alternative. Baradine Progress Association committed to providing quotes in writing to Council to assist.

### **Communication**

Kerbside collection – feedback was received in relation to the communication regarding the new kerbside collection service. Attendees fed back that the information was communicated in the newspaper and on notices on the Council counter and there was confusion over wording of advice.

New recycling bins – attendees raised concerns regarding communication in relation to the new recycling bins. Members of the community had bins but hadn't received notification and a number of people indicated they didn't have bins.

Email notices – there was a request to email notices to the Rural Transaction Centre and the Community Development Coordinator so they can distribute them and post them up on noticeboards around town. Notices can also be emailed to the Post Office using Ted Hayman's email address. It was stated that half the town doesn't buy the paper so Council needs to get information out in a different way. There was some further discussion about the newsletter distributed with rate notices and whether or not this should be reinstated.

### **Contacting Council**

Questions were asked about the best way to contact Council. It was advised that contact should be made through Council's central phone number.

### **Warrumbungle Shire Council Website**

Attendees again raised concerns about Council's website. People commented that the site is unfriendly and it is difficult to access information. It was requested that information regarding specific issues be provided to Council.

### **Mayor's Bushfire Appeal – 2WCR**

Robert Deans from 2WCR is looking to extend transmission broadcast to Baradine. Baradine Progress Association has been looking for grants to assist with this. Bob Deans needs approval from APRA to install a transmitter and receiver and there was a request for Council to back this application and get coverage in place to improve communications for Baradine. It was decided that Liz Cutts would follow up with the ADCCS, Louise Johnson, and Rob Deans in relation to this.

A representative of the Baradine Showground Trust raised concerns about a letter being sent to Council in relation to this but no information was received. Sources of funding for this works was discussed – including Public Reserves Management Fund.
