilities | | | | | | | | | - |
| Total Financial Liabilities | 551 | 2,499 | 871 | 851 | 831 | 810 | 3,069 | 9,482 | 7,064 |

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs & debt servicing requirements. Council manages this risk through the diversification of borrowing types, maturities & interest rate structures.

| The following interest rates were applicable | 20 | 15 | 2014 | | |
|--|----------|---------------|----------|---------------|--|
| to Council's Borrowings at balance date: | Carrying | Average | Carrying | Average | |
| | Value | Interest Rate | Value | Interest Rate | |
| Trade/Other Payables | 2,346 | 0.1% | 2,160 | 0.1% | |
| Loans & Advances - Fixed Interest Rate | 8,610 | 4.8% | 4,904 | 6.0% | |
| Lease Liabilities | | | | 0.0% | |
| | 10,956 | | 7,064 | | |

Notes to the Financial Statements for the financial year ended 30 June 2015

Note 16. Material Budget Variations

\$ '000

Council's Original Financial Budget for 14/15 was adopted by the Council on 19 June 2014.

While the Income Statement included in this General Purpose Financial Report must disclose the Original Budget adopted by Council, the Local Government Act requires Council to review its Financial Budget on a Quarterly Basis, so that it is able to manage the various variations between actuals versus budget that invariably occur throughout the year.

This Note sets out the details of MATERIAL VARIATIONS between Council's Original Budget and its Actual results for the year as per the Income Statement - even though such variations may have been adjusted for during each Quarterly Budget Review.

Note that for Variations* of Budget to Actual :

. .

Material Variations represent those variances that amount to **10%** or more of the original budgeted figure. \mathbf{F} = Favourable Budget Variation, \mathbf{U} = Unfavourable Budget Variation

| Budget | Actual | 2015 Variance* | | |
|-------------|--------|----------------------------|--------------------------------|-----------------------------------|
| 11.289 | 11.156 | (133) | (1%) | U |
| ce is < 10% | , | (100) | (170) | - |
| 7,184 | 7,349 | 165 | 2% | F |
| | | ce is < 10% 7,184 7,349 | ce is < 10% 7,184 7,349 165 | ce is < 10% 7,184 7,349 165 2% |

| Interest & Investment Revenue | 899 | 377 | (522) | (58%) | U |
|---|--------------------|-------------------|-----------------|--------------|-------|
| Lower than budget interest and investment revenue was | s due to a reduce | d cash balance f | rom non-rec | eipt of 2 | |
| quarters of FAGS grants last year and a delay in the dra | awdown of the \$3 | .1m LIRS 2 loan | combined w | ith record I | ow |
| interest rates. Interest on outstanding rates has also fall | llen due to Counci | il's improved deb | ot collection p | process an | d the |
| reversal of prior year impairment was \$40k below budge | et | | | | |

~~~

(500)

Furthermore the budget treated the LIRS refund as interest income but this line item is now included as a grant (\$107k) per the recommendations of the OLG.

| Other Revenues                                        | 1,089              | 862                | (227)           | (21%)       | U   |
|-------------------------------------------------------|--------------------|--------------------|-----------------|-------------|-----|
| The 2015 budget included an expected insurance rel    | imbursement of \$2 | 30k for the Timo   | r Dam fence.    |             |     |
| This has not yet been received.                       |                    |                    |                 |             |     |

Budget variation is due to higher than forecast RMCC works, as well as higher than budget water and sewer related materials and contracts expenditure.

| Cash flows from investing activities are \$1.7m lower<br>of some of Council's capital works, particularly sever<br>of fleet the delivery of which has been delayed by the                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | al large bridge proj                                                                                                                                                                 |                                                                                                                                                                        |                                                                                                                                 |                                                                                                              |                |

Cash Flows from Financing Activities(675)3,7064,381(649.0%)FCash flows from Financing Activities are \$4.3m higher than budget (positive variance) due to Council drawing down<br/>the second LIRS loan worth \$3.1m, entering into a loan for the quarry expansion (\$0.45m), as well as a timing<br/>difference in one of the loan rollovers, which saw the new loan being entered into a day earlier than the previous loan

was rolled over (\$0.6m). Council also restructured some of its loans in the 2014/15 financial year.

#### Notes to the Financial Statements

for the financial year ended 30 June 2015

#### Note 17. Statement of Developer Contributions

#### \$ '000

Council recovers contributions, raises levies & enters into planning agreements on development works that are subject to a development consent issued by Council. All contributions must be spent/utilised for the specific purpose they were levied and any interest applicable to unspent funds must be attributed to remaining funds.

The following tables detail the receipt, interest and use of the above contributions & levies and the value of all remaining funds which are "restricted" in their future use.

| SUMMARY OF CONTRIBUTIONS & LEVIES |         |             |               |          |             |           |            |        | Projections |         | Cumulative   |

Notes to the Financial Statements for the financial year ended 30 June 2015

#### Note 18. Contingencies & Other Assets/Liabilities Not Recognised (continued)

#### \$ '000

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge & disclosure is considered relevant to the users of Council's Financial Report.

#### LIABILITIES NOT RECOGNISED:

#### 1. Guarantees

#### (i) Defined Benefit Superannuation Contribution Plans

Council participates in an employer sponsored Defined Benefit Superannuation Scheme, and makes contributions as determined by the Superannuation Scheme's Trustees.

Member Councils bear responsibility of ensuring there are sufficient funds available to pay out the required benefits as they fall due.

The Schemes most recent full actuarial review indicated that the Net Assets of the Scheme were not sufficient to meet the accrued benefits of the Schemes Defined Benefit member category with member Councils required to make significantly higher contributions in future years.

The Local Government Superannuation Scheme however is unable to provide Council with an accurate estimate of its share of the net deficit and accordingly Council has not recorded any net liability from it's Defined Benefit Scheme obligations in accordance with AASB 119.

Future contributions made to the defined benefit scheme to rectify the net deficit position will be recognised as an expense when they become payable - similar to the accounting for Defined Contributions Plans.

Council's share of this deficit has been broadly estimated to be \$363,715.80 as at 30 June 2015.

#### (ii) Statewide Limited

**Council is a member of Statewide Mutual, a mutual** pool scheme providing liability insurance to Local **Government.** 

Membership includes the potential to share in either the net assets or liabilities of the fund depending on its past performance. Council's share of the Net Assets or Liabilities reflects Councils contributions to the pool and the result of insurance claims within each of the Fund Years.

The future realisation and finalisation of claims incurred but not reported to 30/6 this year may result in future liabilities or benefits as a result of past events that Council will be required to fund or share in respectively.

(iii) StateCover Limited

Council is a member of StateCover Mutual Limited and holds a partly paid share in the entity.

StateCover is a company providing workers compensation insurance cover to the NSW Local **Government Industry and specifically Council.** 

Council has a contingent liability to contribute further equity in the event of the erosion of the Company's capital base as a result of the company's past performance and/or claims experience or as a result of any increased prudential requirements from APRA.

These future equity contributions would be required to maintain the company's minimum level of Net Assets in accordance with its Licence Requirements.

(iv) Other Guarantees

Council has provided no other Guarantees other than those listed above.

Notes to the Financial Statements for the financial year ended 30 June 2015

## Note 18. Contingencies & Other Assets/Liabilities Not Recognised (continued)

#### \$ '000

#### LIABILITIES NOT RECOGNISED (continued):

#### 2. Other Liabilities

#### (i) Third Party Claims

The Council is involved from time to time in various claims incidental to the ordinary course of business including claims for damages relating to its services.

Council believes that it is appropriately covered for all claims through its Insurance Coverage and does not expect any material liabilities to eventuate.

#### (ii) S94 Plans

Council levies Section 94/94A Contributions upon various development across the Council area through the required Contributions Plans.

As part of these Plans, Council has received funds for which it will be required to expend the monies in accordance with those Plans.

As well, these Plans indicate proposed future expenditure to be undertaken by Council, which will be funded by making levies and receipting funds in future years or where a shortfall exists by the use of Council's General Funds.

These future expenses do not yet qualify as liabilities as of the Reporting Date, but represent Councils intention to spend funds in the manner and timing set out in those Plans.

#### (iii) Potential Land Acquisitions due to Planning

Council has classified a number of privately owned land parcels as Local Open Space or Bushland.

As a result, where notified in writing by the various owners, Council will be required to purchase these land parcels.

At reporting date, reliable estimates as to the value of any potential liability (& subsequent land asset) from such potential acquisitions has not been possible.

#### ASSETS NOT RECOGNISED:

#### (i) Land Under Roads

As permitted under AASB 1051, Council has elected not to bring to account Land Under Roads that it owned or controlled up to & including 30/6/08.

#### (ii) Infringement Notices/Fines

Fines & Penalty Income, the result of Council issuing Infringement Notices is followed up and collected by the Infringement Processing Bureau.

Councils Revenue Recognition policy for such income is to account for it as revenue on receipt.

Accordingly, at Year End, there is a potential asset due to Council representing issued but unpaid Infringement Notices.

Due to the limited information available on the status, value and duration of outstanding Notices, Council is unable to determine the value of outstanding income.

Notes to the Financial Statements for the financial year ended 30 June 2015

## Note 19. Interests in Other Entities

#### \$ '000

Council's objectives can and in some cases are best met through the use of separate entities & operations.

These operations and entities range from 100% ownership and control through to lower levels of ownership and control via co-operative arrangements with other Councils, Bodies and other Outside Organisations.

The accounting and reporting for these various entities, operations and arrangements varies in accordance with accounting standards, depending on the level of Councils (i) interest and (ii) control and the type (form) of entity/operation, as follows;

| Controlled Entities (Subsidiaries)<br>Operational arrangements where Council's control (but not necessarily interest) exceeds 50%.                                                                                                                                                                                                                                                                                                                          | Note 19(a) |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| Joint Ventures & Associates<br>Joint Ventures are operational arrangements where the parties that have joint control have<br>rights to the net assets of the arrangement.<br>Associates are separate entities where Council has significant influence over the operations<br>(but neither controls nor jointly controls them).                                                                                                                              | Note 19(b) |
| Joint Operations<br>Operational arrangements where the parties that have joint control have rights to specific<br>assets and obligations for specific liabilities relating to the arrangement rather than a right<br>to the net assets of the arrangement.                                                                                                                                                                                                  | Note 19(c) |
| Unconsolidated Structured Entities<br>Unconsolidated Structured Entities represent "special vehicles" that Council has an interest<br>in but which are not controlled by Council and therefore not consolidated as a Subsidiary,<br>Joint Arrangement or Associate. Attributes of Structured Entities include restricted activities,<br>a narrow and well-defined objective and insufficient equity to finance its activities without<br>financial support. | Note 19(d) |

#### Accounting Recognition:

(i) Subsidiaries disclosed under Note 19(a) and Joint Operations disclosed at Note 19(c) are accounted for on a "line by line" consolidation basis within the Income Statement and Statement of Financial Position.

(ii) Joint Ventures and Associates as per Notes 19(b)(i) & (ii) are accounted for using the Equity Accounting Method and are disclosed as a 1 line entry in both the Income Statement and Statement of Financial Position.

<sup>1</sup> General Fund refers to all Council's activities other than Water & Sewer.

NB. All amounts disclosed above are Gross - that is, they include internal receivables & payables between the Funds.

## Notes to the Financial Statements

for the financial year ended 30 June 2015

Note 21. Financial Result & Financial Position by Fund (continued)

Council did not classify any Non Current Assets or Disposal Groups as "Held for Sale".

## Note 23. Events occurring after the Reporting Date

Events that occur between the end of the reporting period (ending 30 June 2015) and the date when the financial statements are "authorised for issue" have been taken into account in preparing these statements.

Council has adopted the date of receipt of the Auditors' Report as the applicable "authorised for issue" date relating to these General Purpose Financial Statements.

Accordingly, the "authorised for issue" date is 20/10/15.

Events that occur after the Reporting Period represent one of two types:

#### (i) Events that provide evidence of conditions that existed at the Reporting Period

These financial statements (and the figures therein) incorporate all "adjusting events" that provided evidence of conditions that existed at 30 June 2015.

#### (ii) Events that provide evidence of conditions that arose after the Reporting Period

These financial statements (& figures therein) do not incorporate any "non-adjusting events" that have occurred after 30 June 2015 and which are only indicative of conditions that arose after 30 June 2015.

Council is unaware of any material or significant "non-adjusting events" that should be disclosed.

## Note 24. Discontinued Operations

Council has not classified any of its Operations as "Discontinued".

Notes to the Financial Statements

for the financial year ended 30 June 2015

## Note 25. Intangible Assets

|         | Actual | Actual |
|---------|--------|--------|
| \$ '000 | 2015   | 2014   |

Intangible Assets represent identifiable non-monetary asset without physical substance.

#### Intangible Assets are as follows;

| Opening Values:<br>Gross Book Value (1/7)<br>Accumulated Amortisation (1/7)<br>Accumulated Impairment (1/7)<br>Net Book Value - Opening Balance | 381<br>(98)<br> | -<br>-<br> |
|-------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|------------|
| Movements for the year                                                                                                                          |                 |            |

| Effect of a change in discount rates used in PV calculations    | 236   | 138   |
| Effect of a change in other calculation estimates used          | 9     | (18)  |
| Amortisation of discount (expensed to borrowing costs)          | 77    | 69    |
| Total - Reinstatement, rehabilitation and restoration provision | 2,039 | 1,691 |

#### **Amount of Expected Reimbursements**

Of the above Provisions for Reinstatement, Rehabilitation and Restoration works, those applicable to Garbage Services & Waste Management are able to be funded through future charges incorporated within Council's Annual Domestic Waste Management Charge.

#### Provisions for close down and restoration and for environmental clean up costs - Tips and Quarries

#### Restoration

Close down and restoration costs include the dismantling and demolition of infrastructure and the removal of residual materials and remediation of disturbed areas. Estimated close down and restoration costs are provided for in the accounting period when the obligation arising from the related disturbance occurs, whether this occurs during the development or during the operation phase, based on the net present value of estimated future costs.

Provisions for close down and restoration costs do not include any additional obligations which are expected to arise from future disturbance. The costs are estimated on the basis of a closure plan. The cost estimates are calculated annually during the life of the operation to reflect known developments, eg updated cost estimates and revisions to the estimated lives of operations, and are subject to formal review at regular intervals

Close down and restoration costs are a normal consequence of tip and quarry operations, and the majority of close down and restoration expenditure is incurred at the end of the life of the operations. Although the ultimate cost to be incurred is uncertain, Council estimates the respective costs based on feasibility and engineering studies using current restoration standards and techniques.

Other movements in the provisions for close down and restoration costs, including those resulting from new disturbance, updated cost estimates, changes to the estimated lives of operations and revisions to discount rates are capitalised within property, plant and equipment. These costs are then depreciated over the lives of the assets to which they relate.

## Notes to the Financial Statements

for the financial year ended 30 June 2015

## Note 26. Reinstatement, Rehabilitation & Restoration Liabilities (continued)

#### \$ '000

#### Rehabilitation

Where rehabilitation is conducted systematically over the life of the operation, rather than at the time of closure, provision is made for the estimated outstanding continuous rehabilitation work at each reporting date and the cost is charged to the income statement.

Provision is made for the estimated present value of the costs of environmental clean up obligations outstanding at the reporting date. These costs are charged to the income statement. Movements in the environmental clean up provisions are presented as an operating cost, except for the unwinding of the discount which is shown as a borrowing cost.

Remediation procedures generally commence soon after the time the damage, remediation process and estimated remediation costs become known, but may continue for many years depending on the nature of the disturbance and the remediation techniques.

As noted above, the ultimate cost of environmental remediation is uncertain and cost estimates can vary in response to many factors including changes to the relevant legal requirements, the emergence of new restoration techniques or experience at other locations. The expected timing of expenditure can also change, for example in response to changes in quarry reserves or production rates. As a result there could be significant adjustments to the provision for close down and restoration and environmental clean up, which would affect future financial results.

Notes to the Financial Statements for the financial year ended 30 June 2015

## Note 27. Fair Value Measurement

#### \$ '000

The Council measures the following asset and liability classes at fair value on a recurring basis:

- Infrastructure, Property, Plant and Equipment

- Financial Assets & Liabilities

The fair value of assets and liabilities must be estimated in accordance with various Accounting Standards for either recognition and measurement requirements or for disclosure purposes.

AASB 13 Fair Value Measurement requires all assets and liabilities measured at fair value to be assigned to a "level" in the fair value hierarchy as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

| (1) The following table presents all assets and liabilities the | hat have been measured & recognised at |
|-----------------------------------------------------------------|----------------------------------------|
| fair values:                                                    |                                        |

#### **INDEPENDENT AUDIT REPORT** Report on the general purpose financial statements

#### To Warrumbungle Shire Council

#### SCOPE

The financial statements comprises the income statement, statement of comprehensive income, statement of financial position, statement of cash flows, statement of changes in equity, accompanying notes to the financial statements, and the Statement by Councillors and Management in the approved form as required by Section 413(2)(C) of the *Local Government Act 1993* for Warrumbungle Shire Council (the Council), for the year ended 30<sup>th</sup> June 2015.

#### Councils' responsibility for the financial statements

The Council is responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations), the *Local Government Act 1993* and regulations and the Local Government Code of Accounting Practice and Financial Reporting. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that is free of material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### Auditor's responsibility

Our responsibility is to express an opinion on the financial statements to the Council based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Audit Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial statements is free from material misstatement. Our audit responsibility does not extend to the Original Budget figures included in the Income Statement and Cash Flow Statement and the Original Budget disclosures in Notes 2 and 16 and accordingly, we express no opinion on them.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Council's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Council, as well as evaluating the overall presentation of the financial statements.

Page 1

## Knowledge with integrity

Liability limited by a scheme approved under the Professional Standards Legislation

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### INDEPENDENCE

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.

#### AUDIT OPINION

In our opinion:

- (a) The accounting records of the Council have been kept in accordance with the requirements of Division 2 of Part 3 of the *Local Government Act 1993*:
- (b) the general purpose financial statements:
  - (i) have been prepared in accordance with the requirements of Division 2 of Part 3 of the *Local Government Act 1993*;
  - (ii) are consistent with the Council's accounting records; and
  - (iii) presents fairly, in all material respects, the Council's financial position as at 30<sup>th</sup> June 2015 and the results of its operations for the year then ended; and
- (c) we have been able to obtain all information relevant to the conduct of our audit; and
- (d) no material deficiencies in the records or the financial statements were detected in the course of the audit.

Forsyths Business Services Pty Ltd ABN 66 182 781 401

Dear Mayor

#### AUDIT OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2015

We are pleased to report that we have completed the audit of Council's financial statements and records for the year ended 30 June 2015 and have issued an audit opinion on the general purpose financial statements and special purpose financial statements as required by the provisions of Section 417(2) of the *Local Government Act 1993*.

Under Section 417(3) of the Local Government Act 1993 we are also required to report on the conduct of the audit.

#### Council's responsibilities

The Council is responsible for preparing financial statements that give a true and fair view of the financial position and performance of Council, and comply with Accounting Standards in Australia, in accordance with the *Local Government Act 1993*. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial statements.

#### Audit Objectives

We conducted an independent audit of the financial statements in order to express an opinion on them to the Council. Our audit was conducted in accordance with Australian Auditing Standards, in order to provide reasonable assurance as to whether the financial statements are free of material misstatement. Our audit responsibility does not extend to the Original Budget figures included in the Income Statement and Statement of Cash Flows and the Original Budget disclosures in Notes 2 and 16 to the financial statements and accordingly, we express no opinion on them.

The nature of an audit is influenced by factors such as the use of professional judgement, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

Page 1

## Knowledge with integrity

Liability limited by a scheme approved under the Professional Standards Legislation

-Forsyths-

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial statements; and
- ➤ assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the Council.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls. We performed procedures to assess whether the substance of business transactions was accurately reflected in the financial statements. These and other procedures did not include consideration or judgement of the appropriateness or reasonableness of the business plans or strategies adopted by the Council.

We have issued our unqualified audit opinion as required by Section 417(2) of the Local Government Act 1993 on the basis of the foregoing comments.

#### Matters Relating to the Electronic Presentation of the Audited Financial Statements

This auditor's report relates to the financial statements of Warrumbungle Shire Council for the year ended 30 June 2015 included on Warrumbungle Shire Council's web site. Council is responsible for the integrity of it's web site. We have not been engaged to report on the integrity of the Council's web site. The auditor's report refers only to the statements named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements. If users of this report are concerned with the inherent risks arising from electronic data communications they are advised to refer to the hard copy of the audited financial statements to confirm the information included in the audited financial statements presented on this web site.

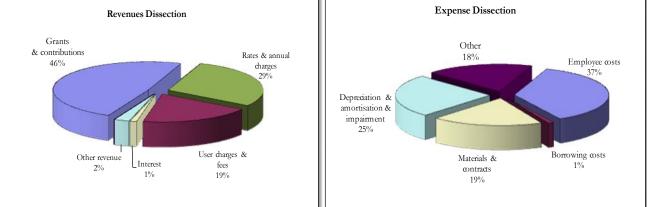

-Forsyths-

## Additional Reporting Requirements

In accordance with Section 417(3) of the *Local Government Act 1993* we make the following comments in relation to the results and financial trends.

The Income Statement for the year ended 30 June 2015 discloses the following result:

Council has reported an operating deficit of \$1.6m for the year compared with a deficit of \$5.9m in the previous year. This result includes grants for capital purposes of \$2.4m. The expenditure of these grants is not recorded in the income statement but capitalised in the Statement of Financial Position. When these capital grants are excluded, Council achieved a deficit of \$4.0m (2014: deficit \$7.1m).

Income overall increased by \$5.6m or 16.9% compared to 2014 due mainly to higher grants and contributions for operating purposes of \$4.9m and higher grants and contributions for capital purposes of \$1.2m which was partially offset by small reductions in interest and other revenues.

Grants and contributions for operating purposes increased due to financial assistance grants returning to normal levels (in 2014 there was only three instalments as the government ceased to prepay instalments in the prior year) as well as higher levels of bushfire and emergency services activities than in the prior year. Further, there was a portion of the one-off grant from the Cobbora Transition Fund classified as operating grants in the income statement.

Grants and contributions for capital purposes increased due to a one-off grant from the Cobbora Transition Fund, split between operating and capital grants in the income statement, which provided Council the opportunity to fund projects to boost future economic growth and improve public amenities.

Expenditure increased by \$1.3m or 3.4% on the previous year due mainly to higher employment costs of \$1.1m as a result of award wage rate plus increases in leave provisions payable and general cost increases across other expense categories.

#### Comparison of actual to budget performance

-Forsyths

The actual operating deficit for the year of \$1.6m compares with the original budget deficit of \$0.7m. The variation of \$0.9m between the actual results and the original budget (excluding revotes) is primarily due to the following:

- Interest income (unfavourable \$0.5m) Council budgeted on higher cash balances and higher interest rates than actually occurred during 2015;
- Other revenues (unfavourable \$0.2m) The budget anticipated insurance reimbursements for the Timor Dam fence which has yet to be received;
- Operating and capital grants and contributions (favourable \$2.2m) grants were above budget due to a one-off grant from the Cobbora Transition Fund and other grants being higher than budgeted;
- Employee costs (unfavourable \$0.8m) employment costs were higher than budget due to less payroll costs being capitalised into infrastructure projects and employee leave provision calculations being higher than included in the budget;
- Materials and Contracts (unfavourable \$0.7m) actual costs were higher than budgeted due to higher than expected Roads and Maritime Contract works and higher operating costs associated with water and sewer maintenance; and
- Other expenses (unfavourable \$0.9m) higher than expected rural fire service activities compared to budget.

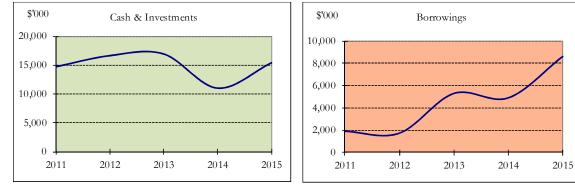

-Forsyths-

The following schedule of assets and liabilities has been extracted from the Statement of Financial Position as at 30 June 2015. This schedule discloses the consolidated assets and liabilities of all functions.

| SCHEDULE OF ASSETS & LIABILITIES              | 2015<br>\$'000 | 2014<br>\$'000 | Variance<br>% |
|-----------------------------------------------|----------------|----------------|---------------|

| Investments accounted for using equity method | 286            | 291            | -1.7%         |
| Infrastructure, Property Plant & Equipment    | 471,592        | 442,871        | 6.5%          |
| TOTAL NON-CURRENT ASSETS                      | 472,724        | 445,283        | 6.2%          |
| NON-CURRENT LIABILITIES                       |                |                |               |
| Provisions                                    | 2,127          | 1,777          | 19.7%         |
| Borrowings                                    | 7,259          | 4,464          | 62.6%         |
| TOTAL NON-CURRENT LIABILITIES                 | 9,386          | 6,241          | 50.4%         |
| NET ASSETS                                    | 476,288        | 446,508        | 6.7%          |

The higher cash and investment levels (current and non-current) of \$4.4m are due to surplus cash from operations and new Local Infrastructure Renewal Scheme (LIRS) loans only partially spent for infrastructure asset renewals.

Total borrowings increased by \$3.7m due to additional borrowings under LIRS to fund bridge replacements.

The increase in infrastructure, property, plant and equipment of \$28.7m is mainly due to the revaluation of infrastructure assets (roads, bridges, storm water drainage and footpaths) of \$31.4m during the year. The remaining net reduction in the infrastructure, property, plant and equipment value of \$2.7m is due to asset additions of \$8.0m being offset by annual depreciation of \$10.1m and asset disposals of \$0.6m.

Other major balance sheet movements include:

- Increase in receivables There was an increase in unpaid grants and contributions debtors at the end of 2015; and
- Increase in provisions (current and non-current) Due to adjustments in the tip and quarry rehabilitation estimates and higher employee entitlement provisions as a result of changes in accounting treatments for on-costs and calculations to comply with accounting standards.

#### WORKING CAPITAL

The Net Current Asset position at year end is an important financial indicator as it discloses the working capital available to Council to fund day to day operations and finance infrastructure and new community projects. The funding of restrictions should also be considered when evaluating funds available for working capital purposes. The following table provides a reconciliation of unrestricted assets:

|                                                              | Water<br>\$'000 | Sewerage<br>\$'000 | DWM<br>\$'000 | General<br>\$'000 | Total<br>\$'000 |
|--------------------------------------------------------------|-----------------|--------------------|---------------|-------------------|-----------------|

| Carry over works            | 406               | 3,506                 | 406                     | 3,506             |
| Bio Solid provision         | 200               | -                     | 200                     | -                 |
| Plant replacement fund      | 1,117             | 5,076                 | 4,271                   | 1,922             |
| Quarry restoration          | 72                | -                     | -                       | 72                |
| Other                       | 20                | -                     | 20                      | -                 |
|                             | 2,936             | 8,688                 | 4,897                   | 6,727             |

The above table demonstrates that the general function has available funds of \$6.8m before setting aside funds in reserves (internal restrictions). After funding \$6.7m of internal restrictions, Council has only a small reserve surplus to fund day to day working capital requirements. Council should consider rebuilding its unrestricted cash reserves in future years.

Internal restrictions are funds Council has earmarked for particular projects or to fund specific operating needs. Council has internally restricted \$1.2m to fund employee leave entitlements. This restriction represents 30% of all leave entitlements. This reserve is considered satisfactory given leave payments expected in the 2015 financial year are included in Council's current year budgets.

The internal restrictions for carry over works increased due to infrastructure works planned to occur in 2015 being deferred to future years.

## LOCAL GOVERNMENT INDUSTRY PERFOMANCE INDICATORS

The Code of Accounting Practice requires the mandatory disclosure of certain performance indicators. These financial indicators are useful in assessing performance, financial position and the likely financial burden to be placed on ratepayers. The key financial indicators disclosed in the financial statements are:

| RATIO                           | PURPOSE                                                                                                                 | 2014   | 2013   | 2012  | 2011  | Benchmarks             |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------|--------|--------|-------|-------|------------------------|
| OPERATING<br>PERFORMANCE RATIO  | To assess councils ability to meet<br>operating expenditure within<br>operating reveune.                                | -11.2% | -22.6% | -3.9% | -9.7% | TCorp>-4%<br>FFF>0%    |
| OWN SOURCE OPERATING<br>REVENUE | To assess the degree of reliance on external funding sources.                                                           | 51%    | 61%    | 55%   | 50%   | TCorp>60%<br>FFF>60%   |

|                                 | To assess the number of months                                                                                          |        |        |       |       |                        |
| CASH EXPENSE COVER<br>RATIO     | council can pay its expenses<br>without additional cash inflow.                                                         | 5.21   | 3.03   | 5.82  | 4.43  | TCorp>3                |

#### Operating performance

An operating performance deficit of 11.2% indicates that Councils operating revenue, excluding capital grants and contributions are insufficient to cover operating expenditure, especially depreciation of infrastructure assets. This compares to the State average deficit of 8.8% and Group 10 average deficit of 16.1% for 2014. The significant improvement in this ratio for 2015 is due to the increase in revenues including the impact of the government ceasing to prepay instalments of the financial assistance grant in the prior year. The Fit for Future benchmark is that councils should average breakeven or better over a three year period.

The ratio shows that Council is only able to fund approximately 61% of its infrastructure needs (as represented by depreciation expense) and that in the long term Council needs to continue to improve its financial performance.

#### Owned source operating revenue

A ratio of 51% highlights that Council has a dependence on grants and contributions and compares to a Group 10 average of 62% and a State average of 70% for 2014. The reduction in the ratio is due to higher grants and contributions (capital and operating) for the 2015 including the higher financial assistance grant and one-off Cobbora Transition Fund grant received in the current year.

The TCorp benchmark for sustainability is to have a ratio of greater than 60% and the Fit for Future benchmark is to average greater than 60% over a three year period.

#### Unrestricted Ratio

The unrestricted ratio excludes all current assets and liabilities that are restricted to specific purposes such as water, sewer, domestic waste management functions and specific purpose unexpended grants & contributions and adjusting for employee entitlements not expected to be settled within 12 months. This ratio is before setting aside cash to fund internal restrictions relative to the general function. The ratio of 2.53 indicates that there is \$2.53 of unrestricted current assets for every \$1.00 of current liabilities. Councils ratio of 2.53 compares to the average of 4.33 for Group 10 Councils and the State average of 3.61 for 2014. The ratio is above the TCorp benchmark of greater than 1.5.

#### Debt service cover ratio

The debt service cover ratio of 7.90 times indicates that council has \$7.90 before interest and deprecation to pay interest and principal repayments on current borrowings. This compares to the Group 10 average of 17.10 and the State average of 89.69 for 2014. The TCorp benchmark for sustainability is to have a ratio of greater than 2.0. The improvement in this ratio for 2015 is due to improvements in the operating result before capital grants, interest and depreciation.

#### Outstanding rate ratio

-Forsyths-

The outstanding rates and charges ratio of 8.4% is an improvement on previous years and indicates that Council have put additional resources into debt collection over the past few years. Council's outstanding rates ratio is still higher than the Group 10 average of 7.74% and the State average of 6.25% for 2014 but is still lower than the TCorp benchmark for rural Council's of less than 10%.

#### Cash expense ratio

The ratio indicates that Council can pay 5.21 months of its expenses without additional cash inflows. This compares to the Group 10 average of 9.40 and the State average of 9.80 for 2014. The TCorp benchmark is to have reserves to meet at least 3 months of operating expenditure

## Key performance indicators by fund

The key financial indicators by fund disclosed in the Financial Statements are:

| RATIO                           | PURPOSE                                                                                                                 | Water          | Sewer            | General                  |                              |

#### Operating performance

An operating performance ratio by fund shows that all funds have been unable to cover all of their operating expenses, especially depreciation expense. The ratio improvement in 2015 in the general fund is due to improvements in operating revenue, especially the higher financial assistance grant. The deterioration in the water fund performance ratio is due to increases in costs during the 2015 year.

#### Owned source operating revenue

-Forsyths-

The ratios show the Councils reliance on grant and contribution funding within the general fund.

## Unrestricted Ratio

The unrestricted ratios show that all funds have sufficient working capital.

#### Debt service cover ratio

The debt service cover ratio by fund shows that Council may have potential to increase borrowings within all of its funds.

## Outstanding rate ratio

The outstanding rate ratio by fund shows that the outstanding rates are very high for the water and sewer funds. We encourage Council to target sewer and water debt collection in order to improve its overall outstanding rates ratio performance.

#### Cash expense ratio

The ratio indicates that all funds have sufficient cash reserves to fund short term operations.

#### Infrastructure Asset Performance Indicators (unaudited)

With the emphasis on "Fit for the Future" we have included comments on unaudited infrastructure asset performance measures disclosed in the Special Schedule 7 are as follows:

| RATIO                                            | PURPOSE                                                                                                       | 2014  | 2013  | 2012  | 2011  | Benchmarks             |
|--------------------------------------------------|---------------------------------------------------------------------------------------------------------------|-------|-------|-------|-------|------------------------|
| BUILDING AND<br>INFRASTRUCTURE<br>RENEWALS RATIO | To assess the proportion spent on<br>infrastructure renewals vs<br>infrastructure deterioration.              | 42.2% | 59.8% | 63.3% | 44.4% | TCorp>100%<br>FFF>100% |
| INFRASTRUCTURE<br>BACKLOG RATIO                  | To assess the infrastructure backlog<br>against the total value of councils<br>infrastructure.                | 5%    | 6%    | 20%   | 27%   | TCop<20%<br>FFF<2%     |
| ASSET MAINTENANCE<br>RATIO                       | To assess the actual vs required<br>annual maintenance expenditure.                                           | 133%  | 108%  | 100%  | 100%  | TCorp>100%<br>FFF>100% |
| CAPITAL EXPENDITURE<br>RATIO                     | To assess the extent to which<br>council is forecasting to expand its<br>asset base with capital expenditure. | 0.73  | 0.99  | 1.21  | 0.75  | TCorp>1.1              |

## Asset Renewal Ratio

The asset renewals ratio outlines Council's performance with renewing its infrastructure assets against the level of estimated infrastructure asset deterioration (as represented by depreciation expense). For 2015 Council spent \$0.42 for every \$1 in estimated asset deterioration. The Group 10 ratio was \$0.80 and the State average ratio was \$0.87 for the 2014 year. The Fit for Future benchmark is to have a three year average of greater than \$1.00.

The current trend in the ratio highlights that Council expended less on asset renewals compared to the estimated reduction in asset condition over the past four years. It should also be noted that Special Schedule 7, which is an <u>unaudited</u> statement prepared in conjunction with the financial

report, discloses that the estimated cost to bring infrastructure assets to a satisfactory standard is \$16.8m.

Council should aim to ensure infrastructure spending keeps pace with "wear and tear" and Council should seek to improve asset condition.

#### Infrastructure backlog ratio

An infrastructure backlog ratio 5% indicates that the infrastructure backlog represents 5% of the value of Councils infrastructure and compares to a Group 10 average of 13.8% and State average of 8.7% for 2014. The fit for the future benchmark is a ratio less than 2%. The ratio has continued to improve over the past four years due to improvements in asset modelling regarding estimating the value of assets below satisfactory condition.

#### Asset maintenance ratio

The asset maintenance ratio of 133% indicates that Council has undertaken sufficient maintenance to keep pace with required maintenance requirements as determine by Council's engineers and maintenance staff. This compares positively to the Group 10 average of 89% and the State average of 90% for 2014. A ratio of greater than 1.0 is considered acceptable by TCorp.

#### Capital expenditure ratio

-Forsyths-

The capital expenditure ratio of 0.73 indicates that Council has expended \$0.73 on capital expenditure for every dollar of depreciation. The TCorp benchmark is for a Council to have a capital expenditure ratio of greater than 1.1.

Overall the infrastructure asset performance indicators show that Council's performance has improved and is acceptable in the short to medium term. However, infrastructure management will need to be a continued focus for Council in the long term especially given the current low renewal ratio trends and the levels of works reported in Special Schedule 7 attached to the financial statements.

The increase in current cash and investments is evident in the following table extracted from the Statement of Cash Flows.

| CASH MOVEMENTS                        | Actual<br>2015 | Actual<br>2014 | Variance |
|---------------------------------------|----------------|----------------|----------|
|                                       | \$'000         | <b>\$'</b> 000 | %        |
| CASH INFLOWS                          |                |                |          |
| Operating Receipts                    | 39,817         | 35,538         | 12.0%    |
| Proceeds from Assets Sales            | 659            | 1,051          | -37.3%   |
| Proceeds from sale of investments     | 1,551          | 0              | 0.0%     |
| Repayment from Deferred Debtors       | 21             | 0              | 0.0%     |
| Proceeds from Borrowings              | 4,146          | 0              | 0.0%     |
| TOTAL RECEIPTS                        | 46,194         | 36,589         | 26.3%    |
| CASH OUTFLOWS                         |                |                |          |
| Operating Payments                    | 31,640         | 31,377         | 0.8%     |
| Purchase of Assets                    | 8,222          | 10,928         | -24.8%   |
| Repayment of Loans                    | 440            | 394            | 11.7%    |
| Other payments                        | 0              | 44             | 0.0%     |
| TOTAL PAYMENTS                        | 40,302         | 42,743         | -5.7%    |
| TOTAL CASH MOVEMENT                   | 5,892          | (6,154)        | -195.7%  |
| Cash assets                           | 13,909         | 8,017          |          |
| Investments (airrent and non-airrent) | 1,484          | 2,995          |          |
| Total Cash & Investments on Hand      | 15,393         | 11,012         | 39.8%    |

Council's cash and investments have increased by \$4.4m after expending \$8.2m on infrastructure and assets and \$0.4m on scheduled repayments of borrowings. This was funded by new borrowings and positive cash flows from operations.

Cash Outflows for "Purchase of Assets" of \$8.2m included road and bridge construction totalling \$5.1m. This compares with the \$5.0m annual rate of depreciation of these assets. The other major asset purchases related to plant and equipment of \$1.7m and intangible assets of \$0.3m.

## **SPECIAL PURPOSE REPORTS**

Council is required to report the financial results of identified Business Units in accordance with National Competition Policy guidelines. The reports are known as Special Purpose Financial Reports and are subject to audit. Council has identified Water, Sewerage and Quarry operations as Category 2 Business Units.

#### Water supply function

The Special Purpose Financial Reports disclose that the Water Supply function recorded an operating deficit (before capital funding) of \$392,000 after allowing for depreciation of \$853,000.

The Net Current Asset position of \$2,836,000 provides a satisfactory working capital balance to meet short to medium operational requirements. We note that Special Schedule No 7, which is an <u>unaudited</u> statement prepared in conjunction with the financial report, discloses that the estimated cost to bring water assets to a satisfactory standard is \$9.4m. Council needs to consider focusing on improving operating surpluses in the fund to build reserves to fund future water asset replacements.

#### Sewerage services

The Sewerage function recorded an operating deficit (before capital funding) of \$70,000 after allowing for depreciation of \$339,000.

The Net Current Assets of \$3,249,000 provides a satisfactory working capital base to meet short to long term operational requirements. Special Schedule No 7, which is an <u>unaudited</u> statement prepared in conjunction with the financial report, discloses that that the estimated cost to bring water assets to a satisfactory standard is \$1.6m.

#### Quarry operations

Council recorded an operating deficit of \$16,000 compared to a surplus of \$84,000 in 2014. Due to economic conditions in the region there has been a decline in quarry sales resulting in a decline in profits. The net current assets of \$260,000 is satisfactory for the size of operations.

#### GENERAL

#### Reporting obligations under the Local Government Act

Council's systems and records have been well maintained during the year and Council's audited accounts will be submitted to the Department of Local Government within the prescribed time provide for in Division 2 of the *Local Government Act 1993*.

Matters of a technical nature have been documented in a management letter to the General Manager.

We take this opportunity of thanking the General Manager and his staff for their co-operation and assistance during the course of the audit.

Under section 419 of the *Local Government Act 1993*, Council is required to give public notice of a Council meeting for the purpose of presenting the audited financial statements and the auditor's report. A Principal of this firm is available to attend this meeting to address any questions in respect of the audit report or the conduct of the audit.

Yours faithfully FORSYTHS BUSINESS SERVICES PTY LTD

## 4. Auditor's Report

#### **Background**

- (i) These Special Purpose Financial Statements have been prepared for the use by both Council and the Division of Local Government in fulfilling their requirements under National Competition Policy.
- (ii) The principle of competitive neutrality is based on the concept of a "level playing field" between persons/entities competing in a market place, particularly between private and public sector competitors.

Essentially, the principle is that government businesses, whether Commonwealth, State or Local, should operate without net competitive advantages over other businesses as a result of their public ownership.

(iii) For Council, the principle of competitive neutrality & public reporting applies only to declared business activities.

These include (a) those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation and (b) those activities with a turnover of over \$2 million that Council has formally declared as a Business Activity (defined as Category 1 activities).

(iv) In preparing these financial statements for Council's self classified Category 1 businesses and ABS defined activities, councils must (a) adopt a corporatisation model and (b) apply full cost attribution including tax equivalent regime payments & debt guarantee fees (where the business benefits from councils borrowing position by comparison with commercial rates).

## Special Purpose Financial Statements

for the financial year ended 30 June 2015

## Statement by Councillors and Management

made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

#### The attached Special Purpose Financial Statements have been prepared in accordance with:

- The NSW Government Policy Statement "Application of National Competition Policy to Local Government".
- The Division of Local Government Guidelines "Pricing & Costing for Council Businesses A Guide to Competitive Neutrality".
- The Local Government Code of Accounting Practice and Financial Reporting.
- The NSW Office of Water (Department of Environment, Climate Change and Water) Guidelines -"Best Practice Management of Water and Sewerage".

#### To the best of our knowledge and belief, these Financial Statements:

- Present fairly the Operating Result and Financial Position for each of Council's declared Business Activities for the year, and
- Accord with Council's accounting and other records.

We are not aware of any matter that would render these Statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 20 August 2015.

## Notes to the Special Purpose Financial Statements for the financial year ended 30 June 2015

## Note 1. Significant Accounting Policies

These financial statements are a Special Purpose Financial Statements (SPFS) prepared for use by Council and the Office of Local Government.

For the purposes of these statements, the Council is not a reporting not-for-profit entity.

The figures presented in these special purpose financial statements, unless otherwise stated, have been prepared in accordance with:

- the recognition and measurement criteria of relevant Australian Accounting Standards,
- other authoritative pronouncements of the Australian Accounting Standards Board (AASB) &
- Australian Accounting Interpretations.

The disclosures in these special purpose financial statements have been prepared in accordance with:

- the Local Government Act and Regulation, and
- the Local Government Code of Accounting Practice and Financial Reporting.

The statements are also prepared on an accruals basis, based on historic costs and do not take into account changing money values nor current values of non-current assets (except where specifically stated).

Certain taxes and other costs (appropriately described) have been imputed for the purposes of the National Competition Policy.

### **National Competition Policy**

Council has adopted the principle of 'competitive neutrality' to its business activities as part of the national competition policy which is being applied throughout Australia at all levels of government.

The framework for its application is set out in the June 1996 Government Policy statement on the *"Application of National Competition Policy to Local Government"*.

The *"Pricing & Costing for Council Businesses A Guide to Competitive Neutrality"* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing & costing guidelines outline the process for identifying and allocating costs to activities and provide a standard of disclosure requirements. These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents; council subsidies; return on investments (rate of return); and dividends paid.

#### **Declared Business Activities**

In accordance with *Pricing & Costing for Council Businesses - A Guide to Competitive Neutrality,* Council has declared that the following are to be considered as business activities:

### Category 1

(where gross operating turnover is over \$2 million)

Nil

### Category 2

(where gross operating turnover is less than \$2 million)

# a. Warrumbungle Shire Council Sewerage Service

All individual Sewerage Services are now combined into one entity known as Warrumbungle Sewerage Fund. This entity incorporates the previous individual Operations and Net Assets of the Sewerage Treatment and Reticulation Systems of the towns Baradine, Coonabarabran, Coolah and Dunedoo.

### b. Warrumbungle Shire Council Combined Water Supply

All individual Water Funds are now combined into one entity known as Warrumbungle Water Fund. This entity incorporates the previous individual Operations and Net Assets of the Water Supply Systems of the towns of Baradine, Binnaway, Coonabarabran, Coolah, Dunedoo and Mendooran.

#### c. Warrumbungle Quarry

#### **Monetary Amounts**

Amounts shown in the financial statements are in Australian currency and rounded to the nearest one thousand dollars, with the exception of some figures disclosed in Note 2 (Water Supply Best Practice Management Disclosures) and Note 3 (Sewerage Best Practice Management Disclosures).

## Notes to the Special Purpose Financial Statements for the financial year ended 30 June 2015

## Note 1. Significant Accounting Policies

As required by the NSW Office of Water (Department of Primary Industries) the amounts shown in Notes 2 and Note 3 are disclosed in whole dollars.

### (i) Taxation Equivalent Charges

Council is liable to pay various taxes and financial duties in undertaking its business activities. Where this is the case, they are disclosed in these statements as a cost of operations just like all other costs.

However, where Council is exempt from paying taxes which are generally paid by private sector businesses (such as income tax), equivalent tax payments have been applied to all Council nominated business activities and are reflected in these financial statements.

For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all council nominated business activities (this does not include council's non-business activities):

#### **Notional Rate Applied %**

#### Corporate Income Tax Rate - 30%

<u>Land Tax</u> – The first **\$432,000** of combined land values attracts **0%**. From \$432,001 to \$2,641,000 the rate is **1.6% + \$100**. For the remaining combined land value that exceeds \$2,641,000, a premium marginal rate of **2.0%** applies.

<u>Payroll Tax</u> – **5.45%** on the value of taxable salaries and wages in excess of \$750,000.

In accordance with the guidelines for Best Practice Management of Water Supply and Sewerage, a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from Water Supply and Sewerage Business activities.

The payment of taxation equivalent charges, referred in the Best Practice Management of Water Supply and Sewerage Guides to as a "Dividend for Taxation equivalent", may be applied for any purpose allowed under the Local Government Act, 1993.

Achievement of substantial compliance against the guidelines for Best Practice Management of Water

Supply and Sewerage is not a prerequisite for the payment of the tax equivalent charges, however the payment must not exceed \$3 per assessment.

#### **Income Tax**

An income tax equivalent has been applied on the profits of each reported Business Activity.

Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account of in terms of assessing the rate of return required on capital invested.

Accordingly, the return on capital invested is set at a pre-tax level (gain/(loss) from ordinary activities before capital amounts) as would be applied by a private sector competitor – that is, it should include a provision equivalent to the corporate income tax rate, currently 30%.

Income Tax is only applied where a positive gain/(loss) from ordinary activities before capital amounts has been achieved.

Since this taxation equivalent is notional - that is, it is payable to the "Council" as the owner of business operations, it represents an internal payment and has no effect on the operations of the council. Accordingly, there is no need for disclosure of internal charges in Council's General Purpose Financial Statements.

The rate applied of 30% is the equivalent company tax rate prevalent as at balance date. No adjustments have been made for variations that have occurred during the year.

#### Local Government Rates & Charges

A calculation of the equivalent rates and charges payable on all Category 1 businesses has been applied to all land assets owned or exclusively used by the Business Activity.

#### Loan & Debt Guarantee Fees

The debt guarantee fee is designed to ensure that council business activities face "true" commercial borrowing costs in line with private sector competitors.

# Notes to the Special Purpose Financial Statements for the financial year ended 30 June 2015

## Note 1. Significant Accounting Policies

In order to calculate a debt guarantee fee, council has determined what the differential borrowing rate would have been between the commercial rate and the council's borrowing rate for its business activities.

### (ii) Subsidies

Government policy requires that subsidies provided to customers and the funding of those subsidies must be explicitly disclosed.

Subsidies occur where council provides services on a less than cost recovery basis. This option is exercised on a range of services in order for council to meet its community service obligations.

Accordingly, Subsidies disclosed (in relation to National Competition Policy) represents the difference between revenue generated from 'rate of return' pricing and revenue generated from prices set by the council in any given financial year.

The overall effect of subsidies is contained within the Income Statement of each reported Business Activity.

### (iii) Return on Investments (Rate of Return)

The Policy statement requires that councils with Category 1 businesses "would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field".

Such funds are subsequently available for meeting commitments or financing future investment strategies.

The Rate of Return on Capital is calculated as follows:

Operating Result before Capital Income + Interest Expense

Written Down Value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 3.07% at 30/6/15.

The actual rate of return achieved by each Business Activity is disclosed at the foot of each respective Income Statement.

### (iv) Dividends

Council is not required to pay dividends to either itself (as owner of a range of businesses) or to any external entities.

Local Government Water Supply and Sewerage Businesses are permitted to pay an annual dividend from its water supply or sewerage business surplus.

The dividend, calculated and approved in accordance with the Best Practice Management Guidelines, must not exceed either:

- (i) 50% of this surplus in any one year, or
- (ii) the number of water supply or sewerage assessments at 30 June 2015 multiplied by \$30 (less the payment for tax equivalent charges, not exceeding \$3 per assessment).

In accordance with the guidelines for Best Practice Management of Water Supply and Sewerage, a Dividend Payment form, Statement of Compliance, Unqualified Independent Financial Audit Report and Compliance Audit Report are required to be submitted to the NSW Office of Water prior to making the dividend and only after it has approved the payment.

## INDEPENDENT AUDIT REPORT Report on the special purpose financial statements

### To Warrumbungle Shire Council

### SCOPE

We have audited the special purpose financial statements of Warrumbungle Shire Council for the year ended 30<sup>th</sup> June 2015 comprising the Statement by Councillors and Management, Income Statement of Business Activities, Statement of Financial Position by Business Activities, and Note 1 to the financial statements. The financial statements include the accounts of the business activities of the Council and the entities it controlled at the year's end or from time to time during the year.

### Councils' responsibility for the financial statements

The Council is responsible for the preparation and fair presentation of the financial statements and have determined that the accounting policies described in Note 1 to the financial statements, which form part of the financial statements, are appropriate to meet the requirements of the Division of Local Government and Council. The Councils' responsibility also includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### Auditor's responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. No opinion is expressed as to whether the accounting policies used, as described in Note 1, are appropriate to meet the needs of the Council or the Division of Local Government. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Council's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the

## Knowledge with integrity

Liability limited by a scheme approved under the Professional Standards Legislation

reasonableness of accounting estimates made by the Council, as well as evaluating the overall presentation of the financial statements.

The special purpose financial statements have been prepared for distribution to the Council and the Division of Local Government for the purpose of fulfilling the requirements of National Competition Policy reporting. We disclaim any assumption of responsibility for any reliance on this report or on the financial statements to which it relates to any person other than the Council or the Department of Local Government or for any purpose other than for which the report was prepared.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### INDEPENDENCE

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.

### AUDIT OPINION

In our opinion, the Special Purpose Financial statements of the Warrumbungle Shire Council for the year ended 30<sup>th</sup> June 2015 are presented fairly, in all material respects, in accordance with the requirements of those applicable Accounting Standards detailed in Note 1 and the Local Government Code of Accounting Practice and Financial Reporting.

### **BASIS OF ACCOUNTING**

Without modifying our opinion, we draw attention to Note 1 to the financial statements, which describe the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the financial reporting requirements of the Division of Local Government. As a result, the financial statements may not be suitable for another purpose.
