20 April 2021 – Round 2 2020/2021			
<p>15. Jason Newton – Wings and Things</p> <ul style="list-style-type: none"> • The event on the weekend was a success even with the weather issues. • The simple idea snowballed with 1500 turning up. • Gate takings were approx. \$8-9k which went to the VRA. • Market stalls did well. • The aeroclub does not benefit financially from this. • Very positive comments from people who hadn't been to the aerodrome before. • Is WSC prepared to discuss having this event again, as Matt Hall is willing to do it again next year <p>GM congratulated Jason for organising the event. Discussions have occurred with DEEDS to explore and contact DPIE for potential event funding going forward.</p> <p>Community member mentioned The Regional Events Acceleration Fund to activate events</p> <p>ACTION: DEEDS to investigate funding and support for another event of this type.</p>	EDS	<p>24.06.21 – Various grant applications will have been submitted including:</p> <ul style="list-style-type: none"> - Activation Funding application, - Regional Touring Funding <p>Liaising with various aviation organisation for 2022 event</p> <p>06.08.21 Emailed stakeholders and event activities for 2022, Wings N Things listed as regional event in brochure.</p>	Completed

28 October 2019 – Round 1 2019/2020			
<p>3. Free WIFI Community member asked if we will see signage put up throughout the available area?</p> <p>ACTION: DCCS to organise Free Wi-Fi signage in available areas Cr Brady suggested data gathering of users like collecting postcodes and other information that can be used statistically. This could include signing in and providing information whilst logging on and this could be a very useful tourism tool and users can opt in or out of information gathering features.</p> <p>ACTION: DCCS investigate options for system sign in page</p>	CCS	<p>Signage has been purchased and delivered. Installation in each town to be done by Technical services staff and most likely be attached to existing street signs or Council owned buildings timeframe for installation to be advised.</p> <p>Discussion taken place with Council's IT Contractor (TRC) to examine options for data collection at sign on. 9.08.21 - IT contractor advise that collecting sign in data is not feasible on system.</p>	Completed
<p>5. New Warrumbungle Region Brochure The map in the new brochure shows no road shown to access the Warrumbungle National Park as well as other important roads that needed to be on there.</p> <p>ACTION: DEDS to address with Economic Development</p>	EDS	<p>Being addressed by EDT Committee. Will be discussed further at next EDT Committee meeting</p> <p>09.06.20 - Waiting for preferred maps to be emailed through</p> <p>22.09.20 - Revote - New brochure redesign. Still waiting for designs to be emailed from CDCs. Was on agenda for September EDT committee, however did not meeting quorum.</p> <p>19.03.21 in progress, will be completed by 30 June 2021</p> <p>24.06.21 – Design completed and sent to print by 30 June. Invoices committed by 30 June</p>	Completed

28 October 2019 – Round 1 2019/2020			
<p>7. Markets in Town Community members suggested that the current markets are dwindling and would be better to move back to the park.</p> <p>ACTION: Manager of Economic Development and Tourism to workshop alternate venues and ideas for movement of the market.</p>	EDS	<p>EDT ACTION for Chamber of Commerce to review Dunedoo's agreement conditions for stall holders not to drive on grass. Development Approval will need to be sought from Council for markets.</p> <p>Matter was discussed by EDT committee. Discussions with Chamber of Commerce occurring</p> <p>22.09.20 – EDT ACTION for Chamber to email Dunedoo to review their agreement addressing driving on grass. Also, to look at alternative locations such as Showground.</p> <p>19.03.21 – Still waiting for Chamber to email Dunedoo market committee and/or response. Showground another possible location for Chamber to follow up</p> <p>23.06.21 – No Chamber of Commerce or 2357 Partnership Committee to discuss with.</p>	Completed

March 2019 – Round 2 2018/2019			
<p>8. Fluoride in Coonabarabran Water Supply Community members raised concerns around the status of fluoride in the Coonabarabran Town Water supply. Issues which were raised included;</p> <p>Why is it taking so long to get this problem resolved?</p> <ul style="list-style-type: none"> • Not enough communication to the public regarding the status of the project/repair. • Who is the specialist consultant that Council is working with to resolve the issue? <p>ACTION: Council will look into release more information to the public regarding the progress of this project.</p>	EDS	<p>Due to the wide spread problems with the fluoridation systems, NSW Health offered support to resolve them. The amount of time it takes is not controlled by Council. NSW Health has engaged Hunter H2O to help resolve the issue, the scope of work for this engagement is summarized below. The consultant advised in October 2019 that task 4a is to 80% complete.</p> <p>Task 4a – Review available fluoridation information Undertake WTP site visits Prepare the scope of works to successfully upgrade the softener, fluoridation system, waste tank and telemetry systems at each WTP site Prepare O&M schedules for each WTP site Prepare contract and technical documents for the renewal of the fluoridation systems Manage tendering, tender assessment and make recommendations for award of Contractors engaged to undertake the works. Co-ordinate the delivery of training, operational support or regular follow-up “health checks” to assist in the operation, maintenance, surveillance and reporting associated with the fluoridation plants. Respond to technical queries and, where reasonable, commercial questions regarding the fluoridation upgrades and the E&IC contracts</p>	Completed

<p>8. Fluoride in Coonabarabran Water Supply (cont) Community members raised concerns around the status of fluoride in the Coonabarabran Town Water supply. Issues which were raised included;</p> <p>Why is it taking so long to get this problem resolved?</p> <ul style="list-style-type: none"> • Not enough communication to the public regarding the status of the project/repair. • Who is the specialist consultant that Council is working with to resolve the issue? <p>ACTION: Council will look into release more information to the public regarding the progress of this project.</p>	EDS	<p>09.06.20 – The scope of works to upgrade each of Councils fluoridation plants has been discussed with the Consultant; the dual tanks design is awaiting Section 60 approval from DPIE</p> <p>25.09.20 – the consultant is now progressing to prepare tender documentation for the design, supply, install, commissioning and training for a two-tank fluoride dosing and electrical control systems at Coonabarabran, Baradine, Coolah</p> <p>18.03.21 – The next stage is to go to tender. Council has received the tender schedules from the consultant. Costs for this phase can be fully recovered from NSW Health.</p> <p>22.06.21 – Council is waiting for written confirmation from Health on the cost reimbursement, which is depending on the cost estimate of the consultant for the overall project; this needs to be known to Health prior to commitment to guarantee sufficient cashflow. Once this is received an update report will be presented to Council as well as the tendering prepared. Warrumbungle Water’s Project Engineer was appointed in May and has been tasked to oversee this project.</p>	Completed
