Community Matters

Gary Andrews

1. Full report on Binnaway sewage.
2. Dead tree in front of pump house camp ground on Warrumbungle way needs removal.

Bernie McBain

3. Sewage plans for the Binnaway township. Total cost of the project. A map of where the holding dams will be located with the elevation on them. Who will be paying for the costs and how the (cost) will be distributed. So a lump sum payment by locals?
4. Is there any projects for Binnaway with regards to the renewable energy projects money. \$120 million and in another 3 years another \$120 million. All of this money seems to be going to (Coolah) and Dunedoo. And surely after the last Dunedoo (saga) we will not go down the same path. We paid (their) legal fees and that was north of \$3 million dollars.
