

Level 3 Water Restrictions

The following updated restrictions on the use of town water in Dunedoo are now in place. These restrictions will be in place until further notice. This notice is given in accordance with *Regulation 137 of the Local Government (General) Regulation 2005*. Your cooperation in complying with these restrictions is appreciated. Failure to comply may result in restrictions or disconnection of services.

Effective Date: 16 December 2019

Type of Consumer & Activity	Restriction
Domestic – target water consumption of 220 litres per person, per day	
Watering of lawns and residential gardens	Microsprays, drip systems and soaker hoses, only between 6:00am and 9:00am and between 6:00pm and 9:00pm every second day as per the odds and evens system.

Irrigation of new turf at non-residential premises	Permitted for one week after laying after which level 3 restriction on watering lawns applies.
Cleaning - exterior	Permitted, but business must prepare WSAP.

ODDS AND EVENS SYSTEM:

This means that if the street number of your property is odd you can water in accordance with the restrictions on odd days.

If your property has an even number you can water in accordance with the restrictions on even days.

If your property has a range of street numbers then it should be treated as odd or even as per the first number in the range. For example if your property is 12-15 Smith Street then you can water on even days in accordance with the restrictions.

If your property has no street number then it should be treated as an even property. For example if your property is "Tara" then you can water on even days in accordance with the restrictions.
