Let Us Promote Your Community Events

Let us help you advertise and promote your next incredible community event for free.

“With COVID-19 restrictions easing it has been great to see our region being able to host and plan events again,” said Warrumbungle Shire Council Mayor, Councillor Ambrose Doolan.

“To gain free promotion and advertising for the incredible events our region hosts, submit the details online to Warrumbungle Tourism.”

“By submitting event details to this region wide tourism webpage, events can be advertised and promoted for free, increasing community and visitor awareness and participation,” Cr Doolan explained.

“Events will be circulated and published on the Warrumbungle Region Visitor Information Facebook page as well as the Warrumbungle Tourism Website reaching over 2000 viewers combined,” said Cr Doolan.

“This a great opportunity for community event holders to receive free advertising through a channel that has such a large audience. Jump online and submit your event details now, whether the event is big or small, it is an opportunity not to be missed,” Cr Doolan concluded.

Submit now by visiting www.warrumbungle.nsw.gov.au/tourism/events

Each event is required to have a high resolution image attached. For advice or assistance with uploading or finding images, contact the Coonabarabran Visitor Information Centre on (02) 6842 2141 or coonavic@warrumbungle.nsw.gov.au.
